Reports of Officers

Motion by Mr. Cully, seconded by Mr. Richey, that the Reports of the following Officers be received and filed:

Mayor, Treasurer, Chief of Police, Chief of Fire Dept., Secretary, and Manager. The Solicitor defers until later in the meeting.

Motion carried and so ordered.

Mr. Winner, Borough Manager, added verbally to his report the following:

Prior to this last snow, complaints were received about icy sidewalks. Mr. Winner advises he contacted about twelve residents and notified them. In some cases, they were elderly women whom Mr. Winner would not like to force to dig the ice. We have an ordinance to control this condition. In some cases, when we plow snow, we throw it up on the sidewalks and before signing informations, Mr. Winner wants to be sure the responsibility is not the Borough's.

Mr. Hurley advises he spoke to Mr. Winner and naturally we want to enforce our ordinances, but if we begin to do so, we will have to go across the board.

Mr. Love asked if the residents are familiar with the ordinance.

Mr. Winner proposes a letter to all the taxpayers stating the ordinance and what it is about.

Mr. Love believes such a letter should be sent, but so far as an eighty year old woman, Mr. Love agrees with the Manager.

Mr. Winner took care of some of these places last year, but, again, if we do it for one, they all want this service.

Mr. Cully suggests since this is an unusual condition at the present time, perhaps we should consider the people and take care of the letter during ordinary times so no one will feel they are imposed on during this period.

It is suggested that the local newspapers give some publicity to let everyone know what they are to do about the snow on sidewalks and try to get as much cooperation as possible. People who could remove the snow from sidewalks, but refuse to do it, we may have to go after them.

Mr. Powell suggests that in the letter, we should let the people know that by throwing the snow onto the streets, it is creating a fire hazard. Many places the equipment could not get through after the snow is thrown onto the streets.

In RE: the Building Permit for the apartment building on Center Ave to be erected by Wunderly-Weston Agency, Inc., Mr. Ketter was injured and was unable to be here to explain about the parking.

However, the parking is to be in front of the building.

Mr. Duncan asked if it were not Council's intention that parking be in the rear of the building rather than in front.

Mr. Winner said the contractor intends starting at this time and wants the building finished by May 1, 1964.

Mr. Weston, who was in the audience, explained about the reason for the parking in front of the building.

Mr. Duncan advises he does not like the idea of parking cars in front of the building on Center Avenue. He states we have a parking problem everywhere and we have tried to control it by requiring off-street parking.

Mr. Hurley asked for an expression from Members of Council.

Mr. Freese said his objection is the parking of cars in front of the building. Otherwise, it would be all right.

Mr. Love says it is not on the street parking, he has not too much objection.

Mr. Cully says there is nothing in the ordinance against the building, so there is nothing we can do. Since it is off street parking, there is nothing Council can do.

Mr. Powell is 100% in favor of the building.

Mr. Richey says it violates what we have been trying to do for the past six years, but it is on a commercial lot and he does not see what we can do but issue the permit. However, Mr. Richey takes exception to the remark made by Mr. Weston that this is not a desirable lot. It will be standing a long time and the building is not anything to be proud of. He does not think it will do much for the Borough.

Mr. Powell states we have a super market with cars parking in front, and so long as it is off street parking, what is the objection?

Mr. Hurley says the majority of Council seems to be inclined to think the same way, and so takes it from the explanations, Council will allow the permit.

Committee Reports

FINANCE COMMITTEE - Mr. Duncan, Chairman, explains he has been out of touch for a while but one thing he would like to mention is the nice balance in the treasury at the end of the year. He voiced special commendation due the Manager and Secretary for having kept a close tab on the finances.

Mr. Duncan said the Recreation Committee is to be commended on providing the skating at the Bronx Field - it has been used a lot and we are all happy about it.

PROPERTY & PURCHASE COMMITTEE - Mr. Cully, Chairman - No report

PUBLIC WORKS DEPARTMENT - Mr. Freese, Chairman - Mr. Winner covered the report for the Public Works.

POLICE & PUBLIC SAFETY COMMITTEE - Mr. Love, Chairman - No report

FIRE & WATER COMMITTEE - Mr. Powell, Chairman - reports Jack Wirtz operates a Market at Princeton & Center Avenues. Beside his store is the Tiny Spot Laundromat and he is in fear of his children sleeping there at night. He says if the owner does not do anything about it, he is going to take it to the Allegheny County Fire Marshall. This matter is tabled until Council gets more definite information. Mr. Powell says No.3 Company requests 6 Firemen's Raincoats, three large and three extra large. He says they requested them a year ago and never received them. This is the first time Council has heard of this request.

Mr. Powell spoke in RE: Martsolf Avenue. The new Fire Engine will not be able to get through, especially during a snow, with cars parked on both sides of the street.

Mr. Benson, Mayor, says this condition has been in effect for fifty years, but Mr. Powell says the new truck is wider than the old one. He says the Fire Chief would like to see Martsolf Avenue have parking permitted on one side only, and there are several other people who think the same way.

Mr. Benson said the people of Martsolf Avenue should get up a petition to determine on which side of the street they want parking if they want it only on one side.

PUBLIC RELATIONS COMMITTEE - Mr. Richey, Chairman - no report on Public Relations but on

RECREATION.- The ice skating has been successful. Also, we seem to have better success in the winter than in the summer (Speaking in RE: the building at Bronx Avenue). The Recreation Committee has not made any recommendation as to what to do with the building, but will do so later.

Under Recreation, Mr. Hurley says we have not spent too much money for our children and the Little League comes under this. Council should try to make their contribution \$500 this year. Mr. Richey suggests reserving action on this until the Budget Meeting tentatively set for January 21.

Mr. William Fost, Martsolf Avenue, spoke about the parking problem on Martsolf Avenue.

Mr. Fehl, Park Avenue, complained about the parking too near Park Avenue on the Highway making it difficult to pull out from Park onto the Highway, and also about the icy condition of State Alley from Hawthorne Avenue to Ridgewood Avenue.

A group of mothers from the Mothers Club at the Highland School complained about the icy sidewalks on Highland Avenue.

Mrs. Sally Foster, Chalfonte & Montclair Avenue, wants to know how to go about having 1-way traffic on Montclair & Chalfonte Avenues on Sunday only.

Harold Dreves, 81 Brightwood Avenue, questioned about the Manager's report that his curb is $14\frac{1}{2}$ to 15 inches out on the street, when the Surveyor, Mr. Tait shows his report that the curb is on the line.

Old Business

None to come up.

The following letter was received:

"To Whom It May Concer:

This is to inform you that we left West View as of June 27, 1963, and up until that time I was a student at the University of Pittsburgh and did not have any income. At this

time I would like to tell you how much we appreciated the conveniences of West View. We found that we received our just return for the amount of taxes we paid to the Borough. Although we did not have any children attending the school system, we enjoyed the street cleaning and regular rubbish and garbage collection. We have not found this complete service any other place that we have lived.

Sincerely,
s/ William E. Peters,

State College, Penna 16801."

Board of
Health

Motion by Mr. Freese, seconded by Mr. Cully, that William J. Abt be appointed a Member of the Board of Health for a five year term, to succeed himself, said term to expire December 31, 1968. Motion carried and so ordered.

Authority
Board

The following letter is received:

"1720 Guava Ave
Eau Gallie, Florida
January 7, 1964

Town Council of The Borough of West View
540 Perrysville Road
Pittsburgh, Pa. 15229.
Gentlemen:

It has been my privilege to be a member of the Board of The Municipal Authority of The Borough of West View for the past several years. During that period, I have devoted myself wholeheartedly to the tasks of the Authority as I felt that it was a project which benefits the Borough of West View and all of the citizens of the surrounding communities. I found the other members of the Board and the staff of the Authority a most dedicated group with their sole aim to improve the services of the facilities of the Authority.

Due to family conditions, it has become necessary that I spend at least a major portion of my time away from the Borough of West View. In view of these circumstances, I feel it desirable that I retire as a member of the Board. I accordingly herewith tender my resignation as a member of the Board, effective immediately. I appreciate most sincerely the cooperation which I received as a member of the Board from the Council of the Borough of West View as well as all of the Borough Officials. It was always a source of confidence to the Board members to know that they had the wholehearted support of the official family of the Borough.

Although I will no longer be a member of the Board, I would consider it a privilege at any time to offer my services in any manner possible in any way in which my experience may benefit the Authority.

Respectfully yours,
s/ R. Emery Shaffer."

Motion by Mr. Freese, seconded by Mr. Powell, that the resignation of R. Emery Shaffer as a Member of the West View Authority be accepted.

Carried and so ordered.

The Secretary is directed to address a letter to Mr. Shaffer thanking him for his many services to the Borough, including the Authority.

Motion by Mr. Duncan, seconded by Mr. Freese, that Walter J. Baker be appointed a Member of the Authority to fill the unexpired term of R. Emery Shaffer.

Mr. Duncan says he feels the importance of this job and for quite a while has been trying to locate some person who would be fitted and give some time to it, as well as a knowledge of it and a resident of the Borough, and Mr. Baker was in Council when the Authority was formed and helped to put it on it's feet.

Roll Call - Ayes: Messrs Cully, Duncan, Freese, Love, Powell, Richey and Hurley. Nays: None.

Carried and so ordered.

1964 Budget Mr. Duncan, Chairman of Finance, asked if there are any special requests or any information pertinent to their Committees, the Finance Committee would like to know about it prior to the Budget Meeting. This information helps to know what will come up regarding the Budget.

Review of 1963 Mr. Hurley stated he thinks Council has had many achievements during 1963; first we ordered a new fire truck at a cost of \$25,000.00 which is soon to be delivered, and for which the Fire Department is sharing the cost, purchased two new police cars, granted increases in salaries and wages to employees, improved approximately 12,382 lineal feet of streets, (15,922 square yards); took on a new project for the children to be taken to the North Park Pool by bus, which program will probably be carried out again in 1964, since it was so successful. These things have been accomplished without any increase in tax millage, which Mr. Hurley thinks is quite low.

Mr. Hurley further said he wants to commend Members of Council for these achievements and to thank them for their help and cooperation.

Adjourn Motion by Mr. Powell, seconded by Mr. Duncan, that Council adjourn. Carried and so ordered at 9:35 PM.

Motion by Mr. Duncan, seconded by Mr. Love, that the Reports of the following officers be received and filed:

Mayor, Treasurer, Chief of Police, Chief of Fire, Secretary and Manager. The Solicitor defers his report until later in this meeting.

Mr. Winner added the following verbally to his report:

There has been some sewer trouble at 611 Center Avenue, and it was necessary to hire a high-lift to get it open. It is now open. In RE: the alteration of the door at #1 Engine House, we have received three proposals.

Motion by Mr. Freese, seconded by Mr. Duncan, that the proposals to alter the door at No. 1 Engine House be opened.

Committee Reports

- FINANCE COMMITTEE - Mr. Duncan, Chairman. Motion by Mr. Duncan, seconded by Mr. Love, that \$1,000.00 be transferred from the General Fund to the Sinking Fund, for March 1, 1964, obligations. Carried and so ordered.

PROPERTY & PURCHASE COMMITTEE - Mr. Cully, Chairman. No report.

PUBLIC WORKS COMMITTEE - Mr. Freese, Chairman, report covered by Mr. Winner.

Page #3 - Feb. 11, 1964

POLICE & PUBLIC SAFETY COMMITTEE - Mr. Love, Chairman, no report.

