Have a couple of Ordinances -

ORDINANCE NO. 1301 - AN ORDINANCE ESTABLISHING ANN ARBOR AVENUE AS A ONE-WAY STREET FOR VEHICULAR TRAFFIC TO TRAVEL SOUTHBOUND FROM HIGHLAND AVENUE. Motion to adopt Ordinance No. 1301 made by Joseph Nowark and seconded by William Cummings.

Question -- Robert Eardley said he lived at the corner of Highland and Ann Arbor. First of all, I have no objections. It is a good idea. Just thought that since there had been no changes over there in 30 years why, all of a sudden, this come up. What is the motive?

Mr. Daugherty said that about a year ago, someone had requested a Stop Sign for traffic coming off Union Avenue. The State Department of Transportation came out and did a Survey. They decided the YIELD Sign there was enough. However, at that time, they did suggest that the Borough might consider making Ann Arbor Avenue One Way going in off of Highland Avenue.

Mr. Eardley further said, as they are passing this Ordinance, you might want to consider better maintenance of 11th Alley which runs between Lehigh and Ann Arbor behind Highland Avenue. The weather hasn't been too bad this year, but last year it seemed that this alley was ice-covered all Winter. Mr. Kovac advised this Alley is up on the Board for Salting and plowing as soon as possible after each snowfall.

Mayor Powell said that Highland Avenue and Ann Arbor is almost a completely blind corner and the One Way into Ann Arbor would eliminate an unsafe condition at that particular corner. Motion carried, and so ordered.

ORDINANCE NO. 1302 - AN ORDINANCE AMENDING THE CODE OF THE BOROUGH OF WEST VIEW TO ESTABLISH AS A CONDITIONAL USE, AND THE CREATION THEREOF FOR OFFSITE ADVERTISING. Motion to Adopt Ordinance No. 1302 made by Joseph Nowark and seconded by William Cummings. Motion carried, and so ordered.

The Borough Workers are very, very busy with salting of streets and trying to keep up with filling in Potholes. they are getting them as fast as they can but will, now, have to wait until we get a break in the weather.

Have talked with Bill Wunderly regarding the Redevelopment Authority and asked them to stay together. He advised they would be happy to. They have a Meeting coming up and will discuss and let us know.

We now have access to the back Parking Lot between the Affolder and West View Savings Buildings. We started a Driveway Project further up the Highway which we feel will clear some of the traffic in the Area of West View Savings and Driveway to Borough Building. They will be using the new area as an EXIT ONLY on to the Highway. We hope to complete this Project when there is a break in the weather.

I announced at the last meeting there was going to be a Basketball between our Fire Companies and WEEP. They killed us. However, we did raise \$410.00 which was given to the West Penn Burn Unit.

At this time, would like to make a Motion to Close Out the #2 Fire Company Fund and put it in the General Fund. Motion seconded by William Cummings. Mr. Smith said this was the money for their New Building. Motion carried, and so ordered.

Up at #3, they are remodeling the Men's and Ladies' Rooms. There is \$500 in the Budget from the Borough. They think total job will be around \$1,000 and have voted to pay the Balance of this amount out of their General Fund. Most of Replacements are Original Fixtures when the Building was put up.

Up at #1, they have been working on the Doors. Lou Wesling is retired, now, and worked on Tumblers, etc. The doors are now in working condition. It previously took only a slight push to open door.

Over the Weekend, we had two very bad fires. One was at 11 PM and the second one called in about 1:30 A.M. The second one was on Glenmore Avenue and I was at the corner of Ashford and Glenmore with traffic. Was not aware there had been a fatality. It was probably about 4:30 A.M. when everything was finally cleaned up from both fires.

Public Relations and Recreation - Mary Kay Bernhard

Motor Vehicle Code Violations - Allegheny County - \$150 and Dist. Magistrate \$596.50, Parking Violations (Tickets) \$43.00 -- Violations of Ordinances, Statutes, Etc. \$168.50 Total Receipts - February, 1986 were \$958.00.

Received letter from Members of the Police Force regarding a Grievance filed because of scheduled Vacation time. Have to schedule five days at a time and feel this is discrimination. If they don't have vacation time, they have to miss Family activities and this creates a hardship. Joe Szalinski, Chairman of the Police and Public Safety Committee, is in Hospital but as soon as he is available, there will be a Meeting scheduled with the Committee, Chief Kircher and me.

Have a letter from Dave Urban regarding a ticket he received on August 3rd Last Year. He has requested money from the Borough for time lost from work. He went downtown to appeal the Ticket. He enclosed a copy of the appeal and receipt from court. I am turning this over to Fred Baxter, our Solicitor for an Opinion. If Mr. Urban had paid the \$5.00 at the beginning and not appealed, it would have saved him two days downtown.

Chief Kircher asked if he could say something. Just wanted to say that Mr. Urban said he was found Not Guilty. This is not the case. He was found not guilty on a technicality due to the manner in which the Ticket was written.

David Urban, 60 Lakewood Avenue - Have comment to make and question for Mr. Daugherty. Have sent letter to Mayor Powell stating that I was found Not Guilty on the Ticket

I received and I feel I should get my money back for the time I lost.

Chief Kircher said Mr. Urban was not found not guilty -- it was due to a technicality when the citation was written up in the wrong section of the Motor Vehicle Code.

Mr. Urban asked if Lipp Avenue was in West View as he could not locate on his copy of the Voter's List. Mr. Daugherty indicated one half was in West View and half in Ross Township. Mr. Urban said that he was asking because one Saturday he was over there and saw a Police Officer in Uniform shoveling Snow. As a Taxpayer, I want to know if he is injured himself, would the Borough pay Workmen's Compensation on him? One of the reasons you gave for raising Millage was the higher rates on Liability. Mr. Daugherty said that this Officer's elderly Mother lives with him -- that was his reason for moving over there -- he wanted to make sure she did not fall. Secondly, he was on his owntime and we cannot tell anyone what to do during their lunch break. Sometimes they do not get full time for a break -- they are always on Portable and available for emergency calls.

