FOREWORD

*D*URING our last year at West View, we seniors have been very much aware of the serious condition of this troubled world, of the possibility of atomic warfare, and what it will mean to us after we have graduated. We know, however, that all of our lives won't be this somber and we like to think that much of the time we will be happy and really enjoy living. Laughing and enjoying yourself is a very important part of living just as the circus is an important day in any child's life. Thus we have chosen it as our theme and we have invented a little man to clown his way through our sports and activities. We ask you to travel the sawdust trail of boyhood and girlhood with us as we review the acts of daring and adventure in our "Big Top." "Get your peanuts and popcorn and step inside to see the greatest show on earth."

ADMINISTRATORS

WE, who are charged with the responsibility for the schools of Ross Township and West View are proud of the accomplishments of the members of the Class of 1949. Among your number are students outstanding in academic achievement, in athletics, in music, in speech. Many have furnished the leadership for class and club activities. And then there are those who have made up the group of hard working, loyal, and intelligent followers.

Your class is made up of students from ten different school districts. We regret that some of you, because of living at a distance, have not had the time to be as active in high school as you and we would have liked. We have learned to live and work together with our neighbors. No one district has had a monopoly on the honors.

It is our hope that as you people leave these halls to enter broader fields of learning and living that you will continue to apply the lessons of good citizenship which you have learned here. You will come in contact with all sorts of people. You will find that others differ with you in religious faith, political convictions, ambitions, likes and dislikes, color, creed, sense of values and every other way imaginable. To keep America great, all must learn to live and work together in peace and harmony. May the graduates of the Class of 1949 of West View High School strengthen this American tradition and add immensely to its possibilities.

Our blessings go with you.

Robert F. Jordan
High School Principal

MAY I have your attention for the announcements, please?" are Mr. Jordan's most familiar words. But reading the announcements is the least of his worries, for as principal he supervises the co-ordination of all learning and activities in the high school.

When he assumed his duties as principal in 1945, he wasn't new to West View students, as he had been one of our commercial teachers from 1938 until 1941.

Scheduling classes, working out personnel problems, and supervising all activities are part of his job of keeping West View among the highest rated schools in western Pennsylvania.

A student is expected to improve both socially and scholastically during his high school years, and Mr. Jordan, with his understanding guidance, has helped us to do just this.

JOINT SCHOOL BOARD

Seated around table (beginning at left)—Mrs. R. Bees, J. W. Charles, P. P. Kranack, Mrs. E. S. Hopf, H. G. Canning, E. C. Werner, J. S. McKain, H. H. Heer, R. D. Russell, J. King.

COOPERATIVE operation of the schools between Ross Township and West View Borough has been considered for some time. The great influx of students in this area and the action of the Pennsylvania Legislature in encouraging such a program brought matters to a head.

West View having a high school, was faced with the need to plan a future designed to guarantee an enrollment sufficient to maintain good educational standards. Ross Township needed high school facilities. It seemed only natural that these two districts should pool their resources for the joint operation of schools.

Under the present agreement, each district continues to hold its own indebtedness. Operating costs are shared on a per-pupil basis.

Articles of Agreement providing for the joint operation of all the schools of the two districts were adopted by the boards on June 14, 1948. The organization meeting was called for July 6, 1948 when the following officers were elected: Mr. Edward C. Werner, president; Mr. James S. McKain, vice president; Mr. Harry G. Canning, secretary; Mrs. Esther S. Hopf, associate secretary.

Dr. R. S. Rice was elected as Supervising Principal, Mr. W. Robert Paynter as Associate Supervising

Principal, and Miss Edith A. Waddell as Assistant Supervising Principal. Dr. Rice is concerning himself chiefly with those functions known as administrative and which involve purchasing, maintenance, custodian help, and budgetary control. Mr. Paynter is to be concerned primarily with the instructional program which includes the educational offerings, materials, equipment, and the quality and type of instruction. Miss Waddell is acting as elementary supervisor to promote a program of co-ordinating instructional services in the eight elementary buildings.