FIRE & WATER COMMITTEE - Mr. Powell, Chairman, read a letter from the Fire Department regarding the dismissal of Richard Wieseckel. Also, Mr. Powell reports Mr. Butler from Company #2, reports there are two windows at No. 2 Engine House that require repairs, he was afraid that during the last storm, they were going to blow out.

In RE: Mr. Wieseckel - Mr. Hurley says Mr. Winner has the "hiring and firing" of the Custodians. He has made his decision and Mr. Hurley will not reverse that decision. That power comes under Mr. Winner's jurisdiction. Mr. Hurley does not believe that any Councilman wants to make trouble for anyone, but this individual has been told about his duties and apparently paid no heed to the warnings. For that reason, the Borough Manager will not change his decision. Mr. Hurley, says, like the rest of Councilmen, he does not like to see any misfortune to any person, but Mr. Winner gets all the complaints and a man with responsibility without authority might just as well not be in that position. Any Councilman wishing to express himself, it is up to him.

Mr. Love said the Borough Manager has been given the authority of hiring and firing, and if it is a matter of the Borough Manager and this man, he would not want to see us lose the Manager, but he wants to go on record that the procedure is wrong. He continued, when you are dealing with a man with long service, and if he has not done his job well and nothing done about it until now, Mr. Love thinks in this day and age, in any business, the way to handle these things in personnel is to warn him, or suspend him, and carry it on his record. Then if he does not do better, dismissal is in order. Mr. Winner has warned this man many times, and the man himself has admitted that he was warned and he is now appealing for consideration. In the Borough, this comes under the Public Works Department and we have a Chairman. The matter should have come to his attention. When you are taking a man's livelihood, it ought to be referred to committee for decision, before he is dismissed. There has been some misunderstanding and the people in this room do not know the derelictions of this man, who admitted to them. In the future, Council should know about these things.

Mr. Hurley says he concurs in some of the things Mr. Love said, but that he will not interfere and does not think any of the Members of Council want to interfere with the Manager. He has been given the power.

Mr. Hurley says, however, Mr. Love's suggestion of keeping a log and giving a warning and if it continues, to take real action, is in order. This decision has been made by the Borough Manager, and Mr. Hurley will not prevail upon him to reconsider.

PUBLIC RELATIONS COMMITTEE - Mr. Richey, Chairman, absent due to illness.

Page #5 - Feb. 11, 1964

everyone will want the library to be in their community. The proper location would be one that is most convenient for all concerned.

Personally, Mr. Hurley thinks it is too costly for our taxpayers. If Council has studied the report you received, it is at it's discretion if the Borough shall proceed. If interested, it will be in order to have the Secretary write to Mrs. Strang and let her know who will be the Borough's Representative. Mr. Hurley spoke with Mr. Schran of Ross Township, and he is not too enthused. He did not express himself too much, but their trouble would be, the location. They have a population over near Bellevue, and those people can use that library. His lack of enthusiasm convinced Mr. Hurley they are not too much interested in the project. With Ross population, it will be a very heavy outlay.

Mr. Love asked if it would obligate us financially if we attended the meetings to pursue it further.

Mr. Hurley does not think so and Mr. Love says it will not hurt to investigate. Mr. Hurley says if Council wants to, he will attend the meeting on February 25. He thinks Mr. Richey would be the proper person to be the Borough's Representative. However, while he is confined to his home, Mr. Hurley will be glad to go and get what information is available.

Unfinished Business

Mr. Hurley asked Mr. Benson if anything has been done in regard to making Martsolf Avenue 1-side parking only. Mr. Benson said a survey has been made and a copy of the results given to Mr. Hurley, and Mr. Love. Mr. Hurley says if the fire engine cannot get through with parking on both sides of the street, perhaps something should be done. Mr. Benson reports that parking will be prohibited on the left hand side of the street from Ridgewood Avenue to Fairview Ave. as of Feb. 15, or as soon as the signs are erected.

Municipal Authority

Mr. Hurley read a letter from Walter J. Baker, thanking Council for his appointment to the Authority.

Skating Areas

Mr. Cully would like to look into getting some spots where there are vacant lots that could be used for ice skating in different sections of the Borough.

His reason for asking is he believes we can get poles now, place them on these lots, build them up with asphalt and be ready for next year.

Buses for Swimming

Mr. Love will check into the availability of buses to transport children to North Park Pool next summer, and report back to Council.

Lions Club Eye Bank

Mr. Cully reports the Lions Club of Allegheny County is asking if the Borough will issue a proclamation Feb. 20, 21 and 22, regarding the "Eye Bank" they are sponsoring. The Club is going to set up places where people can go to arrange to donate their eyes to be used for blind people.

The Mayor will prepare such a proclamation for the local papers.

RESOLUTION NO. 796.

BE IT RESOLVED BY THE TOWN COUNCIL OF THE BOROUGH OF WEST VIEW, IN REGULAR SESSION ASSEMBLED, AND IT IS HEREBY RESOLVED BY AND WITH THE AUTHORITY OF THE SAME:

FIRST: That E.M. Hurley, President, and Naomi Guckert, Secretary of The Town Council of The Borough of West View, be and they are hereby authorized and empowered to borrow, from time to time, as needed, from The Pittsburgh National Bank, West View Branch, the sum or sums of money not exceeding in the aggregate ONE HUNDRED THOUSAND DOLLARS, (\$100,000.00), for the purpose of meeting the ordinary and/or current running expenses for the Borough of West View, for the year 1964; such loan or loans to bear interest at the rate of 2-3/4 percent.

MAYOR

THE BOROUGH OF WEST VIEW

Motion by Mr. Freese, seconded by Mr. Love, that Resolution No.796 be adopted.

Carried and so ordered.

Board of
Health

Motion by Mr. Cully, seconded by Mr. Powell, that Dr. J. Robert Love be appointed a Member to the Board of Health, to fill the term of Dr. C. W. Cummings, who retired to take the office of Health Officer.

Carried and so ordered.

Payment of
New Seagrave
Engine

Mr. Duncan, Chairman of Finance Committee, outlined a plan for the payment of the new Seagrave Engine, as follows:

The Pittsburgh National Bank will extend credit to the Borough in amount of \$25,000.00, over a period of five years, at an interest rate of 3%, a savings of 2% of that offered by Seagrave Corp. There remains a balance of \$5,000.00 to be paid on the 1959 Seagrave Engine, and Mr. Duncan recommends using the \$3,000.00 which was paid to the Borough by the Fire Department, Feb. 11, 1964, and the \$2,000.00 which the Borough proposed paying on the new engine, to clear the debt on the 1959 Seagrave, thus saving the difference between 5% and 3%.

This plan met with the approval of Council.

Versace
Property

Mr. Brandt explained that the attorney for Mr. Versace feels that the Agreement which was negotiated between William Martin and Wife when the zoning of the lots on which the Versace store is located was changed, has become void under the new zoning ordinance of The Borough of West View, enacted in 1963. Also, the agreement had not been recorded.

However, Mr. Brandt feels it will be necessary for Versace to secure the consent of the abutting property owners before a gasoline station can be erected on the property, and he will so notify the attorney for Mr. Versace. Since the lots actually face on Glenmore Avenue, it will be necessary to also have the signatures of those owners who face Glenmore Avenue, in accordance with the Zoning Law.

Page #10 - Feb. 11, 1966

Mr. Wieseckel - Mr. Powell asked that since the Borough Manager will not reconsider the dismissal of Mr. Wieseckel, if Council will give this matter some consideration.
Mr. Hurley felt the matter to be closed, but asked if any Councilman had any remarks.
Mr. Cully thinks the punishment to be severe and some consideration should have been given to the matter before tonight by the Committee.
Mr. Freese is standing behind the Manager.
Mr. Love said he has expressed his opinion, but Council should do something in the future to correct this situation, so that Council has knowledge before a decision is made. However, Mr. Wieseckel admits he is wrong.

Mr. Hurley takes it from the expressions of Councilmen, the decision stands.

Adjournment

Motion by Mr. Cully, seconded by Mr. Freese, that Council adjourn. Carried and so ordered at 11:12 P.M.

Reports of Officers

Motion by Mr. Duncan, seconded by Mr. Cully, that the reports of the Mayor, Treasurer, Chief of Police, Fire Chief for February and for the year 1963, Secretary and Manager, be received and filed. The Solicitor defers his report until later in the meeting.

The Manager added to his report verbally, the following:

Mr. Bairhalter was interested in getting Lots Nos. 252 and 253 on Ashford Avenue. They had been advertised for Sheriff Sale but did not appear on the list Mr. Lawson had. Mr. Lawson said he will take this up with Mr. Nichols and Mr. Bairhalter should put up \$250.00 as evidence of good faith. However, Mr. Bairhalter did not know how much the lots would cost and therefore, would not want to put up any money.

In RE: The Laundromat at Princeton & Center Avenues. The County Fire Marshall, Mr. Jones of the Department of Labor & Industry, John Farley and Mr. Winner went to the Laundromat and the only fault the Fire Marshall had to find was that the door should open out instead of in. Mr. Jones will send a copy of his report to the Department in Harrisburg and will send a copy to The Borough of West View.

Mr. Rinkus of Ashford Avenue wants to buy a portion of Schwitter Ave., one half of which is in the Township. He requested Mr. Winner to bring this matter before Council. The street is now used for drainage and is not opened.

The Solicitor advises you cannot sell a street.

Mr. Kunze has made an offer to sell the Borough the lot at the corner of Center Avenue and Perrysville Avenue for parking purposes. The Borough is not interested.

Mr. Winner requested authorization to advertise for materials to be used on streets and for gasoline requirements for 1964.

Slag, Oil,
etc. bids

Motion by Mr. Cully, seconded by Mr. Freese, that Council authorize the advertising for bids for 1000 T air cooled slag of various sizes, 500 T granulated slag, 15,000 gal. road oil, 1500 gal BM liquid asphalt, 10,000 gal. gasoline, 6500 sq. yards 3" Mix, bids to be opened at the Regular Meeting of Council, on April 14, 1964.

Page #3 - March 10, 1964

Motion carried and so ordered.

Lots for Recreation

Mr. Brandt had a call from Mr. Love today (Mr. Love absent due to flood conditions) in re: the lots for recreation that Mr. Winner had mentioned. Mr. Nichols told Mr. Love if there are some of the lots on the list on Magnolia Ave., that the Borough write a letter to Mr. William Nichols, Claims and Investigation Department, requesting the County to convey to the Borough the County's equity in them, and he, Mr. Nichols, will recommend that the County do so.

Committee Reports

FINANCE COMMITTEE - Mr. Duncan, Chairman, reported to Council that it was necessary to borrow \$20,000 from the bank for expenses.

PROPERTY & PURCHASE COMMITTEE - Mr. Cully, Chairman. Recommends that an Electric Typewriter be purchased for the Secretary's Office.

Mr. Cully also reports they are having a little trouble with the furnace at No. 1 Engine House, but since it is late in the year, that the matter be held over until a later time this year.

PUBLIC WORKS COMMITTEE - Mr. Freese, Chairman, reports his Committee had a Meeting with Mr. Winner, and went over the alleys and planned a program for this year. Also, the vacancy in the Public Works Department has been filled by Mr. Ronald Steuernagle.

POLICE & PUBLIC SAFETY COMMITTEE - Mr. Love, Chairman. Mr. Brandt reports that Mr. Love had been in touch with Mr. Weber to endeavor to arrange for bus transportation for children to go to North Park Pool this year. Mr. Weber is in touch with the Port Authority and expects to have some information for Council next month.