Mr. Urban asked if Mr. Daugherty knew a Mr. Dannemueller who works for the West View Water Authority. Mr. Daugherty said that 's my Son-in-Law. Mr. Urban said he saw him parked in front of 26 Lakewood Avenuethe other night for two hours. Mr. Daugherty said this is not Borough business but he would like to inform that Mr. Dannemueller is a Foreman and available 24 hours a day. He uses car to go back and forth to work. Mr. Urban asked if he is charged if he uses it for personal business and Mr. Daugherty said yes.

Mr. Urban thought guidelines shold be set up for Officers. One of the Reasons the Borough gave for raising Millage was the cost of Liability Insurance.

Mr. Daugherty said that the Officer was on his own time -- we don't set a Schedule for lunch breaks. They take breaks when they can and sometimes they don't even get the full time.

New Business

Mr. Smith asked about Dumpsters - have had Dumpsters in past years to get rid of Trash that they don't take on regular pickup day. Is there any chance of getting them back this year?

Mr. Cummings said last year was the firstyear we did not have Dumpsters and that our Pickup Men take almost everything you put out. Mr. Daugherty asked Mr. Kovac to check into the cost and bring back this information so we can make a final decision at the April Meeting.

Mr. Cummings said reason we didn't get them last year was because of the Total Cost we also have to have our Men posted throughout the daylight hours to check identification -- we felt it was too costly.

Agenda

Motion to read Proposed Resolution No. 1106 made by Bernard Smith and seconded by William Cummings. Motion carried and Mr. Daugherty read Resolution No. 1106 - A RESOLUTION OF TOWN COUNCIL OF THE BOROUGH OF WEST VIEW AMENDING THE MUNICIPAL EMPLOYEES TRUST AGREEMENT. Mayor's Report - Richard E. Powell

Motot Vehicle Code Violations - District Magistrate \$568.75, Parking Violations (Tickets) \$76.00, Violations of Ordinances, Statutes, Etc. \$410.00 -- total Receipts for March, 1986 were \$1,054.75.

Received letter addressed to Chief Kircher from J. R. Henry of the Ross/West View EMSA. Mr. Henry wanted to Thank two of our Police Officers for their help on February 12, 1986. EMS needed help bringing a patient down from the fourth floor of a building for Transport. Two Officers were Sgt. Holtgraver and Patrolman Bruce Fromlak.

At last month's meeting, we received letter from Mr. Urban --he is not here, tonight. He wanted the Borough to pay him \$218.25 for time lost to go Downtown to appeal a Ticket. I gave the letter to Fred Baxter and Mr. Urban's request was turned down. Mr. Powell read Mr. Baxter's letter in its entirety.

I understood Union Avenue was to be closed for a year on April 28th. Got in touch with PennDOT to see if they could change the timing on the Traffic Signals at Center Avenue and Perry Highway. I checked it myself the other day and you sit on Center Avenue for 2 Minutes and 55 Seconds before the light changes.

Bellevue Road will be closed April 10th or April 11th and all traffic coming through West View to and from Bellevue will probably be using Center Avenue. I talked with Jack Stahl. They are going to try to change the timing but have to contact the Traffic Engineer and he is supposed to get back to me. As of today, I have had no reply.

At the last Council Meeting on March 12th, I reported our Liquid Fuel CD would be
reinvested for \$68,784.25. However, it was reinvested for \$68,884.25 - this was a
result of a \$100 Credit issued by Morton Salt. This CD will mature on Monday,
April 14, 1986. Upon maturity, the face amount, along with the interest earned, will
be reinvested for another 30 Days to earn interest. We also received our 1986 Liquid
Fuel Tax Check Allocation on Wednesday, April 2, 1986 in the amount of \$69,054.41.
This money was invested in another CD on April 3, 1986 for 32 days to earn Interest.

Real Estate Tax Collection Deposits for the month of March totaled \$2,457.32 - all
being used to defer our March Expenditures.

The Second Quarterly Payment for entitlement Period 17 of the Revenue Sharing was
received by the Bank and immediately invested in a CD in the amount of \$16,931.00 for
62 days to earn Interest. Also, the CD we purchased with the First Quarterly Payment
of \$16,931.00 will mature on Friday, April 11, 1986 and will have earned interest of
\$302.88. Upon maturity \$17,233.88 will be reinvested in a CD for 60 days to earn
Interest.

Wage Tax Collection deposits for the month of March totaled \$20,096.30 less \$239.00
that was refunded. Net Collection of Wage tax to be split between West View and
the North Hills School District is \$19,857.30. The Borough's Net Proceeds are
\$9,928.65. These Funds are being deposited into the General Fund Checking Account
to help offset Borough Expenditures in April.

Judy Atkins - 176 Georgetown Avenue -- Wanted to reply to a letter I received from Fred E. Baxter regarding our Garage which he says must be torn down. The Doors need straightened and it needs some paint. We were unable to do this due to the Weather and my Husband has been off work for 5 years due to a broken back. For the last five years, we haven't been able to do much.

We have had Bob Hatfield on the front porch telling me to do something -- or else! Allegheny County Health Department was out and we were given a clean bill of health by them on May 17, 1984.

We were brought before Mark Devlin and he said he was going to push the Garage over and then condemn the house -- we should get out of the Borough.

Have been harassed by the Neighbors. Bob Aguglia has stood in the yard and yell at me and it is their Child that is always teasing the Dogs. We have been getting obscene calls and my childre have been haraased.