The two boards meet jointly each month and conduct the business of the two districts as though they were one large district. Each district contributes its share to the joint treasury. Policies are determined, payments approved, teachers and other personnel hired, salaries set, and other regular business conducted. A complete program co-ordinating, developing, and improving activities from kindergarten through high school and involving all ten buildings is of paramount importance.

It is hoped by all that through these joint efforts West View High School will occupy an even higher position both in academic standing and in activities among the high schools not only in this area but in the state. The Board of Education is pledged to this high aim.

SENIOR EXECUTIVE COUNCIL

Sitting—L. Miller, S. Schultheis, M. Kaesmeier, D. Wolf, B. Vargo.
Standing—I. Hauer, E. Paul, Mr. Puchta, D. Craig, D. Craig, H. Foster, B. McCartney.

SINCE Mr. Puchta, our financial advisor, said that we were a poverty-stricken senior class, we called our senior activity the "Poverty Party!" This was in answer to the hundreds of questions thrown at our hardworking Senior Executive Council. The council is made up of the senior class officers—Harold Foster, president; Tom Erwin, vice-president; Meda Kaesmeier, secretary; and Daphne Wolf, treasurer—and the homeroom representatives, Lewetta Miller, Shirley Schultheis, Bill McCartney, Ernie Hauer, Edgar Paul, Betty Vargo, and Burt Dickenson. They keep the homerooms informed of the plans and problems of the class. Their goal is to manage all of the senior affairs, report all complaints, and keep the council informed of senior desires.

After planning the "Poverty Party," the council settled such problems as ordering graduation announcements and name cards, facilities for the dinner dance, and collecting dues.

A lot of responsibility is shouldered by the members of this organization. This item of collecting dues from these "poverty-stricken seniors" is one of the council's most difficult tasks. It seems that no matter when dues are collected it's always the wrong time, and each senior lacks that necessary item — money. The Executive Council is also responsible for distributing tickets for the senior class play. It's up to the home room representative to give his home room a pep talk every day and make sure they get out and sell those tickets so there will be a full house when the play is presented.

The council is indeed grateful for the capable help of our sponsors, Mr. and Mrs. Craig, who gave them very good advice on perplexing problems.

The senior class is certainly indebted to the Executive Council for the fine job they have done in handling the affairs of the Class of '49.

CABINET OFFICERS

An unlimited amount of praise is deserved by these industrious Cabinet officers. They really have proved themselves worthy of maintaining their offices.

West View's renowned orator, John Dodson, received the support of his fellow students and was elected president. He certainly managed his position well, as was evidenced by the effective way he ran our assemblies and took over the weekly Student Council meetings.

The vice-president, Robert McCartney, received little opportunity to exercise his authority since John was seldom absent. But when he did have a chance to direct the meeting he proved himself to be a competent executive.

No one could have been more dependable or efficient than the secretary, Adeline Tartaglione. She faithfully attended every Council meeting to take the minutes, and during the week published a copy for every home room.

Under the guidance of Dave Roy, Secretary of Activities, the magazine campaign was a

huge success. Dave really worked up some enthusiasm in the kids with his pep talks.

About every six weeks students could be seen desperately trying to get their lockers straightened up before that fatal locker inspection. Tom Erwin, Secretary of Sanitation, had the difficult task of these inspections.

As Secretary of Traffic it was up to William McCartney to make sure there were no traffic jams between periods. Bill also made sure the entire hall patrol squad was on duty, and frequently replaced an absent member.

The signature of Al Hilger, Secretary of Publicity, was required on all posters before they could be posted. Al also saw to it that all events received sufficient publicity and often appeared in skits publicizing a coming event.

Audrey DeMaria, Secretary of Shuffle Shop, hired the best high school bands to play at these Saturday night dances held in the gym. Each week a door prize of a dollar was given to the lucky winner.

First Row—Mr. Metz, A. Hilger, A. Tartaglione, R. McCartney, A. DeMaria, J. Dodson, D. Roy, B. McCartney, T. Erwin, Mrs. Hartmann.
Second Row—J. Ford, C. Ehrenfried, S. Hubbard, L. Weixel, M. Cipko, M. Kaesmeier, L. Seethaler, C. Jacobs, B. Blackburn.