FIRE & WATER COMMITTEE - Mr. Powell, Chairman, reports that a Borough Employee was injured at the fire last week, and when a man helps at a fire and gets hurt, he is automatically covered with insurance by the Fire Department.

PUBLIC RELATIONS COMMITTEE - Mr. Richey, Chairman, thanked Council for the Planter sent to him while in the hospital. Mr. Richey reports the Committee is starting to receive applications for the Bronx Avenue Field and he and Mr. Winner have been waiting until the Committee can have a meeting. He reminded Council there are two vacancies on the Recreation Board. Mr. Richey also reported on the Pension Fund.

Library

Mr. Hurley attended a meeting of the Committee interested in having a Library in the North Hills Area on Feb. 25. He reports there is a lot of merit in the idea of having a library, but it will cost a lot of money. Mr. Hurley does not think the Borough

could enter into this without a tax increase.

There is to be a meeting on March 25 which he and Mr. Richey will attend.

So far as Mr. Hurley can determine, the money involved will be quite large - there are to be 30,000 books purchased. Some of the communities are figuring on a half mill increase in taxes. The largest community, Ross Township, displayed very little interest. They, being the largest group, will have the largest share of the cost. They are of the opinion that the residents in the western end of Ross can take a trolley and go to Bellevue Library, at the other end of the Township, they can go to the North Side Library. However, Mr. Hurley thinks we should pursue the matter further to determine just what it will cost and inform Council after the next meeting of the group. He believes there will be a controversy as to the location, etc.

Audience
Laundromat

Mr. J. B. Wirtz, 1328 Center Avenue, complained about the Laundromat and asked that it be closed at a certain hour, suggesting 11:00 P.M. Mr. Wirtz was directed by Mr. Brandt, to keep a log of his complaints and talk with his neighbors, and later present this to Council. It will be given due consideration.

Drainage
Leach
Property

Arthur Leach, 48 Center Avenue, complained about surface water draining down his driveway causing damage to it. Mr. Winner will investigate this condition and get in touch with the Manager at Ross Township in an endeavor to correct the problem.

Paving
Alleys

Mr. Fost, Martsolf Avenue, commented favorably on Council's plans to pave some of the Alleys and asked if Norville Alley was included.

Allegheny
County
Boroughs
Ass'n.

Mr. Hurley, President of Council, appointed Councilman Duncan to represent the Borough at the Allegheny County Boroughs Association, and Mr. Winner, Manager, as the alternate.

Motion by Mr. Freese, seconded by Mr. Cully, that the above appointments be approved.
Carried and so ordered.

Zoning on
lots facing
two streets

Mr. Duncan called attention to three foundations for new homes to be erected on Center Avenue at Norwich Avenue. There is already one house on one of the lots facing Mt. Vernon Avenue, and one foundation is on the Center Avenue elevation of this lot. Next to this, there are two foundations started on one lot.

Mr. Duncan asked if we can amend the Ordinance to prevent this type of building.

Parking Lot
West View
Park

Motion by Mr. Powell, seconded by Mr. Duncan, that Resolution No. 797 be taken up for consideration.
Carried and so ordered.

Page #5 - March 10, 1964

RESOLUTION NO. 797

BE IT RESOLVED BY THE TOWN COUNCIL OF THE BOROUGH OF WEST VIEW, IN REGULAR SESSION ASSEMBLED, AND IT IS HEREBY RESOLVED BY AND WITH THE AUTHORITY OF THE SAME:

FIRST: That the proper officers of the Borough of West View be and they are hereby authorized, directed and empowered to enter into a written agreement of license with the West View Park Company for the leasing of the parking area immediately west of the Perry Highway and south of Center Avenue in the Borough of West View, to be used as a public parking facility for the service, accommodation and convenience of the general public, for six (6) license periods, commencing October 1 and ending March 31, of each year, from October 1, 1963 to March 31, 1969, for the total rental of One (\$1.00) Dollar.

SECOND: That all resolutions or parts of resolutions inconsistent with the terms hereof, be and the same are hereby repealed insofar as the same affect this resolution.

ADOPTED and approved this _____ day of March, 1964.

President of Council SEAL

Attest:

Secretary.

Motion by Mr. Freese, seconded by Mr. Richey, that Resolution No. 797 be adopted.

Carried and so ordered.

Little
League

Mr. Hurley received an application from the West View Ross Athletic Association for use of the Bronx Avenue Field Tuesday and Thursday Evenings and all day Saturday for Little League Games.

Motion by Mr. Cully, seconded by Mr. Duncan, that the request be granted. Under Question - Mr. Richey thinks these requests should be presented to the Recreation Board, but Mr. Freese explained his reason for bringing it to Council is the Association wants the information for their meeting March 23.

Cipka -
Dreves

Mr. Brandt referred to the difference in the Engineer's Report as to the location of the curbing on the Dreves Property, the report to Mr. Dreves indicates the curb to be in correct position and the report from the same Engineer, Tait Engineering Company, to Mr. Winner shows the curbing to be 15 inches on the Borough's Right of Way.

The Mayor suggested that an impartial Engineer be hired by the Borough to make a survey. His reason for suggesting this is that he is receiving calls relative to it.

It is estimated another survey will cost the Borough approximately

\$200 and it is a question whether either parties involved would be satisfied.

Mr. Hurley asked for an opinion from each Member of Council. Mr. Cully feels that the Borough is spending money on this case, not counting the Councilmen's time in going over, etc. that if the Borough does have an impartial Engineer the Borough will be on record as having tried to solve the problem. Mr. Powell is in favor of being governed by Mr. Tait's survey, and cannot see spending more of the taxpayer's money. Mr. Richey does not know how much trouble these people are giving the Mayor but thinks perhaps we should wait another month or so. If we say to these people we have another survey, remember we are dealing with two people who will not think we are right.

Mr. Freese says to let it as it is.

Mr. Duncan says if we do try to convince a man against his will, there will be this condition even if we had three surveyors, but perhaps we should get a surveyor whose reputation will stand up in court. If we go to the expense of \$100.00 or so, we may get a good survey.

Mr. Brandt advised that the Tait Engineering would be recognized in Court.

Mayor Benson wants to go on record opposing that we use Tait Engineering again.

Mr. Hurley says it is his opinion to let the matter rest until we are forced to go to the expense of another survey.

Sidewalk at
Princeton &
Center

Mr. Richey called to Mr. Winner's attention that the sidewalk on Princeton Avenue extends down into Center Avenue and asked if this can be rounded on at Center.

Mr. Winner will check into this matter and correct it.

Laundromat

The Solicitor advised Mr. Winner to get in touch with Mr. Seaburg, owner of the Laundromat and have him place a sign that the Laundromat is private property and intended to be used for that purpose only. Anyone else entering is trespassing.

Motion by Mr. Richey, seconded by Mr. Cully, that the reports of Mayor Benson, Treasurer, Controller, Chief of Police, Chief of Fire, Secretary and Manager be received and filed.
Carried and so ordered.

The Controller reports his Financial Report for the year 1963 has been filed with the Department of Internal Affairs and the Clerk & Quarter Sessions Court.

The Manager, Mr. Winner, added the following to his report:

The new door is being installed at No. 1 Engine House this week. The work will be completed by the end of the week.

Mr. Winner has received a request to extend 18th Alley to enable the owner of Lot 648 Oberlin Avenue to erect a garage. The alley is already opened a length of 60 feet and the extension would entail about sixty feet more. There will not need to be any grading. A small tree will have to be removed. The applicant asks that if the Alley is permitted to be opened, that the Borough maintain it.

Mr. Hurley recommends the request be granted and it was agreeable to all Members of Council.

Mr. Winner described the erosion in back of the Armored Carrier Building at Horse Shoe Bend and Bell Drive.

Mr. Winner is notifying the owner of the property that this condition must be remedied and it is the owner's responsibility.

Committee-Reports FINANCE COMMITTEE - Mr. Duncan, Chairman - the only thing to report at this time is that we have had to borrow another note.

PUBLIC WORKS COMMITTEE - Mr. Freese - reports we have a bad condition on Center Avenue back of the old Keist Building. To put it back in shape may cost as much as \$23,000.00. Mr. Freese requests the Members of the Public Works Committee and the Manager to meet and inspect the condition, and report back to Council. The meeting is tentatively set for Monday Evening, April 20 at seven o'clock.

POLICE & PUBLIC SAFETY COMMITTEE - Mr. Love, Chairman, reports the following letter received:

"April 6, 1964

Mr. Wade Winner, Manager
Borough of West View
Municipal Building
540 Perry Highway
Pittsburgh, Penna. 15229
Dear Mr. Winner:

The annual inspection of the lockup of the Borough of West

View was conducted on March 23, 1964, by the Bureau of Correction, in compliance with Sections 2303 and 2304 of The Administrative Code, Act of April 9, 1929, P. L. 177, as amended January 4, 1956.

The inspection indicated that this lockup is being maintained in accordance with modern detention standards and practices, and that persons detained in it are given proper care and treatment.

The Bureau of Correction sincerely appreciates the very courteous and cooperative assistance which was extended to our representative, Inspector James O. Roupe.

Attached is a copy for the Mayor.

Very truly yours,
s/ Robert A. Itri
Robert A. Itri
Prison Inspection Director
for ARTHUR T. PRASSEE
COMMISSIONER OF CORRECTION."

Mr. Love referred to the cost of Repairs to the Police Cars and Mr. Hurley suggests his Committee have a meeting and come up with a recommendation in regard to Police Cars.

PROPERTY & PURCHASE COMMITTEE - Mr. Cully, Chairman - no report.

FIRE & WATER COMMITTEE - Mr. Powell, Chairman - inquired about the signs to be placed at #3 Engine House. He is advised they have been on order, but were a special sign and it takes a little longer than for a stock sign.

PUBLIC RELATIONS COMMITTEE - Mr. Richey, Chairman - Reports that he and Mr. Hurley attended a meeting at the Community Y W C A in regard to the northern public library. He advised there were fewer people in attendance, not all communities were represented by Officials. He says there is much planning that will have to be done but he will keep the Borough informed.

Mr. Richey said the dates at the Bronx Field have been pretty well taken up by the same organizations as last year. There will be a director from about the middle of June to the end of August. He does not know of any major improvements and the Committee will be getting together to see what to do about the shelter at the Bronx Field.

Mr. Richey has had requests about the Tennis Courts and if there is a possibility we are going to surface them. Mr. Winner estimates the cost of the surfacing to be about \$2800.00.

Mr. Hurley remarked that in considering the small amount of money we have spent on recreation, this cost would not be out of line. Mr. Richey says we would save money on the maintenance that would help offset the cost.

Mr. Richey called attention to the list of lots itemized in the letter received from the County in response to West View's request that the County transfer their equity in certain lots in the Keating Plan to the Borough for Recreational Purposes.

NOTE - A letter is received from the School District in which they agree to transfer their equity in these lots to the Borough for Recreational Purposes.

Girty's
Run
Sewer

Mr. Hurley reports he and Mr. Winner attended a meeting of the Girtys Run Sewer Committee. He called to Council's attention there is need for the installation of a new Overflow at Green Hill Road and he expects to be advised what the cost will be in a few days. Four or five months ago, this Council committed itself to pay its share, which will not be too much of an expense. Mr. Hurley will advise Council when he receives the information.