This is the worst place I have ever lived in -- have been here for 15 years and people have even accused us of having a Dead Horse out at the side of our house.

We have been constantly harassed for the last five years and have to do everything ourselves. The neighbors don't care and no one has offered to help us.

Mr. Daugherty said the Borough has had numerous complaints and nothing seems to be done. I know the former Borough Manager contacted you and nothing has ever been accomplished. As far as Allegheny County, we have never received a Report from them.

Mr. Kovac has contacted you and requested certain things be done. He has had no compliance to his requests. He is proceeding according to the Borough Code and is just doing his job. Mr. Baxter gave us Aolicitor's opinion and, again, he is just following the Borough Code.

Mr. Baxter said he would need to have on record that Council instructed Mr. Kovac to provide them with a full report to Council before the next Meeting. After receiving Mr. Kovac's Report to Council he will proceed with the necessary paperwork. Mr. Daugherty asked Mr. Kovac to prepare a full report to Council.

Mr. Smith reported that he had attended the Conference at 7 Springs.

About four years ago, we entered into an agreement with Municipal Risk Management, Inc. This year, we received a Dividend of \$9,098.74. According to the Printout provided with the Check, the Borough of West View has received a Total of \$39,514.94. This is all money given back to the Borough. Mr. Smith gave the Check and Printout to Mr. Daugherty. The Check will be deposited in the General fund.

Mr. Cummings said that he also attended the Conference. At one of the meetings, we were advised that Revenue Sharing will be extended. We had been advised that it would be discontinued later this year. Mr. Smith said this was so and that we won't be getting as much but at least it was not discontinued.

Mr. Kovac has requested permission to use Liquid Fuel Money in the appropriate amount for Road Paving and to Advertise for Bids to do the necessary Paving. Motion made by William Cummings and seconded by Bernard Smith to Advertise for Bids for Road Paving. Mr. Daugherty asked Mr. Kovac which streets he would be doing and Mr. Kovac said that he and Mr. Cummings would be going out this week to check the Streets. Motion carried, and so ordered.

Mr. Kovac has asked permission to Advertise for Bids for a 1-Ton, 4-Wheel Drive Pickup - 1986 Model - with a Plow and Salt Spreader. Motion made by Joseph Nowark and seconded by Mary Kay Bernhard to Advertise for Pickup Truck. Motion carried, and so ordered.

Mr. Roy Tait has appeared before the Planning Commission regarding approval of construction of Ray Platt's Auto Body Shop on Rochester road. We have not received written approval from Allegheny County (they have advised on two occasions that we have verbal approval but nothing in writing). The Planning Commission has based their recommendation of approval on receiving written approval from Allegheny County. Mr. Daugherty said we will table this matter until next Month's Meeting.

We have an Agreement to be signed with C.O.G. regarding use of the Vactor and TV Camera for Sewer Cleaning for the year 1986. Agreement states that the Borough would pick up any Liability in addition to their current Coverage in the amount of \$1 Million. We have our Men working with this machinery in the past but did not have this Written Agreement.

Mr. Cummings said there is a lot of talk about Liability Insurance and would make a Motion to approve Agreement contingent on us checking with our Insurance Carrier to be able to pickup this additional Liability. Motion seconded by Joseph Szalinski. Motion carried, and so ordered.

We have advertised for Bids for Various Road Materials on March 4th and 11th. Mr. Kovac reported that we received 6 Bids as follows:

Wine - \$27,900 Northern Industries - \$30,900

Carnegie Tar Bid \$22,000 but did not Bid on the FJ-1 - this disqualified them

43rd Street Concrete - \$25,900 Russell Industries - \$28,400

The Low Bidder was 43rd Street at \$25,900 and I would like to recommend that we accept their Bid.

Motion made by Bernard Smith and seconded by William Cummings to accept Bid of 43rd Street Concrete at \$25,900. Motion carried and so ordered.

We have received a new Police Vehicle - Since we haven't been able to contribute any money to Ross/West View EMS in the past, we would like to suggest we donate the old Police Vehicle to them. We are looking at a 1982 (Car #62) with 95,000 Miles on it. We can charge them \$1. Motion to give former Car 62 to Ross/West View EMSA for \$1 made by William Cummings and seconded by John Gorman. Mr. Daugherty asked if we would have a problem with this and Mr. Baxter said no. Motion carried, and so ordered.

There is an Appointment to the Police and Genral Pension Retirement Board. The Term will run through 4/13/90 - William Cummings now serving. Bernard Smith Nominated William Cummings for Reappointment. Motion seconded by Joseph Nowark. Motion carried, and so ordered.

Also open is Police and General Pension Retirement Board - Balance of Mary Lou Mizak's Term through 4/13/86. Borough Employees have Nominated Joe Halder. Motion to appoint Joe Halder to Police and General Pension Retirement Board - term through 4/13/87 made by Bernard Smith and seconded by Joseph Szalinski. Mr. Smith indicated that Mr. Halder would be serving as representative for General Employees only -- not Police. Motion carried, and so ordered.

Mayor Powell asked about J. R. Henry's request for a Direct Phone Line to EMS. Mr. Kovac said everyone had been contacted and it will be installed within the next few eeks.

Mr. Kovac mentioned he would like to Advertise for Bids for a Front-Load Backhoe. This would be to replace our 15-Year Old Hi-Lift. Motion by John Gorman and seconded by Joseph Nowark to Advertise for a Front-Load Backhoe. Motion carried, and so ordered.

Mr. Szalinski wanted to Thank everybody for their notes and best wishes during his recent illness -- didn't think he would be back so soon.

