- Borough Council  
Borough of West View  
West View, Pa.  
Dear Sirs:  
It is with a feeling of deep gratitude that I extend my sincere thanks for the cooperation, genuine help and many kindnesses tendered me by the Members of Council during my term as Councilman over the past four years.  
While it was not always possible to agree wholeheartedly on every issue, it is, I feel, a demonstration of the true spirit of this Country to give due and careful consideration to every side of a problem and then act in the best interests of the Community as a whole.  
These associations over the past four years have been a very pleasant and heartwarming experience for me. I would consider it a privilege to be of assistance at anytime the Council may call upon me.
- Sincerely yours,  
Signed Wm. F. Kallenbach."

RESOLUTION NO. 586

WHEREAS, it is necessary that the bonded indebtedness of THE BOROUGH OF WEST VIEW, Allegheny County, Pennsylvania, be increased by the amount of Thirty-five Thousand (\$35,000.00) Dollars for the purpose of opening, grading and draining Center Avenue between Bellevue Avenue and Township Road; erecting and constructing a building for the accommodation of No. 3 Company of West View Volunteer Fire Department and for the further purpose of funding floating indebtedness in the sum of Eleven Thousand (\$11,000.00) Dollars heretofore incurred in the acquisition of property and in the making of permanent improvements.

NOW, THEREFORE, BE IT RESOLVED, and it is hereby resolved, SECTION 1. That the bonded indebtedness of THE BOROUGH OF WEST VIEW, Allegheny County, Pennsylvania, be increased in the sum of Thirty-five Thousand (\$35,000.00) Dollars for said purposes by an issue of general obligation bonds of the denomination of \$1,000.00 each, dated June first, 1952, and maturing in the order of their number as follows: - Two bonds, \$2,000.00, on June first, of each year, 1954 to 1970, inclusive, and one bond, \$1,000.00, on June first, 1971.

Any or all of the bonds of this issue numbered from 9 to 35 inclusive, shall be callable and subject to redemption at the option of the Borough on June 1, 1957, or on any interest payment date thereafter in inverse numerical order at part and accrued interest on notice to the holders thereof.

Said bonds shall bear interest at a rate to be determined after acceptance of the best bid therefor and shall be payable free of all taxes (except gift, succession or inheritance taxes) levied pursuant to any present or future law of the Commonwealth of Pennsylvania.

SECTION 2. The Secretary is hereby directed to advertise the said bonds for sale according to law, bids to be opened at a meeting of the Borough Council to be held June 10, 1952, and the Solicitor is directed to prepare the necessary proceedings and to retain the law firm of Burgwin, Churchill, Ruffin & Hazlett of Pittsburgh, Pennsylvania, to examine the proceedings and issue an approving legal opinion to the successful bidder.

Discussion of the Grade for hard surfacing Marquette Road at the Meeting of Council on June 10, 1952:

W. T. Corbett spoke for a group of the residents of Marquette Road as follows:

He advised that the residents on the low side of Marquette Road entered into a contract for the installation of a curb along their properties. Before the work was begun, they requested of the Borough Manager, the line and grade of Marquette Road and he gave it to them, using the established grade.

Mr. Corbett further stated that because one of the residents on the high side of Marquette Road would be affected by the change from the travelled grade to the established grade, the work of installing the curb has been stopped three times. It is his opinion, (Mr. Corbett's) that the improvement on the street should be at the established grade and to the full width of 25 feet even though it does affect the residents of the high side. He believes that the Borough has been dilatory in allowing houses to be built on Marquette Road that do not conform to the grade levels.

Councilman Kress offered a motion that the Borough Manager be instructed to by-pass Marquette Road, move the equipment onto Lakewood Avenue and proceed with the improvement there until such time as a decision can be reached by the residents of Marquette Road.

Councilman Kress explained that if they put in the curbs at the established grade when the hard surfacing goes in, the curbs will be lower than the street.

Mr. Corbett said you could not put this improvement on the travelled grade without damages.

Mr. Love, a resident of the high side of Marquette Road, then spoke, advising that in order that Council get a clear picture of the situation, if they cut that road 25 feet wide, there will be a drop at his ribbons of 34 inches. He then asked if this improvement which is going in is a temporary job or a permanent job, and if the work is put in at the established grade, who is responsible for the damages?