Audience

Mr. Kenneth Gasgeb - Amherst Avenue, complained about the parking condition on Amherst Avenue.

A Petition was received from the neighbors at Princeton and Center Avenues requesting the Laundromat be required to close down at ten o'clock each evening.

Mr. Hurley advised the Police have been keeping a close watch on the Laundromat. The owner has now moved across the street from his place of business and Mr. Hurley is sure that he is interested in his property and watches it closely.

Mr. Hurley cites the fact there are many people in the Borough who work and cannot get to the laundromat at ten o'clock, and it has to be later and he, for one, would not like to be dictatorial and tell the man to close at 10:00 o'clock.

Mr. Seaburg, who was in the audience, made himself known and explained the Police have been doing a fine job in watching the place, that there are no teen-agers loafing in the laundromat, there is no damage being done to the machines and that the machines are quiet running.

He has planned to close the laundromat from 11:00 P M to 7:00 A M for a trial period.

Plumbing
Inspection
Fees

A letter is received from the Board of Health requesting an increase in Plumbing Inspector charges. At the present time all of the fees received for plumbing permits and inspections are given to the Plumbing Inspector. The request is held in abeyance.

Pittsburgh
Cultural
Projects

A letter, with a resolution, is received from the Allegheny Co. Boroughs Association. The resolution is to be considered at the meeting of the Boroughs Association on April 30, and is addressed to the Board of Commissioners of The County of Allegheny, asking them to assume the expense of maintaining the Zoo, the Public Libraries, the Conservatory, relieving the City of Pittsburgh of the financial responsibility. The reason given is that all of the residents of Allegheny County use these facilities. Mr. Hurley asked for an opinion from Members of Council, and the consensus is that it could become a step toward the Metropolitan Plan.

Sale of Motion by Mr. Powell, seconded by Mr. Love, that Resolution No.
 Lots 798 be taken up for consideration.
 Carried and so ordered.

Officers' Reports Motion by Mr. Duncan, seconded by Mr. Richey, that the reports of the Mayor, Treasurer, Chief of Police, Chief of Fire, Secretary, and Manager be received and filed.
The Solicitor deferrs his report until later in the meeting.
The Manager added to his report, verbally:
The Hill to the rear of the Armored Carrier Company has sloughed and they are going to install concrete cribbing. The Borough may have been responsible for some of the water coming down from Bell Drive and so the Manager has put a ridge along the paving.
RE: the parking problems on Amherst Avenue. Mr. Winner met with the complainant and the problem has been worked out satisfactorily.
The vandalism continues at the Bronx Avenue Field and the repairs have been made. The building will be locked every night at nine o'clock.
Mr. Winner had a request to maintain a curb on Perrysville Avenue but advises the Borough has no authority to do this work. When the Borough wants to cut a curb, application for permit must be obtained from the Highways Department, which indicates the curbs are not the responsibility of the Borough.

Committee Meetings FINANCE COMMITTEE - Mr. Duncan, Chairman. Motion by Mr. Duncan seconded by Mr. Freese, that the sum of 2,000.00 be transferred from the General Fund to the Sinking Fund to meet June 1 bond obligations.
Carried and so ordered.
Mr. Duncan reported on the Meeting of the Allegheny County Boroughs Association that he and Mr. Winner attended. The City of Pittsburgh was asking approval by the municipalities outside of the City requesting the County of Allegheny to maintain the libraries, parks, etc. The matter was tabled but probably will be brought up at the next meeting because parlimentary procedure will permit this.
The subject of garbage and rubbish disposal was talked about by a speaker from the County Commissioner's Office, which lasted an hour.
Mr. Duncan and Mr. Winner took notes. According to the figures he provided, there would be six places in the County where refuse would be burned. There would be ten dumping places. The cost would be about four dollars per ton and would mean an increase in County Taxes.

Page #3 - May 12, 1964.

No figures for the maintainance of the six large incinerators were given but just the pick-up alone would be approximately \$4.50 per ton.

We are paying about \$3.50 a ton to pick up and dispose of our refuse.

Mr. Hurley thanked Mr. Duncan for his report.

PROPERTY & PURCHASE COMMITTEE - Mr. Cully, Chairman. Reports the new door at No. 1 Engine House has been installed and is satisfactory to the Firemen.

Mr. Cully also reported the unsafe condition at the Bronx Avenue Field. The poles that hold up the fence have deteriorated and there was the danger of one falling on some child. There was no question but that they would have to be replaced. The Cost is about \$415.00. We decided to have the work done and to move the fence about five feet, which would give additional parking space at the Bronx Field.

While at the Field, Mr. Cully reports they looked at the Field House. We do not spend too much money on recreation, so we think we should fix it up, restored to its original condition. If the Mayor or Police will cooperate and lock the building up at night, 9:00 o'clock, and unlock it the next morning, it may help to keep it in good condition.

The Police were there today, May 12, and it is a disgrace. The panels in doors have been kicked out, pipes ripped out, commode broken, etc.

POLICE & PUBLIC SAFETY COMMITTEE - Mr. Love, Chairman. No report.

FIRE & WATER COMMITTEE - Mr. Powell, Chairman. Reports the doors are on No. 1 Engine House and the signs on No. 3 Engine House. All satisfactory.

Mr. Powell inquired about the wall on Center Avenue back of the Keist property and was advised this work will be done when the weather permits.

PUBLIC WORKS COMMITTEE - Mr. Freese advises Mr. Winner has covered this report.

PUBLIC RELATIONS COMMITTEE - Mr. Richey, Chairman, advises he attended the meeting of the North Boroughs Public Library. A Committee has been formed, the Chairman Mr. Thomas Otto. They had the first meeting last Thursday a week ago. All municipalities were represented, excepting Franklin Park Borough. Some are ready to go and others, like West View, do not know. Names were mentioned for legal advisers and Mr. Otto will see if some mentioned will be interested. There will be many legal questions arise. Very little progress has been made but there will be meetings during the summer.

Ross Township is not committing itself awaiting to see the locations of the library.

Mr. Richey referred to a meeting with the Property & Purchase Committee at Bronx Field and they recommend that the building be put in good condition and maintained.

Motion by Mr. Richey, seconded by Mr. Love, that the services of a surveyor be obtained to look at the lots that the County and School District propose to turn over their equity to the Borough for recreational purposes. Possibly we will be able to have some activities on these lots this summer.

Motion carried and so ordered.

Mr. Richey referred to a meeting at Bethel High School which Mr. Heinze and Mr. Winner attended, which was supposed to be on Recreation, but was more of an exhibition.

IN RE: Police Pension Fund Committee held its annual meeting with Mr. Mockenhaupt and the members thought it would be a good idea to meet with the Police and bring them up to date.

Audience

Mrs. Audry Grove, 264 Park Avenue, complained about the "junked" cars behind the Oldsmobile Storage building.

She is advised by Mr. Brandt to present to Council a petition signed by the residents of adjacent properties. If such a petition is received, it becomes a "Public Nuisance" and the Borough can take action.

Mr. Fehl, 258 Park Avenue, complained on the same condition.

Miss Minnie Hagenlocher, Martsolf Avenue, complained about the dogs barking and the dog house being so close to her property. She was also told to bring in a petition signed by the adjacent residents, after which the Borough could take action.

Unfinished
Business
Tiny Spot
Laundromat

Mr. Brandt advises that Mrs. Falck, who resides above the Tiny Spot Laundromat, complained that on five occasions in the last two weeks, people have been washing at 12:30 to 1:00 A.M. The Police will continue their check on the time it closes.

Carried and so ordered.

North Hills Joint Schools: Mr. Richey and Mr. Hurley will attend a meeting on May 19, 1964, at 7:45 P M, with a Committee from the North Hills School Dist. in RE: Welfare, etc.

J. L. Gahrning: Mr. Brandt suggests that as a Mark of Respect for J. L. Gahrning, former Mayor of the Borough of West View, this meeting close in his honor and a resolution be sent to the family.
Motion by Mr. Richey, seconded by Mr. Cully, that Mr. Brandt's suggestion be adopted.

Officers'
Reports

Motion by Mr. Freese, seconded by Mr. Powell, that the reports of the Mayor, Treasurer, Chief of Police, Chief of Fire, Secretary and Manager be received and filed.

Carried and so ordered.

The Solicitor defers his report until later in this meeting.

The Borough Manager added verbally, the following to this report:

The cribbing on Center Avenue, across from the Betsey Ann Candy Co. was repaired in three sections. There are other sections which are in poor shape but it is not necessary to repair them at the present time. We purchased railroad ties at \$1.00 each but Mr. Winner would like authority to purchase fifty more at \$1.00. Council agreed.

Mr. Winner reported the fence at Bronx Field is repaired. The new Director will start work on the 16th of June. He proposes to give periodic talks to the people using the field and create a little enthusiasm for doing away with the vandalism.

The name of the Director is John Sabina.

Mr. Winner reports the pins are not in the proper places for the lots on Frankfort Avenue and that for some of the lots, the Borough does not have title. (Referring to the lots in that area to be used for Recreational purposes). Mr. Winner also reports it is not possible to get much level property and we will not be able to build a ball field without getting fill.

The surfacing program will get under way in about two weeks.

Motion by Mr. Freese, seconded by Mr. Cully, that the Manager be authorized to purchase fifty ties at \$1.00 each C. O. D.

Carried and so ordered.

Committee
Reports

FINANCE COMMITTEE - Mr. Duncan Chairman. Motion by Mr. Duncan, seconded by Mr. Cully that \$5,000.00 be transferred from the General Fund to the Sinking Fund for July 1 obligations.

Carried and so ordered.

Motion by Mr. Duncan, seconded by Mr. Freese, that another \$20,000 in temporary notes be borrowed.

Carried and so ordered.

Mr. Duncan inquired as to whether the Borough has paid all of the back bills of the J. William Jordan Record & Tax Service and was advised all but one, about which there is a question in the minds of the Secretary and the Solicitor.

Mr. Duncan also advised it is his opinion that the amount of \$250 charged by Gregg Mockenhaupt & Associates as Actuarial for the Police Pension Fund is excessive. He suggests a fee of perhaps \$100 or \$150.

Mr. Hurley recommends that Mr. Duncan's suggestion be referred to the Police Pension Committee.

Mr. Brandt suggests that perhaps Mr. Duncan can contact Mr. Mockenhaupt to discuss his reducing the costs.

Page #3 - June 9, 1964

Mr. Brandt put the burden of a reduction of cost on Mr. Mockenhaupt since the plan is established, the bank is handling the finances and turns over the report to Mr. Mockenhaupt for the actuarial report.

Mr. Duncan will do as suggested.

PROPERTY & PURCHASE COMMITTEE - Chairman, Mr. Cully. No report.

PUBLIC WORKS COMMITTEE - Mr. Freese, Chairman. No report.

POLICE & PUBLIC SAFETY COMMITTEE - Mr. Love, Chairman, recalled that at the last Meeting of Council, the Solicitor had a letter of complaint regarding the late hours at the Tiny Spot Laundromat. Mr. Love reports the Police checked the closing hours and found that from May 12 to 18 incl., the laundromat closed when they checked between eleven and twelve o'clock.

Mr. Love also read a report from the Chief of Police advising him one of the persons causing damage to the Bronx Field was brought in with his parents, and restitution was made for that particular damage.

The Buses for conveying of children to the North Park Swimming Pool will begin on June 16. Two buses are being ordered and if necessary, the third one will be put into use.