Mr. Heagy asked if Council was going to accept Computer Warranty in the amount of \$4,500. Motion made by Joseph Nowark and seconded by Joseph Szalinski to accept Computer Warranty in the amount of \$4,500. Motion carried, and so ordered.

Members of Council present were: Daniel M. Daugherty-President, Mary Kay Bernhard-Vice President, William H. Cummings, John P. Gorman, Joseph J. Nowark, Bernard J. Smith and Joseph J. Szalinski. Also present were: Richard E. Powell-Mayor, Francis F. Heagy-Controller, Fred E. Baxter-Solicitor, Bob Zischkau-representing Bankson Engineers, Joseph K. Assisi-Fire Chief, Laird C. Kircher-Chief of Police, Stephen H. Kovac-Borough Manager and Audrey A. Steuernagel-Borough Secretary.

Motion to Approve Minutes of Regular Meeting of April 9, 1986 made by William Cummings and seconded by Joseph Szalinski. Motion carried, and so ordered.

Motion to Approve Accounts Payable in the amount of \$49,290.09 and Payroll Transfers in the amount of \$54,649.25 made by Joseph Nowark and seconded by John Gorman. Motion carried, and so ordered.

Mayor's Report - Richard E. Powell

Motor Vehicle Code Violations -District Magistrate \$950.00 - Parking Violations (Tickets) \$44.00 - Violations of Ordinances, Statutes, Etc. \$344.00 -- Total Receipts for April, 1986 were \$1,338.00.

Mayor Powell said he had been talking with Chief Kircher. We are short a Policeman and we wrote to Eugene Coon requesting an Allegheny County Deputy Sheriff for three to four weeks or longer, if the need arises. Was talking with a Deputy and he advises they are cutting back or something and are bringing Deputies in from other Counties. As of today, we have had no word from Sheriff Coon's Office. Would like to have Chief Kircher call Captain Mona tomorrow.

Secondly, I have talked again to Morris Hill at the Post Office regarding the Snorkle Mailbox on Center Avenue. He advised that all Work Orders were cancelled and I would have to contact the McKnight road Office. I called them and talked to the Postmaster. He said he would make up a Work Order today but he was not promising us anything. There is also a new Bank opening in the next couple of weeks and they will need a Snorkle-Type Mailbox.

Called PennDOT about the Traffic Signal at Center Avenue and Perry Highway. No one ever got back to me, yet. I sat down there and it takes the light Two Minutes and 55 Seconds to let Traffic out of Center onto Perry Highway. Anyone coming down Center and turning left on the Highway really has a hard time. The other night, 16 cars came through and only 2 were able to turn left onto the Highway.

Mayor Powell read a letter from the VFW inviting Members of Council to their Annual Memorial Day Parade on Monday, May 26th - Rain or Shine. Parade will form on Center Avenue at Township Road about 9:30 and move out at 10 A.M. There will be Services at the Monument and they will return to the Post for Lunch. It was signed by Dave Moore, Parade Chairman.

Received letter last week which included a writeup regarding the death of one of one of our Life Members, West View Fire Department. He was 93 Years Old. He was a Member of #1 Fire Hall and his Name was Ralph Moore. Would like to request that we close our Meeting tonight in his Memory.

Have received request from West View Borough to approve an Agreement with the West View Municipal Authority-Waste Water Department in order that they may initiate Termination of Water Service to properties having Delinquent Sewage Accounts. Borough has to notify Property Owner, Allegheny County Health Department and Water Authority before requesting Termination. The Water Authority has this Agreement with other Communities for Delinquent Water Bills. It legally protects the Borough of West View and the Waste Water Department when they have to request Termination of Water Service. A copy of the Agreement must accompany each request for Termination.

Motion to sign Agreement between Borough of West View and Municipal Authority with regard to Requests for Termination of Water Service due to Delinquent Sewage Charges made by William H. Cummings and seconded by Joseph Szalinski. Question -- Steve Kovac Borough Manager will be Borough Official authorized to sign Requests for Termination. Motion carried and so ordered. Mr. Cummings and Mr. Szalinski indicated they were retired on set income and managed to pay their Bills -- only fair all Residents should pay, too.

Real Estate Tax Collection Deposits for the Month of April totaled \$13,195.40 - of this amount, \$1,224.00 were 1984 Delinquent RE Taxes. These Deposits were used to defer our April Expenditures.

Wage Tax Collection Deposits for the Month of April totaled \$127,554.41 - less \$434.99 that was refunded - Net Collection of Wage Tax to be split between West View and the North School District was \$127,119.42. H. P. Starr & Sons, Inc. 2-Wheel Drive \$27,477
4-Wheel Drive \$30,339

Shaul Equipment & Supply - 2-Wheel Drive \$21,000
4-Wheel Drive \$23,836

Mr. Gorman made Motion to Accept the Shaul Equipment Bid of \$23,836 for the 4-Wheel Drive and 48 Month Financing of \$573.22 per Month. Joseph Nowark seconded the Motion. Question -- Controller Frank Heagy wanted to specify that the Funding Source would be Liquid Fuel. Motion carried, and so ordered.

Public Works - William H. Cummings

Mr. Kovac and I have been surveying the Streets and, so far, have found three really bad streets. Will not give out Names but we are going out once more and will do as many as we can, depending on the Bid Results.

We are doing Potholes as usual and painting Curbs and Crosswalks as a safety measure.

Police and Public Safety - Joseph J. Szalinski

Nothing to report at this time.

Fire and Water - Bernard J. Smith

At previous meetings we reported that the #3 Fire Hall Restrooms had been remodeled. They did a really nice job and on Election Day, the Ladies will be surprised.

