As a result of a survey made of unpaved sidewalks, along paved streets, we find the following, unpaved:

Amherst Avenue:

Lot 216	Frontage	40'	}
217		40	
218		40	
219		40	
411 Stanford		150	
Boro Property		<u>200 plus</u>	}
		510	

These unpaved walks are all on the one side of the street and since the other side is all paved it appears unnecessary to enforce pavement at this time.

(0)

Ashford Avenue:

403 Wentworth	123.62	}
483 Chalfonte	123.62	
253	30	
255	30	
260	30	
262	30	
263	<u>30</u>	
	397.24	

The first two lots are on one side of street. The others are on the other side of street. If there is sufficient travel along this street to warrant enforcing sidewalk pavement, the smallest length should be taken.

(150)

Bellevue Avenue:

328	30	}
329	30	
	<u>60</u>	

These two lots should be paved.

Bronx Avenue:

457 Center	204.42
------------	--------

Possibly there is not sufficient travel along Bronx to warrant this paving.

Clairmont Avenue:

1247	30
------	----

There is not enough travel in this section to warrant Paving.

Columbia Avenue:

583	50	}
581	40	
580	40	
579	40	
578	<u>40</u>	
	210	

All on one side of street, and since the other is all paved it is questionable whether there is enough traffic to warrant enforcement.

619	47.72
620	41.45
621	40
622	40
623	40
	<u>440.15</u>

These lots are all on one side of street and are against each other. It is the unpaved stretch from Center Avenue to Princeton. Since the other side of Cornell is all paved it is questionable whether these need to be.

Hawthorne Avenue:

1162	35
1166	30
1169	30

1177	30
1178	35
1149	30

All but lot 1147 are on one side of street. It is questionable whether there is sufficient travel to have both sides paved.

Lansing Avenue:

1162 Hawthorne	141.65
1362 Clairmont	<u>126.31</u>

Lots are on opposite sides of street and in different blocks. This street has considerable traffic and possibly should be paved.

537.95

All on the low side of street
Lots marked with an X have an improvement facing Center Avenue.

Lots 1056 and 1047 have an improvement facing Mt. Vernon Ave. All other lots are vacant.

It is questionable whether sufficient travel on this street to warrant paved sidewalk on both sides. The low side has least footage to pave.

551	30
552	30

These lots are all on the low side of the street and since the other side is paved and limited traffic, paving is probably not warranted.

Marquette - Not included in report

Although there is a total of 6538.67 feet of unpaved sidewalks along the paved streets of The Borough, it is believed that much of it need not be paved at this time.

There is, however, 1805.85 feet that should be paved.

Paving costs are about \$2.25 a running foot for four foot walks. The cost of the total job would therefore be approximately \$4063.00. This cost may be higher if the job were to be done piece meal.

February 11, 1947

To The Town Council of The Borough of West View,
West View, Pennsylvania.

Attention Mr. R. G. Ford, President

Gentlemen of Council;

The Board of Assessment, Appeal and Review, of the County of Allegheny has completed its triennial assessment for the years 1947-1948-1949, for property situate in The Borough of West View for tax purposes.

When I received word that the new assessment had been completed, I caused an examination of the assessment records for West View to be made. It has, to me, disclosed startling information,

The total assessed valuation for all land and buildings situate in The Borough of West View, for the year 1947, for tax purposes, is \$8,198,070.00

There are in West View Borough, exclusive of the land comprised by West View Park Company, 3784 lots, which includes 26 undivided lots in the Voeghtly property and approximately 20 undivided lots in the Dr. Foreman, et al, property. 1812 of these lots are improved or have buildings erected on them.

The West View Park Company has the assessed valuation for lands and buildings for the years 1947-1948-1949 of \$159,145.00, made up by the following:

22 Acres of land -----	\$ 21,780.00
10.129 " " " -----	9,900.00
31 lots -----	14,135.00
Buildings -----	113,330.00

The average lot in West View Borough contains 4500 square feet of land, allowing for a street in front thereof and an alley in the rear thereof. Therefore, if the 32.129 Acres of land owned by West View Park Company were divided into building lots, the total of 310 lots would be realized. Consequently the total number of lots owned by West View Park Company would be 341 individual lots.

It is therefore, apparent that the 1812 improved lots which

West View Park Assessment - Page #2.

comprise $47\frac{1}{2}$ percent of all the lots in West View Borough are paying $89\frac{1}{2}$ percent of the taxes. On a lot basis, the land occupied by the West View Park Company is assessed at an average of \$134.00 per lot.

It is my opinion that all of the land occupied by West View Park Company should be assessed for tax purposes on a par with improved property.

The West View Park Company is big business. I am informed that all of the stock of West View Park Company is owned by a holding company known as the T. M. Harton Company. Because of this involved corporate structure, it is almost impossible to determine its net worth or the profit realized from its operation on an annual basis. It would be helpful, I am sure, in reaching a fair assessed valuation of its property for tax purposes if the West View Park Company would disclose its corporate earnings and profits.