Mr. Kress answered by saying that since it is not a permanent improvement and no assessment is being made, no damages can be claimed.

Mr. Love said that he thought if they are going to change the grade to the established grade, the property owner should be assessed for the improvement and damages should be assessed against all the owners.

Quoting Mr. Love - "I came down here to ask for help."

Carl Brandt:- "The grade of a street is something like our children, we take them as we receive them, and the grade on Marquette Road is an established grade. I would presume that the person of average intelligence builds his house or has it built to conform with the established grade. Ted made the remark that the Borough has been dilatory in not requiring the houses to be built to the established grade. We have no control over that. If you want to build your house five feet below the grade or five feet above the grade, that is up to you. We can control that you conform to our building lines and that the house is built of such construction as to comply with the building code.

"From your words, and confirmed by the Borough Manager, if Marquette Road is graded to the established grade, you find yourself with a drop off of 34 inches and you asked if there wouldn't be damages. That is not the law. It is only when we conform to the grade that we are not liable for damages. If we improve the street, so long as we go to the established grade, no one can claim damages from the Borough. There is a fine point here. That would certainly be true if we went in and assessed benefits.

"Three years ago, when we met with the property owners on Marquette Road, Mr. Graham took the length, width and square feet of the street, telling you that if it is improved with concrete, it would cost you so much, if it is black top, it will cost so much. My recollection is that the cost of the concrete was objected to as being too expensive. We finally ended up with Improved Maintenance. An offer was made by the people of Marquette Road to pay for this work and the Borough declined for the reason that this type of work is improved maintenance and not a permanent improvement and we did not feel we could accept any contribution or aid in the improvement.

"I am familiar with the hardship upon you. I know Carl Jenney, with whom you have your contract as individual property owners.

"The Borough cannot change the grade of the street without being liable for the damages unless each abutting property owner be advised and agree. They cannot change the established width of the road or change the dedication of the street contained in the recorded plan.

"As late as last Saturday morning, I dictated to the Borough Secretary, a form of agreement. I think you ought to be able, with the advice of the Borough Manager, who is a registered, recognized engineer, that if this change of grade is going to work a hardship upon you, then certainly among people like yourselves, there ought to be a compromise. If all of the property owners will agree to the new grade to conform more particularly to the property that abutts on Marquette Road and do the least damage to the greatest number, that is what you ought to do.

"Due to the circumstances, I can hardly blame Mr. Kress for his attitude tonight. Here we are, on the threshold of doing the work and you cannot agree. The Manager tells me that he can work out an amended grade that would more particularly conform to the topography of the land. If he prepares the plan of that grade and all of you people will accept his services, which are given you, of a registered qualified engineer, - if you can accept that and agree to waive damages, the work can be done. If you do not, you will find yourselves in the position of watching the train go by."

Mr. Brandt then directed the following to the Borough Manager: "If you draw the profiles of the travelled grade, the established grade and the recommended grade, and if they will agree to the recommended grade, can you go ahead and proceed with the improvement?"

Mr. Marsh answered by saying, "It is impossible to get a level which will be level with the porches on the low side and be 25 feet wide and still allow use of the driveways on the high side."

Mr. Adrian Supple said he wanted to ask two questions with reference to the petition. One is do they have to get the signatures of the owners of the vacant lots. The answer is yes.

Mr. Supple then advised that a month before they knew about the street, they thought it would be a good thing if they had the curbing in so that the new road could be pressed in. They had no idea how far down or how high it would be. They went ahead with it with Mr. Marsh knowing about it. He had told them it would be well to put the curb in and then the street could be pressed into it. Mr. Supple went on to say that they did not want to put the curb in to block the street improvement.

Mr. Jenny stated that he had the contract for the curbing and before he got the contract, the owners made him agree to finish by the 10th and he thinks someone ought to find out what they are doing. "I have a street opened and have to light lanterns every night, which is costing me money. I don't want to be putting lanterns on for two months while someone is trying to decide something that has already been decided."

Mr. Ford replied to Mr. Jenny - "That is a matter between you and the people you have the contract with; The Borough does not enter into it. We have to iron it out with the property owners as to what they want on this grade so there will be the least amount of damages for the people on the high side and the low side."