Have been having trouble with the Current Fire Horn system up at 31 Fire Hall on Ridgewood Avenue. Fire chief Assisi contacted Pittsburgh Communications regarding Repairs to the Base Station up ther and they quoted a Price of about \$233.22 this time. Feel that, eventually, we will have to do something with the entire System -- I have never seen such an Old System.

Public Relations and Recreation - Mary Kay Bernhard

Have some bad news -- we have been attempting to hold on to the Ridgewood School Building. At this point in time, the members of our Community are not making use of it and we cannot meet the Utility Bills. We are going to turn the Building back to the North Hills School District - this is a ver hard thing to do. Jay Nowark and I are on the Building Committee and it is hard to realize that we can't make a go of it. It is just not being used by the Community. We woule like to request that Town Council handle a Gas Bill in the amount of \$1,770.31. We will be notifying the School District and sending notices to the people that are using the Building that the facilities are no longer available after June 30th.

All of the people worked so hard to get the building cleaned up. They scrubbed walls and floors and set up a Library. They did a really wonderful job. Only three families made use of the Library. We have Two Rooms full of Books. Mr. Nowark has made arrangements to have them shipped out of the Country to Foreign Land Schools. Again, it is a hard decision but we have no other choice but to return it to the School District.

Mr. Nowark said he did not want to repeat but we really did try to save this Building for a West View Community Center and just did not get Community support. People involved gave of their time and effort 100%. We do not want to come to Council for help but simply cannot make the payment of \$1700 for the Gas Bill.

In the beginning, we came to Council and told you what we wanted and everyone supported us. As Mary Kay said, it is very hard to lose it after all that was done.

Mr. Daugherty thanked Mary Kay Bernhard and Joseph Nowark for all of their efforts. It is hard to find volunteer help in order to keep the Building up. Once again, would like to thank you for your help and please pass our thanks along to the Members of the Building Committee who worked so hard on behalf of Council.

John Gorman Made the Motion to pay the Gas Bill for \$1,770.31 for the West View Community Center. Motion seconded by William Cummings. Motion carried.

Jim Farenhold, 19 Richland Avenue - Here tonight due to a problem we are having on Richland Avenue. People are using Richland Avenue as a shortcut from Route 19 over to Center Avenue. There are two Stop Signs but they don't even slow down. Most of them don't live on the street and there are a lot of children. Maybe you could put a Stop Sign at Frankfort and Magnolia. Also, why can't the Police give out Tickets. Chief Kircher said the Police always respond to Complaints.

One of our neighbors suggested having Police come down in the busy time - around 5 PM -- it is really busy, then. They don't even slow down. They go right through the Stop Signs. There are no Sidewalks. I have been there for 7 years and am wondering why no one has been killed by now. In the Winter, there is a Spring down there and it ices up but Men always come down as soon as they can. Mr. Farenhold gave the Petition to Mr. Daugherty.

Mr. Daugherty asked the Mayor and Chief Kircher to check the area and maybe we could put an Officer down there for a couple days at 5 P.M. Mayor Powell asked if the Residents would consider having it a One Way Street. Mr. Farenhold thought they might put in a Speed Bump and Mayor Powell said this is illegal. If they decided on a One-Way Street, we could do it on a 30-Day Trial basis.

Bill Gatto - Magnolia Avenue -- Signs at Magnolia would probably not help. There are still cars coming up Frankfort to get to Ridgewood and the Highway. They don't even slow down before going up the hill.

Also, there are two cars parked right on the corner. I think they belong to the Shamrock Roofing. If you decided on One-Way, it should be from Oakwood over to ~~Ridgewood Ave.~~

Edward Kennedy, 220 Ridgewood Avenue -- Wanted to make suggestion that they put a 3-Way Stop at Bellevue and Cetner Avenues. A lot of people come off Glenmore and speed down Bellevue Avenue. Also you might consider No Parking on the Left Hand Side in front of the Dairy Store.

We received a letter from Lou Washowich, Mayor of McKeesport requesting our support for the establish a Greyhound Racing Track. They included a Sample Resolution for our consideration. All Members of council received copy of letter and Resolution. The matter was tabled until the next Council Meeting in June.

Public Works - William H. Cummings

Borough Workers are doing Potholes and Street Lining. Steve is working on Bids for Paving Projects this Summer. Mr. Kovac advised Advertisements for Bids have been placed and they will be opened for the next Council Meeting.

Mr. Cummings reported that the new Hi-Lift has been delivered and we will be training more than one person to run it in case someone is off due to vacation or sick time.

Police and Public Safety - Joseph J. Szalinski

Want to say we have one of the best emergency systems around. I happened to be in the Police Station the night of the severe storms. Really have to compliment the Police, Borough Manager and Borough Workers, Fire Department and Police Desk Personnel. Dom Lopez happened to be on Desk and was really running back and forth between Fire Alarm and Phones.

One thing I would like to mention. I didn't believe number of calls coming in regarding Lights being out. These people should have called Duquesne Light. Is there some way we can educate Residents to please not call in a situation such as this? We have no way of knowing what Duquesne Light is doing during emergencies.

Fire and Water - Bernard J. Smith

We are going to get new Tires on the Pumper at #2 - this will cost approximately \$1030.00 and is taken care of by Borough.

Up at #1 Fire Hall (the original Borough Building) had to replace Small Door - this was done at Firemen's Expense.

Joe Assisi discussed the Aerial -- it was purchased in 1960. The Law states that after 30 Years it must be totally Tested and Re-Certified. This costs about \$600. Our Thirty Years will be in in 1990 and maybe it would be wise for us not to wait that long.

Chief advised that we had couple of places flooded during that bad storm, but we had nothing nearly as bad as Shaler and Etna. Our people did an outstanding job and, in the past few weeks, some of our Men volunteered to go into Shaler and Etna and help with the clean-up. Some of the other communities have set up locations for donations for food, clothes, etc.