Fourth Row—K. Rall, H. McIlvried, G. Miller, C. Gates, R. Watkins, N. Kaylor.

THE STUDENT COUNCIL

JUST as the world of today is in need of a successful governing body, so also is our school. Although the governments of the world have not proved satisfactory, the opposite holds true for the efficient Student Council of West View.

The purpose and supreme motive of this group is to satisfy the complaints of the students and to better the school. Our council has always been noted for its numerous accomplishments.

The entire governing body includes the Cabinet Officers, who were elected in the spring of 1948 by a vote of the student body, and one representative chosen from each home-room. In case a member was unable to attend the meeting, an alternate was sent in his place. The important position of president was filled

by the outstanding student leader, John Dodson.

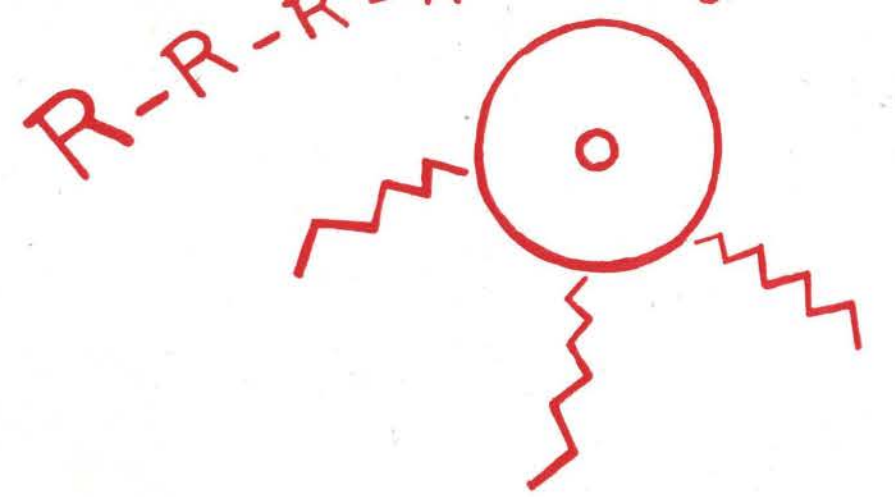

Many problems were encountered and solved. As in previous years the Council sponsored the magazine campaign which proved a marvelous success. The money raised in this campaign will be used to pay for a trophy case. The cafeteria was decorated at Christmas by Council members; locker inspections were held; traffic regulations, and entertaining assembly programs were all the work of the council. West View will be represented by one Junior Council Member as a convention in Cincinnati this year.

The Student Council and their able sponsors Mrs. A. Hartmann and Mr. Metz have achieved a very profitable year and deserve much credit for their usual well-done job.

Standing—A. De Maria, A. Hilger, T. Erwin, J. Dodson, A. Tartaglione.

Sitting—W. McCartney, D. Roy, R. McCartney.

MAY FESTIVAL

At a very lovely ceremony in our high school auditorium, Joan Walton, gowned in the traditional white, was crowned Queen of the May by the retiring queen, Ruth Jacobs.

The class of 1949 will always remember their queen for her cheery smile and infectious laugh. We are extremely proud of our charming Queen Joan, and we hope that she will enjoy a happy reign during the next year.

THE WESTVIAN

W — Work, Wisdom
E — Eagerness, Earnestness
S — Sincerity, Spirit
T — Thought, Toil
V — Vigilance, Vigor
I — Integrity, Industriousness
A — Ability, Accuracy
N — Novelty, News

These are some of the things put forth by the Westvian staff and some of the things for which they strove.

Under the capable guidance of Mr. Herman and Mr. Puchta, the sponsors, and Nan Shepfer, the Editor-in-Chief, the staff has again turned out a yearbook which every student is proud to claim as his own.

Since the very beginning of the school year this organization has been on the job — writing, rewriting, compos-

ing, comparing, and finally turning out a most noteworthy project.

After the hectic job of patron hunting was over, Tom Endie, our capable business manager, breathed a sigh of relief. Tom was always seen at the games with a tin box in his hands, collecting money from his staff who were either selling programs or working in the refreshment booths.