Mr. Love stated as follows: "Mr. Marsh intended to put the street in at the travelled grade and Mr. Marsh, Mr. Kress and the property owners agreed on the travelled grade last fall. Last Saturday morning, these people told Mr. Marsh to drive the road to the full 25 feet width. I would like this made a matter of record."

Mr. Jenny - "When Mr. Marsh came over and we went over the pins and checked them, he told me he was going to take the cut off the top and that would be the established grade and that he could not make the cut without going down to the established grade."

Mr. Kress - "In order to bring this thing to a head, let us move our equipment to Lakewood Avenue until we can satisfy the majority of the people and then see what can be done."

Mr. Fringe: - "We agreed to compromise and the petition was to be made out, but one member of the high side said he would refuse to sign the petition. How far can the low side go? We agreed, he backed away. We said 'All right', what do you want?" "Mr. Marsh put on new levels on Saturday and the Member who started the complaint refuses to sign the petition. Meantime, my driveway is not usable. I have a new car and it has not been in the garage yet. The Borough advised Mr. Jenny the established grade. If the man who registered the complaint will not sign the petition, the only thing we can do is fill the ditch. But the ditch has been dug and the fill has been hauled away. If the people on one side are willing to compromise, then the ones on the high side should do the same. Meantime, I have an 18 inch ditch in front of my place and it was established by your Borough Manager. I did not establish

that ditch or Mr. McArdle."

Mr. Love - "When I agreed, he never intended to drive the road 25 feet. They asked him to drive the road 25 feet."

Mr. Corbett - "I think we should adjourn and try to work out something in this matter."

#### RESOLUTION NO. 599

WHEREAS, the 1951 session of the Legislature of Pennsylvania enacted into law an act which authorized the Governor of the Commonwealth of Pennsylvania to appoint a fourteen member Metropolitan Plan Study Commission for Allegheny County to investigate the feasibility of such a plan and to submit their findings and recommendations to the 1953 session of the same; and

WHEREAS, the Governor, pursuant to such authority vested in him, appointed a fourteen-member commission to make such study and recommendations; and

WHEREAS, a Metropolitan Plan has been submitted on two occasions and defeated by the people of Allegheny County at duly constituted elections; and

WHEREAS, the creation of a Metropolitan Plan would vest in a few officials, far removed from the local communities, broad and extensive powers; and

WHEREAS, the creation of a Metropolitan Plan would destroy local autonomy and home rule, and encourage inefficiency in office and the neglect of the solution of local problems.

NOW, THEREFORE, BE IT RESOLVED BY THE TOWN COUNCIL OF THE BOROUGH OF WEST VIEW, IN REGULAR SESSION ASSEMBLED, AND IT IS HEREBY RESOLVED BY AND WITH THE AUTHORITY OF THE SAME:

FIRST: That the Town Council of the Borough of West View, record its unqualified opposition and objection to the creation of a Metropolitan Plan for the County of Allegheny.

SECOND: That the Town Council of the Borough of West View record its unqualified opposition and objection to any recommendations or suggestions which the said Metropolitan Study Commission of Allegheny County might make to the 1953 session of the Pennsylvania Legislature.

"November 7, 1952

State Route 02211

L. J. Curran, District Engineer,  
Commonwealth of Pennsylvania  
Department of Highways,  
Wabash Building, Pittsburgh, Pa.  
Dear Mr. Curran:

The Town Council of The Borough of West View, after considering the proposed extension of State Route 02211, connecting the Ohio River Boulevard with Perry Highway at Highland Avenue in The Borough of West View, has requested me to advise you of its objection to the proposed extension.

The Borough of West View objects to the extension because:

FIRST: The Borough of West View in conjunction with the County of Allegheny by a Bond Issue approved by the electors of Allegheny County, proposed to improve Center Avenue in the Borough, through Ross Township and connecting onto Balph Avenue in Bellevue, which will serve as a connecting highway between the Ohio River Boulevard and the Perry Highway. Therefore, this proposed improvement would constitute nothing more than a duplication of a connecting road between these two points.

SECOND: Highland Avenue in the Borough of West View as now located and improved is wholly inadequate in width to accommodate any substantial amount of vehicular traffic.

THIRD: Highland Avenue is not only limited in width, but also follows the natural terrain of the ground and therefore results so that the grades on the road are subject to wide fluctuations.