Mr. Love reports that Rev. Townsend, of the West View M.E. Church contacted him and asked if any of the Borough Officials would like to attend one of their Board meetings, June 10.

He would like to form a committee to assist or take whatever action that can be undertaken, to help make West View a Better Place in Which to Live, by helping the youth of the Borough with any problems, or interesting them in activities that may appeal to them.

It is suggested that tomorrow being June 10, it is probably not possible for the Officials to attend the Meeting, but they would be interested in attending the September meeting.

Mr. Love said that perhaps a Council of Churches may help to provide interests for the youth. There are probably many ways this can be accomplished.

Mr. Duncan suggested perhaps we could interest the residents in some beautification of their properties. September is late for this kind of project, maybe it could get started tomorrow night. Council indicated they would be interested in the September Meeting and Mr. Love thinks it a good thing for the young people, to provide interests and activities.

The Secretary is directed to send a letter to Rev. Townsend advising that the Borough Officials are interested and will give it much thought, and endeavor to attend the meeting in September.

Page #4 - June 9, 1964

Mr. Love said that recently, on a Sunday, the traffic was very heavy and the Chief of Police handled it at Highland Avenue, and that the traffic moved very well through the Borough and he again cited how heavy it was. He commends the Chief of Police and Members of the Police Force for a fine job.

FIRE AND WATER COMMITTEE - Mr. Powell, Chairman, reports that the Seagrave Mechanic repaired No. 2 and No. 3 Engines, and they are in tip-top shape. All equipment is in A-1 shape.

Firemen's
Convention

Motion by Mr. Powell, seconded by Mr. Freese, that a check in amount of \$800 for convention expenses be sent to the West View Volunteer Fire Department. The convention is in August. Carried and so ordered.

Mr. Powell commended the Police Department for the wonderful job of handling the traffic they performed the evening of the High School Graduation.

Water
Tests

Mr. Duncan referred to the article in the Pennsylvania by Mr. Markus about the responsibility of water authorities furnishing water, having certain liabilities to the Borough and asks if Council should discuss this with the Water Authority to make sure they have tests made of the water. Mr. Hurley advised tests are made every day.

PUBLIC RELATIONS COMMITTEE - Mr. Richey, Chairman, reports that on May 19, he and Mr. Hurley attended a meeting at the North Hills High School. The meeting was held by the North Hills Educational Welfare Project Committee for the purpose of getting some plans in the way of a cooperated effort between the clubs, service organizations and civic groups within the North Hills Area. One such project is trying to help needy students who need dentistry, eye care, clothing, etc. A group have been doing this kind of project themselves, picking up the money from where they can get it, some from the Lions Club, etc. One of the nurses said it had taken five months to get an answer as to where they could get eye glasses.

This is a good thing. They have gone so far as to try to obtain jobs for the fathers who are out of work. They have planned to have a Central Board Chairman, a Home and School Visitation Nurse, a local Physician, one Minister and a member from the Service Clubs.

They expect to meet as a group in the fall and perhaps we will be invited.

Mr. Richey reports there is nothing further in RE: the Library Project.

Mr. Richey advises, in RE: Recreation, that the lots we have acquired in the Frankfort & Oakwood Avenue areas, is not a solid block, but there are perhaps fifteen lots. Council will meet on Monday Evening, June 15, at seven thirty o'clock at Park & Frankfort Avenues to look over these lots.

Audience

Rev. Vaughn - Temple Church, requested that the interest on a lien on property owned by Mrs. Wuslich, Lehigh Avenue, be exonerated. Mrs. Wuslich proposes to finance her house to lend the money to the church for the purpose of acquiring a property for their church.

Mr. Brandt advised no such exoneration has ever been granted and could not be done.

Chief Clogan advised Council that on June 17, 18 and 19, there are scheduled exceptionally large crowds at West View Park and asked if he has the authority to close the Liquor Store.

Mr. Brandt advised he does not think the Chief has the authority. He suggested a meeting of local authorities to plan for the handling of such a large crowd.

Chief Clogan asked Mr. Brandt what could be done about junked cars that are abandoned in the Borough. He cited one car that has no value being towed to Heil's Garage. Mr. Heil has requested this car be removed. Also there is a valueless car that has been abandoned. Mr. Clogan has endeavored to get the titles to these cars from the owners so they may be taken away by a Junk Auto dealer, but they have not cooperated with him.

Mr. Brandt suggested that perhaps Chief Clogan should go to a man like Raida and advise we have these cars. Let us put them in your junkyard until we get these titles.

Mr. Love advised that he presumed Members of Council remembered Al. Smith having been killed by a drunken driver. He says Mr. Womsley has advised him that an inn-keeper who serves intoxicating beverages to an intoxicated man, he is as liable for anything that happens as the man himself.

Mr. Richey asked if the Park should put a restriction on the sale of beer when such large picnics are there or should consideration be given to suspending the sale of beer.

Mr. Richey is wondering Do we have a liability. This is not a Borough problem, this is not West View people. We have this problem only because the Park is here and caused by people outside of the Borough.

Mr. Benson suggests calling a meeting of the Chief, Mr. Love, Mr. Hurley, a Representative from the County Police Force and Sheriff's Office, and someone from West View Park, as well as the Tavern Owners, the Liquor Control Board to discuss the handling of this huge crowd.

Mayor Benson will arrange this meeting.

portation

Motion by Mr. Richey, seconded by Mr. Powell, that Resolution No. 804 be taken up for consideration.
Carried and so ordered.

Gasoline
Stations

Mr. Brandt advised he has had several calls about the amendment to our Zoning Ordinance with respect to gasoline stations. They have indicated their interest in this. Apparently it is a step that these men thought well advised. The problem is occurring all over the County.

Lot on
Marquette
Road

Mr. Brandt referred to the lot on Marquette Rd and the litigation. He has filed three briefs and their Office got the intimation this may take an unusual procedural turn. If for some reason they decide to apply for a permit again, under our Zoning Ordinance, we could refuse it and not have any problem.

Polio
Clinic

An inquiry was received from the Board of Health about the Borough having a Polio Clinic. Since there have already been the three clinics provided by the County Medical Association, Council will not have another clinic.

Carl Link Motion by Mr. Cully, seconded by Mr. Powell, that this meeting adjourn in memory of Carl Link, a former Councilman, and a resolution be sent to the family.

Officers'-- Motion by Mr. Cully, seconded by Mr. Freese, that the reports of
Reports the following Officers be received and filed.
Carried and so ordered.
Reports received from Mayor, Treasurer, Chief of Police, Chief of
Fire and Manager.
Manager, Mr. Winner, added verbally to his report:
We have cleared quite a bit of brush on the Frankfort Avenue play-
ground. Mr. Winner recommends that Councilmen meet at this site
to decide what work is to be done. Mr. Winner has hired a crawler
type tractor to do some work there and at the same time, having
some grading work done at the Post Office Parking lot.
According to Section 7, Article 50 of the Zoning Ordinance, it
was necessary for Mr. Winner to refuse a building permit to
Mr. Dom Mimone to erect another sign. The ordinance calls for
signs to be attached to the building.
Mr. Mimone referred this matter to the Board of Adjustment.
Mr. Olsen, a Member of that Board has resigned.
Mr. Winner has no authority to make an adjustment, but only to
adhere to the provisions of the Zoning Ordinance, and Council
will have to take it from there.
Motion by Mr. Duncan, seconded by Mr. Cully, that the resignation
of Mr. Leo Olsen from the Board of Adjustment be accepted, with
thanks for his past service and regrets that he is resigning.
Mr. Winner says the sign does not meet the requirements of the
Ordinance.
Mr. Love suggests the other two Members of that Board discuss the
application for permit for this sign and report back, before
Council refuses the permit.
The appointment of a successor to Mr. Olsen is held in abeyance
until the next meeting of Council.
Mr. Dom Mimone, 159 Perrysville Avenue, proprietor of the West
View Beer Distributors in West View, spoke from the audience.

He advised Council he is opening a tire business in the rear of his building. He submitted the application for this sign three weeks ago and it is very important to have the sign in front of his building. He says you cannot operate a business without a sign.

(Mr. Mimone already has one sign in reference to Tires.)

Mr. Love advised Mr. Mimone that the sign does not come under the prescribed provisions of the ordinance, and again recommends the matter be referred to the other two Members of the Board of Adjustment to look over the situation and come back to Council with their recommendation.

Mr. Cully says Council agrees these matters should go before the Board of Adjustment and it is his recommendation that this case be referred to that Board and they report back to Council their recommendation. He does not think Council should take the authority away from the Board.

Mr. Winner reported in RE: buses for North Park Pool: we have been turning back the third bus. One day we had the two buses a little crowded and the bus driver of the vehicle turned back complained. Today, July 14, we had only 74 passengers and last Thursday about the same number.

Committee Reports

FINANCE COMMITTEE - Mr. Duncan, Chairman. Motion by Mr. Duncan, seconded by Mr. Freese, that the amount of \$1,000.00 be transferred from the General Fund to the Sinking Fund to meet August 1 obligations.

Carried and so ordered.

Mr. Duncan called attention to the Treasurer's report which shows the number of building permits to be higher than usual, the Mayor's report higher and the Wage Tax reports collections higher. (Up to this date, 52 suits were filed against persons owing taxes prior to 1963 - others owing 1963 will follow).

Tax Sales

Mr. Duncan reports to Council that we have not been putting up properties for Sheriff Sale as the cost is high, but he has had requests for two pieces of property, three lots, one on Glenmore Avenue, which will be picked up in three months, and two lots on the southeast corner of Oberlin. These will all be picked up within three months.

Motion by Mr. Duncan, seconded by Mr. Cully, that these lots be placed for Sheriff Sale.

Carried and so ordered.

PROPERTY & PURCHASE COMMITTEE - Mr. Cully, Chairman, asked if there is anything that can be done about the rats.

Mr. Freese asked if we could furnish aid to get rid of rats to the rear of the VanLeer property.

Mr. Winner advised these rats are in cribbing behind the lots along the carline, which is on Borough property and he will provide poison, which is harmless to children or pets.

PUBLIC WORKS COMMITTEE - Mr. Freese, Chairman, reports the alleys to be surfaced this year are finished and the majority of people are satisfied. Some have asked Mr. Winner to put asphalt to the garages, but the answer is "no". Mayor Benson has a complaint from Mr. Tripodi, on Ashford Avenue, about the building up of the road and causing damage to his car. Mr. Winner will check this.

POLICE & PUBLIC SAFETY COMMITTEE - Mr. Love, Chairman, reports in RE: the problem of picnics at West View Park, we had a meeting at which there were a couple of ministers, representatives from the Liquor Control Board, Tavern owners, State Police and a representative from West View Park. The Park agreed to close down the tavern inside the Park at 10:00 o'clock P M and those outside agreed to close at 11:00 1'clock. The Chief had Deputy Sheriffs and State Police on the streets, and together with our own men, we saved much embarrassment.

Mr. Love advises that Officers Freedman and VanLeer were off due to an accident and that on their pass days, June 19-20, 27 and 28, the Chief of Police worked. Mr. Love recommends that he be paid for these four days.

Motion by Mr. Love, seconded by Mr. Powell, that the Chief of Police be paid for the four extra days he worked.

Carried and so ordered.