The members of the Activities staff, under the supervision of Marian Sanders, were soon seen sticking their heads into different club meetings in the hope of gathering a few interesting points to report in their reviews. This staff had the grueling task of identifying the tiny faces of the students on the activity pictures.

As the head of the Photography staff, Walton Zieg had a big job right from the beginning when he began making arrangements for the senior pictures and scheduling activity pictures.

Shirley Schultheis and the rest of her Art staff kept everyone guessing right up to the last minute as to what the theme of the year-

book was to be. She had a hard time keeping all of her "mysterious drawings" together so that she could pore over them at her leisure, select the ones worthy for yearbook use, and put those aside which had to be improved upon.

Trying to find out the interesting things about each and every senior was a hard job but Marilyn Resler and her Literary staff soon tackled the enormous job of "Senior-write-ups." It was quite a problem to think of something to say for 250 seniors.

Having an athlete as Sports Editor was indeed an asset to the Westvian. Don Fisher and his staff put forth a great deal of time in order to have a sports section which would make the readers sit up and take notice.

Perhaps credit for being one of the hardest working staffs of all should go to the Typing staff under the leadership of Lewetta Miller. This group worked long and hard in order to see that the material was turned out in time to get to the printers.

When all of the different sections of the staff were well started in their work, the photographer from Strems' came out to the school,

and all of the clubs and activity groups were photographed. A little later, the senior pictures appeared on the scene. After all of the seniors decided on the pose they wanted, things really started rolling. Trimming and mounting all of those little "squeegees" was really a big job, but it was fun, too. When the engraving proofs were pasted in the "dummy", it really began to look like a real book instead of just a plan.

Right about this time, the senior class was asked to nominate and vote for their classmates whom they considered to be outstanding. A little later another important election was held, but the outcome of this one was a very strictly kept secret. This election was, of course, for the Queen of May Day, sponsored by the yearbook.

By this time most of the copy was in and the "dummy" was taken to the printers, but the job still wasn't over for the final copy had to be organized and everything had to be proof-read.

When the long-awaited day came to distribute the books, everyone who had worked on the staff was proud to say that he had his finger in the "Westvian" pie!

"Golly, here's my name!" "That's a lie, why I broke up with him!" "Look, here's all about that!" Yes, you can find just about everything in our favorite paper.

Though it got off to a late start this year, no one can say that the West Wind was the worse for wear. Howard McIlvried, Editor-in-Chief, proved capable of heading an all-female staff.

The staff members showed themselves real live-wires by gathering the news and weekly "gossip" from all over.

Behind each issue there was careful planning and a general cycle originates from this. Articles are written, checked by critical editors, rewritten if not up to par, and every page is carefully assembled. When the paper finally reaches the printer it is time to begin preparing for the next edition.

Every student looked forward to the day when the West Wind was distributed, and the cafeteria doorway was usually jammed full of people, waiting for their chance to buy a copy. There were usually a few minor collisions, too, because the students were so engrossed in their reading that they didn't watch where they were going. That was all a part of the fun, though. The girls always turned to the "Drool Daze" section first and the boys to the sports page, but that wasn't hard to explain!

Much credit must go to Miss Delp because through her cleverness, the staff gave us an outstanding school paper that we shall always treasure.

On the back page of the West Wind was the page for the junior high, called the West Zephyr. This is to give writing experience to the junior high people which will be valuable to the paper in future years. Miss Cigoi, the sponsor, and Janet Moore, the editor of the paper are to be commended for the fine job they have done.

Oratory plays a very important role in any country and often good speaking ability has swayed the populace. With this in mind we shall tell you about West View's contributions to this subject.

The purpose of the club is to provide active interscholastic participation in public speaking experiences for students. This public speaking experience has given the students confidence, poise, and excellent training. The club is composed of quite a large number of students.

Marilyn Resler was re-elected to serve as president of this active club. She was assisted by Pat Alston, secretary; Chuck Jacobs, treasurer; and Bill McCartney, vice president. Miss Morris and Mr. Metz have again served well as the sponsors.