Public Relations and Recreation - Mary Kay Bernhard

Summer Recreation Program will run June 30th through August 24th. We will only have one Playground this year -- West View Elementary School. Playground Program is from 9 AM to 12 Noon and 1 PM to 3 P.M. - Monday, Wednesday and Friday. We will be taking Children to North Park for Swimming on Tuesdays and Thursdays. It will be a one-time payment of \$1.00 at Signup. Signup will be Tuesday June 24th from 6:30 P.M. to 8:30 P.M. at the Borough Hall. We will issue Badges for Swimming at that time.

We are still looking for one more Employee for the Summer Program - they must be a College Student. If you know of anyone interested in working the Program, contact Audrey or me for an Application.

With the Ridgewood Building closing, we are going slow and don't know how the Program will be received this year. Have to wait and see how many children will be coming over from the Ridgewood Avenue area.

We are working on the Senior Citizens Trip-- have nothing definite, yet.

Mr. Smith asked if he could say one more thing. Chief Assisi mentioned something about the current Fire Horn up at #1 - They have been having trouble with Base Station up there. Pittsburgh Communications recently did some repairs and total bill was over \$2,000. It is now back in service. System is really old.

Last month, we discussed having the Aerial - this is requested after 30 Years of Service. We thought it might be wise to have it tested early. The Aerial did not pass the Testing and I have taken it out of service. We could have it repaired and maybe when time for testing comes, it would not pass, again. With this in mind, I am going to check into the purchase of a new Truck. It would cost about \$275,000. Both Mr. Cummings and Mr. Smith thought the figure would be closer to \$400,000.

Chief Assisi said he recently checked and the Aerial would be about \$95,000 plus the Bucket -- would Total about \$275,00 -- possibly \$300,000. The Cost, right now, to Renovate the Aerial would be \$100,000. The Testing is due in 1990. I have talked with a couple of Communities who had their Aerials Renovated. At the time for testing, they were out of service, again.

We will not send anyone up on the Aerial while it is in its present condition. Total of the other Repairs will be about \$1,500.00.

Had Penny notify the Union Members to get together and submit requests for the upcoming Negotiations.

The Borough Workers are busy with Potholes and cleaning up after the hard rains and storms we have had. They are doing their usual good job.

The latest Project we have is the Parking Lot Ramp behind the Highway. We have been in contac with Bill Wunderly and Steve Affolder of the West View Community Development. The Paving has been completed and our Men are going to put up NO Entry Signs so people will not try to come in from the Highway -- this is for coming out only. They are also putting up a Guardrail to protect the property of the Man next door. Everything should be completed and the Driveway opened sometime next week.

The Summer Rereation Progrma is under way at West View Elementary School on Monday, Wednesday and Friday. They are averaging about 50 Children each day.

Also - on Tuesdays and Thursdays - we are running the Bus to North Park for Swimming. So far, there are not too many participating but we will give it another week before making any decision. If we don't have enough Children, we will have to discontinue running Bus as it is too great of an expense to be running only half full.

I would like to comment on the 4th of July Picnic. Although this is Vacation time and a lot of people are out of town, we still had a good turnout. Want to Thank everyone involved for their time and effort -- they provided a very nice day for the Community.

The West View Community Center has been closed the and Property turned back to the North Hills School District.

Mr. Szalinski reported that he and Mary Kay Bernhard had accompanied the Allegheny County Commissioners on their recent Tour of the Borough. In addition to his Report Mr. Nowark read an article from the Allegheny League of Municipalities regarding Revenue Sharing.

Report indicated Revenue Sharing Funds may be cut by 38% in the next 60 days by Congressional action -- or inaction. If Congress takes no action the final Revenue Sharing Check for the year could be 4.3% higher.

The U. S. Supreme Court recently ruled the automatic Budget Cutback provisions of the Gramm-Rudman Law and unconstitutional. Congress must take formal action to impose the 4.3% cutback (or more--or less). Everything depends on action taken by the time of the Adjournment of the 99th Congress.

Bill Gatto, 210 Magnolia Avenue -- Several years back, Harry Gruener arranged to have Pipe put down at the rear of the Magnolia Avenue properties. They reach about half way to the hillside. We need about 60 ft. more for Water Drainage between the Property lines and Sewer. Wanted to fill in behind yards and were told we were not allowed.

This Summer, they filled in and graded behind the Rossi Property. At the time we wanted to do this the Engineer told us we couldn't because of possible damage to Center Avenue. Now, there has been about 180 Cu. yds. of dirt moved in and graded.

Mr. Daugherty thought he remembered there being a Sewer Line that would have been covered. Mr. Gatto said the Engineer's exact words were "not feasible - would damage Center Avenue". Mr. Spray said he couldn't remember exactly as it was about 4 years ago. Thought reason was that if they filled in, the water from the Hillside couldn't reach the Drain.

Mr. Daugherty asked Mr. Kovac and Mr. Spray to check the area behind Mangolia Avenue where the Property Owners want to fill in and the area near Center Avenue and report back to Council.

Mr. Cummings said we had received Bids on Garbage/Rubbish at last month's meeting. Should we discuss now?

Mr. Kovac said everyone had received Tabulation Bids and would recommend a One-Year Contract at this time. Motion to enter into Agreement (Resolution No. 1110) with PennDot for Snow Removal from State Roads made by Bernard Smith and seconded by William Cummings. Motion carried, and so ordered.

Mayor Powell said he is getting Complaints regarding youngsters riding Bikes and Skateboards on the Sidewalks down in the Shopping Center. Chief Kircher said we go down but they wait until the Police Cars ride through and then go back. It is Private Property open to the Public. If we are called and chase them off the Sidewalks, they go out into the Parking Lot where it is more dangerous.