The following letter was read to Council by Mr. Love:

COMMONWEALTH OF PENNSYLVANIA
PENNSYLVANIA STATE POLICE
Harrisburg,

Col. E. Wilson Purdy,
Commissioner

June 26, 1964

The Honorable C. J. Clogar
Chief of Police
Municipal Building
West View
Pittsburgh, Pennsylvania 15229
Dear Chief Clogar:

It is with great pleasure that I commend you for the outstanding cooperation and assistance in connection with the apprehension of Fred Briggs Rogers, Jr. and Paul Robert Hubbertz, for the raping of a fourteen year old Beaver County girl at Pymatuning State Park on May 30, 1964.

The information and assistance furnished the Members of Troop "E", District #1, Pennsylvania State Police was another example of the spirit of cooperation between police Department.

Sincerely,
s/ E. Wilson Purdy
Commissioner."

In RE: the large picnics at West View Park, Mr. Cully reports he spent two nights down at the Park and thinks our Police did a tremendous job. At one time they approached four fellows on the corner telling them to move on, with no fear whatsoever.

Page #5 - July 14, 1964

This good work creates respect for our Police Department.

- . FIRE & WATER COMMITTEE - Mr. Powell, Chairman, reports the Officers of the Fire Department had a meeting and the Fire Chief asked him to inform Council they would like to have the Borough Electrician put the Fire Alarm System in good order. Some glass in boxes is broken and there is one school that does not have a fire alarm box, the Oakwood. They are bringing it up at their Board Meeting to have one installed.
- . Mr. Powell also reports he has two calls from Mr. Koper of Township Road advising the cribbing on Center Avenue is falling down. Mr. Winner advises it is in bad shape, but will not fall, and it is going to have attention.
- Mr. Powell would like the Manager to see if he can do something about Wilkins Alley. One man broke his exhaust pipe.
- . Mr. Winner will look into this matter.

PUBLIC RELATIONS COMMITTEE - Mr. Richey, Chairman, absent.

RECREATION - Mr. Winner reports the program at Bronx Field is in operation, and the Director, Jack Sabina, has been giving tennis instructions each morning. The only act of vandalism has been someone took out the home plate. He reports Jack Sabina is doing a good job in keeping order and keeping everyone active. This is what we want.

Audience --Dale McCandless, representing Brant's Oldsmobile, requests Council to vacate a portion of North Park Road that has never been used or never been opened.

Motion by Mr. Freese, seconded by Mr. Duncan, that the matter be referred to the Solicitor, with plans, etc., for him to proceed with the proper legal steps to vacate this portion of the road.

Under question - Mr. Powell asked if this would be adopted tonight with two Members of Council absent.

The answer is "No", the matter will be referred to the next meeting of Council.

Motion carried and so ordered.

Motion by Mr. Powell, seconded by Mr. Duncan, that Resolution No. 808 be adopted to help Edgewood submit to Allegheny County Health Department.

Carried and so ordered.

Parking Lot Mr. Powell reports that sixteen years ago Mr & Mrs. Brandt had a
Post Office fence erected in back of the Post Office ground, where there is a
drop of 75 to 100 feet. Part of that fence is in need of repair
or replacement. A little girl almost slipped down today.
Mr. Brandt will have this fence attended to and asked Mr. Winner
to place a barricade to protect the children until the work can be
completed.

+ Cipka
Property

The Solicitor asked if Council had resolved the matter of the Cipka
sewer.

It is suggested that a right of way be obtained across the third lot
in question, even if necessary through condemnation, to permit the
installation of a sewer from the Cipka house to the Borough sewer, if
Mr. Cipka will agree. This will solve the problem of the duplex.
Mr. Winner will look into this possibility and prepare preliminary
plans to determine if this is feasible.

Motion by Mr. Powell, seconded by Mr. Duncan, that Council adjourn.

Officers'--- Motion by Mr. Cully, seconded by Mr. Freese, that the reports of
Reports the Mayor, Treasurer, Controller, Chief of Police, Fire Chief, Secretary and Borough Manager be received and filed.
The Solicitor deferrs his report until later in this meeting.
The Borough Manager, Mr. Winner, added to his report verbally.

The steps at Ashford Avenue have been constructed and the railing is set in concrete and bolted to steps.

Ramp at playground area on Frankfort Avenue is completed and Mr. Winner would like to have some suggestions as to what we want to do there. One piece of equipment has been donated. Since the season is so far advanced we cannot do much this year. In one place, the sanitary sewer is one foot beneath the surface, but in other areas we can grade and put in swings and things of that type.

The Parking Lot on the Brandt lots at the Post Office is in operation.

In RE: the ceiling in the Council Chamber - Mr. Winner has been unsuccessful in getting any tile to match the present ceiling. It is necessary to have 40 tile and really we should have 55 new ones. Mr. Winner will continue looking for them.
The Garbage Contract will expire on September 30.

The berm at the Tripodi property on Ashford Avenue has been adjusted. The woman next door asked that we pave the berm to their driveway, but that is private property.

Mr. Hurley asked Mr. Richey about the progress on the playground and suggests facilities for basketball be installed.
Mr. Richey is pleased with the progress made so far.

In further reference to Mr. Winner's Report, Mr. Hurley read the following Letter: Letter was addressed to Council.

" July 15, 1964

Dear Sir:

We would like to take this opportunity to express our thanks for the fine job that was done on the collapsed wall just off the back of the property.

Once again, thank you for the fine job and immediate action taken.

Respectfully,

POLICE & PUBLIC SAFETY COMMITTEE - Mr. Love, Chairman - no report

PUBLIC RELATIONS COMMITTEE - Mr. Richey, Chairman. Reporting on Recreation - Mr. Richey is pleased with the job done by Mr. Winner at the Frankfort Avenue area playground, looks better than he expected. Mr. Richey is sure we can get something in there with a little additional effort to get the children off the streets this fall, as they have a lot of playtime after school up to November. We can use a little imagination to accomplish something.

Mr. Winner had suggested Members of Council go over to see what they might suggest and Mr. Cully as Chairman of Property & Purchase Committee, will be glad to go over with any of the Members who can arrange. The time is set for Thursday, August 13, at 7:00 o'clock.

NOTE - No Report from FIRE & WATER COMMITTEE - Chairman, Mr. Powell, absent due to vacation.

Motion by Mr. Richey, seconded by Mr. Freese, that the above Committee Reports be received and filed.
 Carried and so ordered.

Audience No remarks.

Unfinished Mr. Freese asked the Manager what had been done in RE: the property
 Business owned by Harold Henry at Frankfort & Center Avenues.

Mr. Winner talked with Mr. Henry and he advises he was either going to repair the building or tear it down. The family next door is concerned about the chimney coming down. Mr. Winner says there is no danger of fire from gas as the meter has been disconnected. There are large cracks in the building and it seems hardly worth while to try to repair it. However, Mr. Winner says that is up to Mr. Henry.

It is suggested that if nothing is done, Council, or a Committee of Council, should have Mr. Henry come before Council, to determine what he is going to do about this.

Mr. Winner will notify Mr. Henry.

Parking Area-Mr. Brandt wanted to publicly express his and Mrs. Brandt's
Post Office appreciation to Wade Winner for the excellent job he did at the
parking lots at the Post Office.

Curbing
Municipal
Authority
Building

The question came up regarding curbing at the Municipal Authority Building, having it made higher to avoid accidents such as happened a few days ago when someone went through the building. It is the opinion that if the curb is made higher, a hazard will be created inside the curb when people step from sidewalk to the parking area.
Mr. Winner is directed to consult the Authority to see what the solution may be.

Officers' Reports

Motion by Mr. Freese, seconded by Mr. Love, that the reports of the Treasurer, Chief of Police, Fire Chief, Secretary and Manager be received and filed.
The Solicitor's report is deferred until later in this meeting.
No report from Mayor due to illness.

Mr. Winner added verbally to his report as follows:
He received a quotation of \$150.00 for the installation of a new ceiling in the center part of the Council Chamber, but one of the Public Works Employees has had experience on this type of work and will do this.

In RE: curbing at the Municipal Authority Building. Mr. Winner talked with Mr. Berkley regarding this and they concurred that to put a curb inside of the present curb would create a hazard for pedestrians stepping off of the sidewalk, particularly if there is snow.

However, he and Mr. Berkley will check further to see what can be recommended.

Two of the residents on Westfield Avenue have advised Mr. Winner of vandalism on the new steps which were recently erected. She said they are so pleased with the steps and thinks that if the Borough would have a light installed about half way down the steps it may stop the vandalism.

Mr. Winner recommends the light be installed. It would be a convenience at night, and if there are no objections, he will arrange for it. There were no objections.

Mr. Winner reports the Public Works has widened Cresson Avenue two feet. It was necessary to use some cribbing but the residents on the street want to build garages so as to get their cars off of the street. One owner had his car stripped.

Act 128

Mr. Winner reports that the last session of Legislature enacted Resolution 128 which provides for street classification studies. The map sent from the State shows Perry Highway through the Borough as a No. 1 highway, but he recommends that Glenmore Ave. and Center Avenue from Williams Street to Perry Highway be classified No. 1.

Page #3 - September 8, 1964

Council agrees but also recommends that Center Avenue through the Borough be classed as No. 1 Highway.

Henry
Property

Mr. Winner wrote a letter to Mr. Henry about the poor condition of the building owned by Mr. Henry at Frankfort & Center Aves. He requested Mr. Henry to be present at this meeting, but he has not appeared.

Mr. Henry has done some work on the chimney, but the building is in very poor condition and will require considerable work to put it in condition that it no longer is a hazard.

Mr. Winner proposes following through with this matter.

Committee
Reports

FINANCE COMMITTEE - Mr. Duncan, Chairman, calls attention to the finances and suggests each department to tighten up. He mentioned the heavy expense of maintaining the Police Cars and the amount of outstanding taxes of prior years.

PROPERTY & PURCHASE COMMITTEE - Mr. Cully, Chairman, advises the ceiling in the Council Chamber will be taken care of. He remarked, referring to the Recreation Committee, that the Playground Area at Frankfort & Park Avenues is coming along fine and hopes it will progress as there is plenty of time after school hours during the next couple of months when the children can enjoy this.

PUBLIC WORKS COMMITTEE - Mr. Freese, Chairman, no report as the Manager has covered it well.

POLICE & PUBLIC SAFETY COMMITTEE - Mr. Love, Chairman, no report other than to bring up about the condition of the Police Cars later.

FIRE & WATER COMMITTEE - Mr. Powell, Chairman, no report excepting an invitation from a Borough Taxpayer to Council to go over to the Leach property to see the condition. The man's driveway is being eaten away with the water coming down during a rain. Mr. Cully said he would be glad to go over with a Committee to inspect the condition.

Mr. Cully, Mr. Freese, Mr. Powell, Mr. Hurley and Mr. Winner will visit the cite on Thursday Evening, Sept. 10, 1964, at 7:15 o'clock.

PUBLIC RELATIONS COMMITTEE - Mr. Richey, Chairman, has no report as there have been no meetings on which to report.

In RE: Recreation, Mr. Richey reports two more pieces of equipment will be installed at the Frankfort Avenue Recreation Area very soon. In the meantime, the Committee expects to go on down and pick up three more lots. As of now, the intentions are to start cleaning out the area to see just what we have. Mr. Richey has talked with one Member of the Board and they think possibly we could call on the State once more to have

Roll Call - Ayes: Messrs Cully, Freese, Love, Powell, Richey and Hurley. Nays: Mr. Duncan

6 Ayes - 1 Nay.

Mr. Brandt suggests that Mr. McCandless have this plan prepared and advise Council or Mr. Winner when he has it, at which time he feels sure Council will be willing to call a special meeting. The residents who are in the audience tonight will be notified so they can inspect the plan.