One of the most important activities of the Speech Club during the year was the presentation of an assembly program. The student body was very appreciative of the program, for it certainly was an excellent one. Some of the members of the club gave examples of the different fields in speech work: dramatic, humorous, oratorical declamation, extemporaneous, and original oration. This was done to interest the student body in the work of the Speech Club.

Another activity of this club was the Annual Banquet held at the end of the year. At this party, the new members were initiated into the club. By belonging to the Speech Club, the new members are entitled to join the National Forensic League, closely connected with the Speech Club, after they have earned twenty points in active contest work.

Approximately one hundred and twenty students of West View took part in speech and debate this year.

The West View Chapter of the National Forensic League is very active in this district. We have this high rating because of the hard working members and our tireless sponsors, Miss Morris and Mr. Metz.

The members participate in contests and debates that are sponsored by the N. F. L. The contests are usually in five sections — humorous, dramatic, extemporaneous, original oration, and oratorical declamations.

The high spot in the National Forensic League's local calendar is the Student Congress. The meeting place changes every year and this year it was held at Mount Mercy College on the tenth and eleventh of December. West View placed second with 153 points, while McKeesport took first place with only 158 points. Bill McCartney and John Dodson were elected Speaker of the Houses of Washington and Lincoln respectively. Bill was judged first

place as outstanding speaker while John ranked third. This is something to be proud of as there were many schools represented and the competition was keen.

The final speech tournament is held at Duquesne University, and the final debate tournament is at State College. Last year West View placed first in two divisions and second in another. John Dodson, West View's representative, reached the final rounds in the National Tournament. This is the first time since 1942 that someone from our high school made the National finals.

We salute you, the N. F. L. Chapter at West View, for an outstanding year of service.

SENIOR HI-Y

In 1945 the Y. M. C. A. organized the West View Chapter of the Hi-Y. They have established a good reputation in three years time.

Many people hear only of the social and athletic activities of the Hi-Y and do not realize that it does much to build and strengthen the character

of its members. Each week some problem of great importance is thoroughly discussed. Such problems as boy-girl relations, choosing a vocation, world brotherhood, and personal appearance are explained by men prominent in their field.

The Hi-Y is also one of the leading service organizations in the school. It sponsors the morning devotional service and also conducts the special chapel services at Thanksgiving and Easter. Earlier this year they sponsored

an assembly and last spring they started something which they hope will become an annual affair, the senior breakfast for boys. The two most impressive events carried on by the Hi-Y were the induction ceremony and the father and son banquet.

In addition to all this, the Hi-Y also carried on a well-rounded recreational and sports program.

The West View Hi-Y gained recognition as the largest and most active Hi-Y in the Pittsburgh area.

To make the club more interesting, each of its 110 members served on a committee. The Hi-Y was capably run by its officers: Al Lunz, President; Bob Heil, Vice President; Walton Zieg, Secretary; Homer Cornell, Treasurer; Bill McCartney, Chaplain; Mr. David Craig, Sponsor.

All in all, the Hi-Y really lived up to its purpose—To create, maintain, and extend throughout the school and community high standards of Christian character.

Y-TEENS

The Y-Teens club has become one of the best-liked organizations of the school. Under the competent leadership of LaVerne Dollhopf, president, Audrey Anton, representative, and Mrs. Craig, sponsor, they have enjoyed a very successful year. JoAnn Craiger, Rosemarie Feil, and Bertha Beran also proved to be excellent executives.

The year began with a very impressive candlelight service and continued with many exciting programs to the big climax of the traditional Senior Breakfast on the morning of May Day. The girls raised money for this by selling refreshments at the home football games.

The club was divided up into several committees that gave the eighty members something to do all year. Some of these were: Social, Sports, Devotional, and Drama Committees.

The Sports Committee formed a basketball team with which they challenged neighboring rival schools including Bellevue, and

Perry. This is something new and different for West View and we're all hoping the future Y-Teeners keep this up.

In co-operation with the Central "Y" in Pittsburgh, West View teens went into full swing making doll clothes to give to unfortunate children. At the "hanging of the greens" at the Central "Y" Sue Beall won first prize for her doll.