Mr. Gatto said he suggested Signs be put up and also talked with Terra Enterprises. They advised it would cost \$200 to have a Security Guard patrol. This would be too expensive based on the amount of business. Mr. Gatto has also complained about people letting their dogs do their business on the Sidewalks -- can't someone do something about this?

Mayor Powell said only thing we can do is patrol as often as we can.

Mr. Paul Drexler, West View VFW, introduced Members of the West View Post attending tonight's meeting regarding approval of Building Plans. Mr. Daugherty welcomed them and advised this was already setup for the Agenda and had just a couple of other items to be handled first.

Dave Urban, 60 Lakewood Avenue - Asked where Bruce Fromlak lives. Mayor Powell said one house into Ross Township. Mr. Urban said, that according to the Borough Code, he has to be a Resident of West View.

Mr. Daugherty asked Solicitor, Fred Baxter, to answer the question. Mr. Baxter said we are under Commonwealth Rules and anytime, we have gone to Arbitration, we have lost. Under Act 195 they may move to Borough if they wish. Our Code states they have One Year -- it is their option.

Mr. Urban suggested the Borough Code be amended to read "Optional" so there is no question. He further said he was a Taxpayer and paying to West View. Feels that since Mr. Fromlak is employed by the Borough, he should live here and pay Taxes here.

Mr. Daugherty said he is just being appointed this evening and would have one year to move into the Borough. Mr. Cummings said he served on the Civil Service Commission and this Young Man had the highest Scores which we cannot ignore.

Mr. Urban said the Code should state optional. Mayor Powell said Bruce was born and raised in the Borough and his Parents still live here. Bruce was officially appointed this evening and still has a year to move in.

Audience

Howard Teets - PSSA (Pa. Seniors Softball Association) - I am here tonight to give Members of Council a Packet and to see if anyone has questions.

Mr. Daugherty and Mayor Powell said they had some questions but for Mr. Teets to go ahead with his presentation. Mr. Teets handed out the Information Packet. He said the Organization had had 6 Years of Experience and asked if anyone had seen the writeup in yesterday's News-Record. They are also having Announcements on WJAS and WSHH Radio.

We are a Non-Profit Organization and these Leagues have been successful all over the Country - almost every State. In the package is a letter of Commendation from the Department of Aging -- most of the information is publicity in Newspapers.

Mrs. Bernhard asked if he was connected with Sharpsburg. Mr. Teets said they are in the League.

How many Teams are there? There are 7 Teams existing, now.

Understand you are calling people -- are you asking Seniors to participate? Also, you are asking for \$10 Donation. Mr. Teets said they don't single out just Seniors-asking everyone for Donation.

Mr. Daugherty asked if they work through the AARPs. No.

Mr. Teets said they have approximately 300 persons in the Eastern League - they are from Monroeville, Penn Hills, McKeesport, Wilmerding, Turtle Creek, Wilkins Township and Plum Borough.

Rules for Senior Softball are different and modified. There are 25 Players on a Team due to having a hard time getting substitute players. Monroeville has two Teams and there are 5 Teams in McKeesport. Four Teams are for 50 Years and Older and 1 Team is for those 55 Years and Older. The A Teams are usually from 55 to 60 and B Teams are 65 and Older. Presently, the oldest participant is 81 Years of Age.

Until recently we were not registered as Non-Profit and as a result are having our Records Audited. We applied to Woodland Hills School District and were told that Liability Insurance was required.

I meant to contact your people to see if we could use Bronx Field as a "Home Field" for the North Hills Area.

Do you have an office? Yes - at 336 Center Avenue.

What about Administrative Costs and who gets them. Also, who is the Administrator? I am heading up the Administration and don't get one Nickel.

Mr. Daugherty said we would like to check into the background of the Organization before we could possibly endorse you. Mr. Baxter, Solicitor, asked for and received one of the Information Packets from Mr. Teets.

Mr. Daugherty advised that Mr. Baxter would be looking into this Association and that anyone calling the Offices would be told that, until further investigation is complete, Council does not Endorse this Organization

Mayor Powell said he found his letter from PACE - address is 7702 McKnight Road - he read it and advised Borough of West View was eligible for Business Card allowing the Borough to get 25% Discount.

He also wanted to mention we had quite a Traffic Tie-Up last week. One of the Bridge Beams for I-279 was being brought through the Borough. They are 136 Ft. Long and the Truck jack-knifed across Perry Highway at West View Park Drive. It did not move for 3½ to 4 Hours.

Want to Commend the Fire Police who helped -- Wayne Groskinsky, Lou Wesling, Bill Woelfer. Also want to thank Helen Goyda, the School Guard at Center and Township Road. We sent a lot of Traffic down over the hill to her and she really did a good job keeping them moving.

EMS even tried to help with Air Bags -- finally got it moved with a Hydraulic Jack.

Mr. Gorman said he would like to recommend Council make up and send a Resolution to our State Representative asking for his support of House Bills No. 2253 and No. 2254 for State Revenue Sharing. Mr. Gorman made Motion and it was Seconded by William Cummings to send Resolution to State Representative requesting support of House Bills No. 2253 and No. 2254. Mr. Gorman commented we just received our last \$10,000 Check from Federal Revenue Sharing. Last Year, it was \$90 Thousand and this year it dropped to \$60,000 and is being discontinued. Motion carried and Resolution No. 1114 will be forwarded to Rep. David J. Mayernik.

Agenda

Motion to approve Payment of Paving Contract in the amount of \$49,576.84 to Wine Construction made by William Cummings and seconded by Joseph Szalinski. Motion carried, and so ordered.