FOURTH: Highland Avenue has sections where the sidewalk is directly adjacent but several feet below the roadway. The majority of children attending the Highland Avenue Elementary School travel this walk to and from school. Any substantial increase of vehicular traffic is going to create a very hazardous and dangerous threat to the life and safety of these children.

If the proposed extension is completed, it will result in the creation of a "bottle neck" in traffic at the intersection of Highland Avenue and the Perry Highway, which is already being surcharged by the normal local vehicular traffic.

The intersection of Perry Highway at Center Avenue, by virtue of the width of these two intersecting streets will afford a much larger and safer intersection.

The Borough feels that before final plans for Route 02211 are completed and adopted, consideration should be given to the objections to the project as described herein.

Very truly yours,  
s/ Walter J. Baker,  
Burgess,  
THE BOROUGH OF WEST VIEW.

Honorable Raymond Wilt  
Honorable Thomas P. Geer."

#### RESOLUTION NO. 605

WHEREAS, title to Lot No. 1133 Hawthorne Ave., formerly of Samuel Davidson, became vested in the Borough of West View, School District of West View and the County of Allegheny after Sheriff's Sale; and

WHEREAS, after due advertisement and receipt of sealed bids for the sale of said lot, the Borough of West View, et al., executed a deed to the highest bidders, Edward and Irma M. Schillinger, on September 25, 1952; and

WHEREAS, said lot is assessed at \$250.00 for 1952, and the full face amount of the Borough tax due thereunder is \$3.50; and

WHEREAS, settlement of said conveyance was made as of November 28, 1952, and purchasers are therefore liable for 1 month of the 1952 Borough taxes; and WHEREAS, the said Edward Schillinger, et ux., have agreed to deliver to the Solicitor their check in the amount of \$0.29, made payable to Florence C. Reed, Tax Collector, representing payment of their prorated share of the 1952 Borough taxes;

NOW, THEREFORE, BE IT RESOLVED AS FOLLOWS:

SECTION 1. That the Tax Collector be and she is hereby authorized, empowered and directed to accept payment from Edward Schillinger, et ux., of \$0.29 representing 1 month of the 1952 Borough taxes on Lot No. 1133 Hawthorne Avenue, assessed to West View Borough, et al., and further, that the Tax Collector is hereby exonerated from the collection of the balance of said tax, namely the difference between the prorated share to be paid hereunder and the full amount of the tax.

SECTION 2. Any resolution or part of resolution inconsistent with this resolution be and the same is hereby repealed.

#### RESOLUTION NO. 606

WHEREAS, there is need for additional public parking facilities within the Borough to accommodate the people of the Borough; and  
 WHEREAS, E. R. Derr is the owner of parts of Lots 110, 111 and 112 in the Schwitter West View Plan at the interesection of Center Avenue and Bellevue Avenue, in The Borough of West View, which he is willing to make available to The Borough under a written lease for off-street parking; and

WHEREAS, The Borough is willing to improve the said lots provided the same can be used by the public for off-street parking for their service, accommodation and convenience;

NOW, THEREFORE, BE IT RESOLVED BY THE TOWN COUNCIL OF THE BOROUGH OF WEST VIEW, in Special Session Assembled, and it is resolved by and with the authority of the same:

First: That the proper officers of The Borough of West View be and the same are hereby authorized, empowered and directed to enter into a lease with E. Robert Derr for a part of lots 110, 111 and 112 in the Schwitter West View Plan of Perrysville situate at the intersection of Center Avenue and Bellevue Avenue for a term of one year, commencing December 23, 1952, and ending December 22, 1953, at an annual rental of One Dollar; (\$1.00).

Second: In consideration of the demise of such premises as a public off-street parking area, the Borough agrees to improve the same so that

it may be used by the public as a parking area.

Third: That either party shall have the right to cancel the lease at any time after June 22, 1953, by giving the other party thirty days' notice in writing as to their intention.

Fourth: That the Borough agrees to maintain the area in good condition for the term of the lease.

Fifth: That the Borough assumes all liability for personal injuries or property damage caused by said use of the property as a public, off-street parking area.

All Resolutions or parts of Resolutions inconsistent with this resolution are hereby repealed.

Adopted this \_\_ day of December, 1952.