Unfinished Business:

Girty Run
Sewer

Mr. Hurley advised Council that he and Mr. Winner are attending a Meeting of the Girty Run Sewer Committee on Thursday evening when he will deliver the check in amount of \$330.66 which is West View's share of the cost of installing a overflow.

Garbage
Contract

Motion by Mr. Powell, seconded by Mr. Duncan, that the bids for Garbage collection and disposal be opened.

Carried and so ordered.

Two bids were received as follows:

Edward L. Vogel ----- \$ 59,760.00

Theodore A. Lutz ----- 59,580.00

Motion by Mr. Freese, seconded by Mr. Duncan, that Resolution No. 810 be taken up for consideration.

New
Business

Mr. Hurley has a request from West View Park Company for the Borough to reduce the cost of Dance Permits from \$10.00 to \$1.00 which is the cost of a permit in the City of Pittsburgh. He told Mr. Hurley the Borough gets admissions Taxes from these affairs.

It was brought to Council's attention, by the Secretary, that many of the sponsors of the dances are not paying the tax claiming an exemption for one reason or another.

Mr. Brandt advised there should be no exemptions and he will get in touch with the main offender and advise no permits to be issued for dances until all of the admissions taxes are paid.

Police
Cars

Mr. Hurley referred to the poor condition of the Police Cars and the expense of trying to keep them in order.

Chief Cloghan recommends that Council trade the two 1963 cars in on 1964 cars and get delivery quicker, as well as save money, rather than wait for 1965 models. He also recommends buying standard cars rather than cars specially built.

Mr. Hurley recommends heavier cars.

Mr. Cully says for the safety of the police as well as the residents of the Borough, we should have heavier cars.

Mr. Love thinks the idea of getting 1964 cars a very good idea.

Motion by Mr. Love, seconded by Mr. Cully, that Council declare an emergency and advertise for two cars to be used as Police Cars, bids to be opened on September 22, 1964, either 1964 or 1965 models. Carried and so ordered.

Recreation

Mr. Duncan reports he has been asked if the Borough will put in a couple of basket ball courts. He recommends they be erected and that at the north west corner of Bronx Field, a back stop be erected for use of the little fellows who are not on a little league team.

Mr. Richey suggests a basket ball court with hard surfacing which can be converted to use for ice skating in the winter. It would make a better skating area.

Mr. Hurley advises going ahead this year and erecting the basket ball court this year.

Carried and so ordered.

Mr. Cully advises some recognition should be given to the new recreation area at the Frankfort Avenue area by placing a sign that it is provided by the Borough of West View.

Mr. Richey suggests that some publicity be given to the swim program which was so successful this year.

2005 children were taken by bus to North Park Swimming Pool at a cost of 70½¢ per round trip, and seemed to be enjoyed by the children.

Motion by Mr. Powell, seconded by Mr. Richey, that Council adjourn.

THE TOWN COUNCIL OF THE
BOROUGH OF WEST VIEW.

NOTE: This appeared in the Allegheny Journal.

THE BOROUGH OF WEST VIEW
September 22, 1964.

Minutes of a Special Meeting of The Town Council of The Borough of West View, held in the Council Chamber, September 22, 1964.

Meeting was called to order by President of Council E. M. Hurley, at 8:06 P M, and was opened with a moment of silent prayer.

Mr. Drummond presented his Oath of Office which was duly accepted. Roll Call was answered by Councilmen Hurley, Cully, Drummond, Duncan, Freese, Powell and Richey. Mayor Love, Treasurer Seethaler and Manager Winner were present.

Mr. Hurley read the official notice for the meeting which was to take action on the purchase of two cars to be used for police work.

Moved by Mr. Powell, seconded by Mr. Richey and so ordered that the bids for two police cars be opened.

The following bids were received:

The North Side Buick Company bid \$4,736.64 plus the two 1963 Chevrolet trade-ins for two 1965 Model 5269 four door sedan Buicks as per our specifications.

The Baierl Chevrolet Inc. bid \$5,964.00 less \$2,989.00 trade-in for two 1965, Model 15469 Chevrolets, making a net cost of \$2,975.00 for the two cars. The equipment is listed in the bid was in accordance with the official specifications.

Wright Pontiac Inc. bid \$5,081.10 less \$2,989.00 trade-in for the two Chevrolets for two four-door, 1965 Pontiac Catalinas. The list of equipment to be supplied was in accordance with the specifications. Delivery to be 30 days from date of announcement.

In summary, the net cost of each Buick is \$2,368.32; each Chevrolet is \$1,487.50 and each Pontiac is \$1,535.55. The probable delivery date was stated by Pontiac only.

Mr. Hurley gave a resume of the maintenance costs of the Chevrolets and stated they were purchased upon recommendation of the former Mayor. Mr. Richey inquired about transmissions and contacted Wright Pontiac for an explanation of 2-barrel and 4-barrel carburetors. He was advised that a 2-barrel carburetor is satisfactory up to speeds of 70 miles per hour but above that speed, a 4-barrel carburetor would be more efficient. Mr. Freese stated that the West View Garage did not submit a bid since Ross Township had purchased a Ford for police work and it did not prove entirely satisfactory.

Mr. Duncan was of the opinion that we advertised at an inopportune time and recommended readvertising for bids to be opened at the next regular meeting, October 13, 1964.

Mr. Powell favored the specifications as submitted.

Mr. Cully recommended specifying the horse power as 300 or above.

Motion by Mr. Duncan, seconded by Mr. Cully, and so ordered to reject all bids.

Page #2 - September 22, 1964

Motion by Mr. Cully and seconded by Mr. Duncan to readvertise for two police cars having a minimum of 300 horse power and that the name of the model be stipulated in the bid, bids to be opened at the October 13 meeting.

The motion passed with Mr. Powell voting in the negative.

The meeting adjourned at 8:55 P. M. upon motion of Mr. Duncan, Mr. Freese seconding.

Officers' Reports

Motion by Mr. Powell, seconded by Mr. Richey, that the reports of the following officers be received and filed.
 Mayor, Treasurer, Controller (No Report), Chief of Police, Chief of Fire, Secretary and Manager.
 The Solicitor deferrs his report until later in the Meeting.
 Motion carried and so ordered.

Committee Reports

FINANCE COMMITTEE - Mr. Duncan, Chairman. Not much to report but Finances look good.

PROPERTY & PURCHASE COMMITTEE - Mr. Drummond, Chairman. No report.

PUBLIC WORKS COMMITTEE - Mr. Freese, Chairman - Manager covered report of Public Works.

POLICE & PUBLIC SAFETY COMMITTEE - Mr. Cully, Chairman. Mr. Powell reported for Mr. Cully that he has a petition to present to Council with 43 signatures to change traffic from two way to one way on Amherst Avenue from Lehigh Avenue to Cornell Avenue. Mr. Hurley referred the petition to the Mayor, who with the Chief of Police, will make a study and recommend their findings. If necessary, they will have a trial period on one way traffic to determine if it is for the better.

FIRE & WATER COMMITTEE - Mr. Powell, Chairman, reports the Fire Department wants six new ten ply tires for No.2 truck. The Fire Underwriters recommend not using longer than six years on account of dry rot. Mr. Winner can use the tires from the fire truck on a Public Works Truck.

Motion by Mr. Powell, seconded by Mr. Freese, that six new ten ply tires be purchased for No.2 Engine.

Page #3 - October 13, 1964

Carried and so ordered.

Mr. Powell had a complaint about the cherry trees having been taken down from in front of Stuver's Tavern.

Mr. Hurley advised the high trucks were hitting the trees and he ordered them taken down.

PUBLIC RELATIONS COMMITTEE - Mr. Richey, Chairman, reports there have been no meetings for him to attend but referred to Recreation as follows:

He advised the date for the Halloween Parade will be October 28, October 29 to be the Rain Date.

Motion by Mr. Richey, seconded by Mr. Powell, that an appropriation in amount of \$350.00 be used by the Recreation Committee for this Halloween Celebration.

Carried and so ordered.

Mr. Richey recalled that at the last meeting of Council, it was considered installing an additional backstop at Bronx Avenue Field and some basket ball equipment.

He suggests postponing this until after January and have it ready for next spring.

The Committee is planning on having Ice Skating at the field again this year.

He reports new equipment has been installed at the Frankfort Ave. play area, swings, slide, sandbox, etc., and the children are using it and as we go along, they will get more use at the area.

Audience
Cipka
Sept Tank

Dr. Cummings, Health Officer and Mr. Abt, a Member of the Board of Health were in the audience. They referred to the Cipka Sewage being directed from the house out into the open, going down the hill toward Ross Township. The house was built thirty five years ago, and no septic tank was installed. The Board of Health would like to have an opinion from the Solicitor as to whether the Borough can force the owner to install a septic tank. Mr. Womsley will refer the matter to Mr. Brandt.

Mr. Abt also had a complaint regarding the Laundromat. There is a duct for the dryers up the building, part way, and Mr. Wirtz and Mrs. Falk get the odor from the gas fumes.

Mr. Winner advises the dryers do not use gas but are electric.

Mr. Abt feels there is a condition which may be injurious to the Health of the residents of the second floor and suggests that the duct should be continued above the roof to take the fumes away.

The Board of Health would like an opinion from the Solicitor.

Flu
Shots

Dr. Cummings advises that through the Allegheny County Medical Ass'n. shots for immunizing against Flu can be administered to the Borough Employees and to the Firemen. He will supply the syringes and the vaccine can be obtained, but he will need someone to help him to administer the shots. The Firemen and Police are included in this program - it is a turnabout "Protect those who Protect us."

Page #5 - October 13, 1964

with power to act.

Roll Call - Ayes: Messrs Cully, Drummond, Duncan, Freese, Richey and Hurley. Nays: Mr. Powell.
Carried and so ordered.

Guard at
Parking Lot
Authority
Bldg.

Mr. Freese asked what has been suggested regarding a guard rail or protection at the parking lot at the Authority Building.
Mr. Winner is to inquire of the State Highway Department as to the parking area being out toward the sidewalk instead of toward the building.

Traffic
Highland
Avenue

Mr. Duncan inquired about the traffic lines on Highland Avenue approaching Highland Avenue. He is advised the State Highway Dept. is preparing to paint the lines.

Highland
and Bronx
Intersec.

Mr. Love, under unfinished business, called attention to complaints about the intersection at Highland Ave., Bronx Avenue and Welling-
ton Drive. So far the Borough has not been successful in getting anything done about the terrace at the last house and suggests that if one tree could be taken out at the corner, and the curb knocked down, a motorist would have a wide turn and could get out more toward the roadway and have an opportunity to see if anything is coming up Highland Avenue.

Mr. Winner advises the tree is on Borough property and could be removed.

Mr. Richey is opposed to removing a tree. He says each year we have less trees in the Borough and he feels if the owner of the property were to be informed that the tree would have to come out to provide safety, it may be she would consent to having something done to the terrace, which is really obstructing the view.

New
Business
Dance
Permits

Mr. Hurley advises that West View Park Company request that the fee for a function held at the Star Ballroom or Danceland, which is now \$10.00 be cut to \$1.00. This would enable them to book more dances and the Borough would realize more money through the admissions taxes charged on such functions.

Mr. Love suggests that we notify the Park that the Police are going to collect the admissions tax and he feels that West View should respect their appeal to reduce the permit fee.