Mr. Daugherty received a letter from Magnolia Avenue Residents dated October 8th and signed by William Gatto regarding water drainage, repairs on Steps and fill in back of Rossi Property at Center Avenue and Frankfort Avenues.

Mr. Kovac said the Insurance Inspector recommended Closing all the Steps in the Borough. Now that Revenue Sharing has been discontinued, we have less Money to work with. We are keeping up with Repairs as best as possible. We cannot afford to replace them -- it would be too expensive. Mr. Cummings said if we cannot afford to replace or repair them, they will have to be Closed due to Public Safety.

Mr. Kovac said that he and Mr. Spray could go over, again to check Water Drainage. We have to wait until foliage is dead and we can get Equipment in there - probably in a couple of weeks.

Mr. Smith asked about the Man at Center and Frankfort Avenue. How did he get away with filling the property in. Mr. Kovac answered that this had been going on for the last 4 or 5 years and he was not here when it started.

Mr. Daugherty said that once more, he would like everyone to understand that, we are not sponsoring or endorsing the Pa. Seniors Softball Association until Fred Baxter has had a chance to look into the organization and we have more background information available to us.

Mayor Powell asked Mrs. Bernhard about the Senior Citizens' Bus. He had a call from the President of the AARP. Understand the new Policy is \$50 to Rent the Bus. She doesn't think money should come from their funds as there are people from the City and Ross Township. Mary Kay said they understand this and she has talked to them. Everyone will have to pay \$2.00. If they rented a Lenzner Bus, it would cost them \$250.00. We don't think \$50 is too much.

Everytime I call they give me the run-around and one time, they gave a Disconnected Number. Public Works - William H. Cummings
Just want to mention that the Company that repaired the Fence on the Ridgewood Bridge did a very professional job. Fence looks very nice.

Borough Workers are very busy keeping up with the Leaves. The Sweeper has been broken down for 3 to 4 weeks. It is repaired and they will be back out picking up leaves. Potholes are a continuing problem and they are keeping up with these.

The Community Redevelopment Committee has agreed to pay for the Christmas Tree down at Center Avenue and Perry Highway. Our Men have put it up and it really looks nice for Christmas time.

Police and Public Safety - Joseph J. Szalinski
Police Negotiations are continuing. We are having another meeting -- hopefully, within the next week to 10 days.

Fire and Water - Bernard J. Smith
Was talking with Chief Assisi. The Aerial is still out of service. During Thanksgiving Week, we received word there was a Mechanic down in Bellevue and Joe Assisi set up a time for him to come to West View and check our Aerial. We have just about decided not to have it repaired. The Borough will not handle the Financing so we will have to look into Fund Raising.

Public Relations and Recreation - Mary Kay Bernhard

The Senior Citizens' Christmas Party will be December 18th. This is for any Resident of the Borough of West View. Price person will be \$5. The Basketball Program is still running at the West View and Ross Elementary School Gyms. Any High School Age Boys interested can come to the Gym and contact the Coach.

Mrs. Theresa Gruener, 15 Ann Arbor Avenue -- Am here this evening with regard to the Blasting on I-279 over on Courtney Mill Road.

Starting in July, they have been blasting about 3 times a Day - 5 Days a Week. Seemed they have been doing more blasting. One day in October there was a terrible jolt. We have been keeping track and have contacted Cameron Construction Co. - Tom Wilson. He, in turn, said we would be contacted by Liberty Mutual and a Construction Engineer. I know some of neighbors are concerned.

I started keeping a Log. One crack in the foundation near the base has moved all the way up. They said it might be the Humidity Factor so I started a Log on this, too. They also mentioned Settlement of House. The house is over 50 years old and we are now starting to notice cracks in the plaster.

Mr. Kovac, at the Borough Office, encouraged me to take pictures of the foundation. One picture taken on 10/30 shows a 6" Crack in the foundation going upward. Now, it is coming back down. The inside window sill is cracked and we are getting dampness after heavy rain on the interior wall.

I contacted Mr. Kovac again on December 9th and he advised me, once again, to make up a Daily Log. He will meet with me tomorrow afternoon. He advised he will be stopping by to investigate any other claims. Something has to be done as we are being affected by this blasting.

Mr. Daugherty said that we will try to contact Representative Mayernik and our new State Senator to see if they can apply some pressure. He asked Mrs. Gruener to come into the Office tomorrow and we will make copies of her records for filing in the Borough Office. Mr. Kovac will call to make arrangements to meet with you as soon as possible.

Linda McLallen, 343 Cornell Avenue -- Came this evening to see if Council could help. Said she had already been in contact with David Mayernik's Office, PennDOT, Cameron Construction, Engineers, Berger & Associates and went as far as having Sizemograph Testing done. Have split in floor between Dining Room and Kitchen and floor boards completely separated. Have contacted several of these people more than once and one of the Secretaries was very rude to me indicating that I was a "Liar". One of the Men went so far as to say if he pursued this matter, he would be ineligible for future employment due to Politics. Another man said these problems were not due to blasting - they appeared to be previous conditions. Miss McLallen also started a Log of all that had happened and Mr. Daugherty asked her to bring them to the Borough Office so we could make copies.

Miss McLallen felt there was definite need for someone to apply Political Pressure. Said she would appreciate any help Council could give her.

Mr. Daugherty asked Mr. Witherel what we could do and he said as was mentioned earlier, all the necessary Permits have been filed between Ross Township and Penn DOT and the Construction Company.

Only possibility is maybe contacting PennDOT. Mr. Daugherty asked Mr. Witherel to check with Mr. Baxter to see if there is anything we can do to be of help.

Mr. Daugherty thanked Mrs. Gruener and Miss McLallen for attending tonight's meeting