This is particularly true when you realize that for the year 1947 the assessed valuation of the land owned by the West View Park Company was not increased in value. The total increase on its assessed valuation was \$3,000.00, which was placed upon either amusements or buildings. By comparison, the Board has increased the assessed valuation of some of the residential properties in our Borough, used exclusively as a home, as much as three thousand dollars. The home owner is being penalized as shown in the following schedule:

	<u>Assessed Valuation</u>	<u>12 Mills Taxation</u>	<u>Tax Per Per lot</u>
West View Park Co - 341 lots	159,145.00	1,909.74	5.60 plus
Unimproved lots in Borough - 1972 (approx. Ass. Val - \$350 ea)	690,200.00	8,282.40	4.20
Improved Lots in Borough - 1812	7,348,725.00	88,184.70	48.66 plus

West View Borough is essentially a residential area and the West View Park Company should be required to pay for its fair share of maintaining the cost of government.

A comparative analysis of taxes conclusively indicates, in my opinion, that it is not paying its fair share of the tax load. On a basis of an assessed valuation of \$8,198,070.00, with the Borough tax millage set at 12 mills, the total Borough Taxes for the year 1947 will be \$98,376.84. Of this sum \$1,909.74 will be the tax bill for the West View Park Company. In other words, the West View Park Company is paying 1.9 percent of all the Borough taxes. If we consider the 341 lots of the West View Park Company as improved and add to the total number of lots on which dwellings or business properties are erected, there are a total of 2153

West View Park Assessment - Page #2

improved lots in The Borough of West View, of which the 341 owned by the Park Company is equal to 16 percent of improved lots. The Park Company, therefore, on 16 percent of the improved lots is paying less than two percent of the Borough taxes.

I have read the Act of 1939, which relates to the method of assessing lands in Allegheny County for tax purposes. It is my opinion that The Borough of West View, in behalf of every home owner, owes a duty to file exceptions to the assessed valuation of The West View Park Company. If the assessment of the Park Company is increased, as in my opinion it should be, the home owner would not be required to pay an unfair share of the Borough taxes. Furthermore, if West View Park Company were required to pay its proper share of the taxes, we would have additional funds with which to make needed improvements in our Borough.

Accordingly, I would respectfully request the Town Council to direct its Solicitor to file exceptions to the assessed valuation of The West View Park Company for the years 1947-1948-1949 with the Board of Assessment, Appeal and Review, of The County of Allegheny, with the hope that this injustice may be corrected.

Very truly yours,

(Signed) Elton J. Baker,
Burgess,

re: West View Park Assessment

Dear Sir:

It was my understanding, at the conclusion of our conversation on Monday night, May 12, 1947, that you or Mr. George Harton, President of the West View Park Company, were to write me a letter authorizing our appraisers to make an appraisement of the West View Park Property in West View Borough during the present month. As yet I have not received that letter.

While it is our desire to cooperate with you since we recognize this is the busiest season for the West View Park Company, we do feel that we should have our appraisements made promptly. Will you kind advise me by return mail when we can arrange to have our appraisers inspect the premises?

Very truly yours,
CARL BRANDT."

Dear Mr. Brandt:

I am very sorry for the delay in answering your request to permit Mr. Ackley to make an appraisal of the West View Park property, but the delay has been due to my failure to make arrangements so far for an appraisal to be made by an appraiser of our choosing at the same time that your appraisal is made. I expect to have matter arranged within the next few days and will then advise you as to the conditions relating to our appraisal. As I explained to you in our conference, we cannot afford to be prejudiced in any way by our failure to have an appraisal made on our behalf.

Very truly yours,

HENRY A. BERGSTROM".

Dear Sir:

Your letter of May 28, 1947, is acknowledged. This is to inform you that unless an agreement is reached before June 10, 1947, on a date when an inspection can be made by our appraisers, we shall be compelled to present a Petition for a Rule to show cause why our appraisers should not have an opportunity to examine the premises to make an appointment

Very truly yours,
CARL BRANDT."

Dear Mr. Ford:-

I am enclosing herewith a copy of my letter dated May 21, 1947, addressed to Henry A. Bergstrom, Attorney for West View Park Company, regarding the fixing of the time when our expert appraisers could make an inspection of the lands, buildings and other taxable facilities of West View Park, in connection with the exceptions filed by the Borough. I also enclose herewith Mr. Bergstrom's letter dated May 28, 1947.

Finally, you will find a copy of my letter dated May 29, 1947, addressed to Mr. Bergstrom advising him that unless arrangements are made for the inspection of the Park Company's facilities by our appraisers before June 10, 1947, that I would be compelled to present a Petition to the Court for a rule to show cause why our appraisers should not have an opportunity to examine the premises. These proceedings have caused considerable comment in the Borough and have aroused a great deal of interest. I felt that I should make accessible to the Borough, copies of my correspondence so that the official family as well as the taxpayers of The Borough would be familiar with the status of the proceedings.

Very truly yours,