Motion by Mr. Richey, seconded by Mr. Powell, that the permit fee be reduced to \$1.00, and that the ordinance be amended accordingly.
Carried and so ordered.

Ceiling

Mr. Powell called attention to the new section of ceiling in the Council Chamber and recommends it be installed over the entire ceiling in the Council Chamber.

Mr. Hurley said he was going to recommend that Mr. Winner have it done.

Strout
Realty

Inquired as to whether the Borough would be interested in buying Lots 103 and 105 Glenmore Avenue, owned by George Raab or selling lot owned by the Borough. The answer is "No".

Page #6 - October 13, 1964

Gaertner Sewer Mrs. L. Gaertner, 50 Chalfonte Avenue, advised Council, by letter, that she had some trouble with her sewer caused by a tree root and asked if the Borough would reimburse her in amount of \$47.00, the cost of clearing up the trouble.
Mr. Winner had already advised Mrs. Gaertner this was not the responsibility of the Borough since the tree was on her property and it was her private sewer.

Cresson Ave. A letter was received from the residents of Cresson Avenue thanking the Borough Manager for the fine job he had done in widening Cresson Avenue so they could get their cars off Glenmore Avenue.

J P Hearings Motion by Mr. Cully, seconded by Mr. Freese, that Mrs. Guckert be paid her expenses when going to J. P. for Wage Tax Hearings.
Carried and so ordered.

State Bd of Health Mr. Winner has received a letter from the State Board of Health relative to some sewer spurs that have been installed over a period of years for which no State permits were obtained.
He will endeavor to get this matter straightened out with the State Board of Health as quickly as possible.

Mayor's Office Mr. Hurley advised Council he had a request from Mayor Love for some improvements in his department and called upon Mr. Love to enumerate them to Council.
Mr. Love requests more space, equipment, etc.
The matter is referred to the Police & Public Safety Committee and there will be a meeting with this Committee and the Mayor, and they will present recommendations to Council.

Officers' Reports

Reports from the following officers were received and ordered filed: Treasurer, Chief of Police, Fire Chief, Secretary and Manager. The Manager added verbally to his report and recommended as follows:

The proprietors of Barnett's Market, Harvard & Center; Lindow's Store, Center & Bronx, and Downes Beefburger, North Park Road & Perrysville Ave. feel slighted that colored lights are not provided for their places of business for the holidays. It is proposed to make up strings of lights of appropriate lengths and to lend same to these business people with the provision that they connect them to their own source of electricity and to maintain them.

A section of roof at the front of the building should be replaced as it continually springs leaks due to expansion and contraction with the weather.

The tires on #2 fire truck have been replaced with first grade, 10 ply Goodyear tires, but some of the firemen preferred a different brand.

Requests have been received to replace the street light on Perrysville Avenue at Oakwood Avenue with a 1000 C.P. mercury light to reduce vandalism at Brant's Garage and the ACC Carrier Corp. and to install a light near 118 Jamaica Avenue to eliminate a dark area.

The Manager was authorized to proceed with the above recommendations and also to check the condition of the sidewalk on Chalfonte Avenue opposite the entrance to the Junior High School.

Solicitor's Report

The acting Solicitor presented and read Ordinance No. 1083: An Ordinance of the Borough of West View amending Ordinance No. 1067 by revoking Section I thereof in its entirety and substituting therefor a new section I, which provides inter alia, for a permit fee of one dollar for certain dance permits, which dances are sponsored by certain enumerated organ-

izations and Ordinance No. 1084.

An Ordinance amending Ordinance No. 872, being the Traffic Ordinance of the Borough of West View, by further regulating parking on Perrysville Avenue in the Borough of West View, and providing penalties for any violation of the within parking regulations.

Committee
Reports

FINANCE COMMITTEE - Mr. Duncan, Chairman, reported that the balances are about the same as this time last year and are satisfactory.

PROPERTY & PURCHASE - Mr. Drummond, Chairman, reported that the Plymouth Fury were selected as new police cars and that their selection was influenced by the 50,000 mile warrantee, good brakes, local service and that these cars are about 200 pounds heavier than some other makes. He also reported that the Mayor wanted larger quarters and that the remodeling of the new office is well under way.

POLICE & PUBLIC SAFETY - Mr. Cully, Chairman, reported on the hazardous crossing for children and older pedestrians at Roxbury Lane steps and Perrysville Avenue. He recommended investigating the possibility of providing a walk through West View Park property. Mr. Cully will contact the Park authorities regarding this matter and the Police Chief was instructed to put a school guard at this location until the problem is solved.

FIRE & WATER - Mr. Powell, Chairman, reported that he was to have had a letter from the firemen regarding the new tires on #2 Engine and that the wheels had been scratched in changing the tires, but that he has not received the letter at this date.

He also explained why he voted "no" on authorizing the committees to have power to act in purchasing the police cars. He stated that the Councilmen are elected by the people and all Councilmen should have a voice in the selection.

Mr. Powell asked about the petition to make Amherst Avenue a one-way street. Mr. Hurley read the report on this subject from the Mayor, in which the Mayor suggests that the matter be tabled until he can contact some of the signers of the petition.

Audience

Mr. & Mrs. Huber and Mrs. Patton were in the audience and expressed disappointment that Amherst Avenue was not made a one-way street.

Mr. Albert Gruber explained the extra cost for materials incurred by Edwin Bairhalter in installing the sewer at 213-215 Park Avenue on account of the inaccuracy of the survey as prepared by Donald Tait. Moved by Mr. Duncan, seconded by Mr. Drummond and so ordered that Edwin Bairhalter be reimbursed \$79.42 for materials and that the Manager attempt to collect this amount from Mr. Tait.

Old
Business

Mr. Hurley reported that the Girty's Run Joint Sewer Committee had suggested that each participating municipality pay monthly dues to the association to cover anticipated expenses. Action on the suggestion was held in abeyance.

The Mayor's letter pertaining to the removal of a tree at Wellington Drive and Highland Avenue stated that the removal of this tree would not solve the traffic problem and that he would continue to negotiate with Mrs. Zinkell for the removal of her pine trees. Mr. Duncan suggested that the State Highway Department might be asked to remove the hump in Highland Avenue east of the intersection. Action was withheld pending the return of the Mayor.

New
Business

A letter from J. William Blythe, President of Lincoln Borough Council outlined objections to the County's plan for garbage disposal and enclosed a form of resolution to be adopted and forwarded to the County Commissioners. Action on same was deferred pending an opinion from the Solicitor.

A letter from the Solicitor stated that the 1955 and 1956 Borough and School taxes on the Eva M. Gross property, Park Avenue, had been filed as a lien in amount of \$271.32, but the taxes had been paid to James Nudi, Collector on April 2, 1957 by John E. Winner. He enclosed a resolution to be adopted for granting a refund of the above amount.

Moved by Mr. Powell, seconded by Mr. Duncan and so ordered to adopt Resolution No. 813 authorizing the Solicitor to satisfy the 1955 and 1956 lienied Borough taxes assessed against Eva M. Gross.

RESOLUTION NO. 813

WHEREAS, the said taxes have been lienied and remain open of record as appear in Series 8, Volume 120, pages 103 and 105; and

WHEREAS, the Solicitor has examined the said cancelled check of John E. Winner, Attorney, and has found it to be in proper form;

Under Question - Councilman Powell does not approve payment for 2 Police Cars purchased from Wm. H. Brant Sons, Inc.

Officers' Reports

Motion by Mr. Freese, seconded by Mr. Cully, that the Reports of the Mayor, Treasurer, Chief of Police, Chief of Fire, Secretary and Manager be approved.

The Solicitor defers his report until later in the meeting.

The Manager, Mr. Winner, added to his report on the odor similar to gas about which he is having many complaints. Mr. Winner has been investigating the matter and will continue to endeavor to find the source.

Mr. Winner advised that a Contractor desires to build on the rear of a lot facing Dartmouth Avenue at the corner of Kenyon Avenue. This would be a variance from the Zoning Ordinance.

Mr. Ford Rankin, whose home was built many years ago, is located to the rear of the next lot.

Mr. Freese suggests conferring with Mr. Rankin to see how he feels about this.

Mr. Richey has no objection if this will be the only house in the area.

Mr. Winner is directed to see Mr. Rankin and if satisfactory to him, Mr. Winner is to use his judgment.

Mr. Winner advised Council that Mr. Derr was disappointed that no Christmas lights were installed in front of his building. However, there is no outlet to which the lights can be connected, but Mr. Winner will see what can be done.

Committee Reports

FINANCE COMMITTEE - Mr. Duncan, Chairman. Motion by Mr. Duncan, seconded by Mr. Freese, that \$1,000.00 be transferred from the General Fund to the Sinking Fund for January 1 obligations. Carried and so ordered.

Mr. Duncan reports to Council that the Borough is ending the year "not too bad off", that the Wage Tax Collection is up about seven thousand dollars and the Sewage collections have come up.

PROPERTY & PURCHASE COMMITTEE - Mr. Drummond, Chairman, reports the two new Police Cars are in service and the Chief seems to be satisfied with the cars.

Mr. Drummond reports the Mayor is waiting for the draperies to complete his office.

PUBLIC WORKS COMMITTEE - Mr. Freese, Chairman, no report as Mr. Winner has covered his report. Mr. Hurley advised that he feels Mr. Winner has done everything that can be done in trying to clear up the gas odor.

The matter of the odor was brought up at the Board of Health Meeting and Mr. Abt thought perhaps it comes up from the sewers. Mr. Winner said the Bureau of Mines had used a gas detector and recommended the Borough purchase one. However, it is not sewer gas, according to the different tests that have been made. Motion by Mr. Drummond, seconded by Mr. Duncan that Mr. Winner be authorized to purchase a Detector at a cost of \$100.00.

Carried and so ordered.

POLICE & PUBLIC SAFETY COMMITTEE - Mr. Cully, Chairman, No report.

FIRE & WATER COMMITTEE - Mr. Powell, Chairman, reports the roof at #3 Engine House leaking and should be repaired.

Mr. Winner said the Penn Perry Roofing Company are coming out to repair the roof.

Mr. Powell advised that the Fire Department request 500 ft. of 1½ inch hose, two fire hydrants, one at Waverly and Center and one at Princeton and Center Avenues.

Mr. Powell also reports the Firemen at #2 Company want to meet with the Fire & Water Committee this week.

PUBLIC RELATIONS COMMITTEE - Mr. Richey, Chairman, reports he attended a meeting last week of the North Community Public Library Association. They have gotten off the ground and reported they had obtained the services of Paul Otto to help and he has attended meeting with three Judges, Vandervort, Cercone and Montgomery, to draw up an agreement which will be the start of the Library. He asked that our Solicitors meet with the Judges on December 15.

Mr. Brandt took note and Mr. Richey asked him to let Judge Montgomery know one way or another.

It is felt that Ross is the biggest stumbling block as Ross is not interested. The other question is whether it is going to be a costly proposition and it is a question whether we get started.

Mr. Hurley commended Mr. Richey on his being so faithful in attending the meetings.

Mr. Brandt will probably get an idea at the meeting as to what the costs will be.

On Recreation, Mr. Richey reports the area for ice skating is ready and that he will come up with some ideas for the money to be spent before the Budget Meeting.

Referring to the Pension Fund, Mr. Richey inquired as to whether at the end of the year the Borough could place more money into the Pension Fund.

No action taken.

Page #4 - December 8, 1964