These Christmas preparations gave the Y-Teeners much satisfaction and joy. During the year the programs of the weekly meetings were very entertaining, for guest visitors came often to talk to the girls about pertinent teen-age questions and problems.

By the end of the year the Y-Teens had all learned to live, play together, and to face life squarely. We take off our hats to you, girls, for your fine service and worthy contributions to your school and fellow students.

SIGMA PHI SIGMA OFFICERS

Sitting—J. Wurdack, M. Sanders, M. C. Williams, L. Dollhopf.
Standing—A. Fullenworth, T. Fusca, R. Williams, Mr. Martorelli, C. Armstrong, S. Williams.

Sigma Phi Sigma has done an excellent job in building school spirit, keeping the varsity player's morale up, and backing the various teams in the most successful seasons ever had at West View.

The club started the year with a bang by planning a snappy pep rally for the opening game at Avonworth. But this was only the beginning, and with all evidence pointing to a championship football squad things really began to hum.

Clever pep rallies were held for every game, often the faithful decorating crew worked long and late to decorate the auditorium with balloons, crepe paper, and timely signs. The art section plastered the halls with colorful posters and winning slogans

to spur the team to victory. The few boys in the club saw to it that at every home game the goal posts were decorated.

For the first time in its history the hard-working members received some recognition at a Spaghetti Dinner on November 17, at the Plantation. The coaches and a few athletically-minded faculty members gave the girls some well-deserved praise.

Credit must go where due to "Sandy", the capable and cheerful president, who always gave a helping hand in getting in West View a "better than ever" school spirit. She was ably assisted by Mary Carol Williams, vice-president; LaVerne Dollhopf, treasurer; and Joan Wurdack, secretary.

The two excellent sponsors, Miss Williams and Mr. Martorelli, contributed their utmost to make Sigma Phi Sigma the best ever.

Its officers, sponsors, and the members deserve a pat on the back for showing such a fine example of pep and spirit.

THE CHEERLEADERS

Sitting—M. Scholl, A. Fullenworth, J. Wurdack, L. Seethaler, A. Vaughan, J. Walton.
Standing—J. Loufman, M. Braney, S. Schubert, A. Kirch, V. Reubene.

"Fight, team, fight! Fight, team, fight!" This familiar cry is well known to every sports-loving Westvian. Our favorite team came out on top this year — and it was the "mighty twelve" that led them on, never once letting them down.

This year the cheerleaders sported snappy new white sweaters, red corduroy skirts, red beanies, white socks, and topped this right sharp outfit with matching red and white "saddles." Joan Walton, our head cheerleader, was responsible for painting the megaphones.

Joan and her crew of twelve attractive co-eds practiced long and hard during the summer to work out new cheers and learn all the old ones.

Miss Aiken was a constant prod to their success and with her was their manager, Marian Sanders, who faithfully recorded their deeds.

They worked with Sigma Phi Sigma in the pep rallies and also backed the basketball team in another great season.

The teams and the students were certainly

proud to have had such a lively and lovely group of girls to lead the cheering section. Cheering in a puddle of slippery mud at the football games is definitely not an ideal situation but our girls kept on leading cheers for the team's victory. They are absolutely tops when compared to other schools. At every basketball game, too, they were to be seen as well as heard—cheering for the team and for West View.

With tears in their eyes the senior cheerleaders will depart from the line, and their places will be filled by up and coming sophomores and juniors. The senior girls are: Joan Walton, Mae Scholl, Joan Wurdack, Ann Kirch, and Joan Loufman.

It took these girls out in front to make West View's spirit the very best yet.

THE HALL PATROL

With the number of students enrolled in the High School, an efficient system of patrolling the halls was needed. Two minutes is quite a short time to make it to classes but with the help of these boys most students can do it.

Under the capable leadership of Bill McCartney, Secretary of Traffic, and Mr. Craig, the sponsor, the organization has proved to be a real gem.

One of the chief problems confronting the members of the Squad was the lunch-time rush. However, with the cooperation of faculty and students, the number of casualties

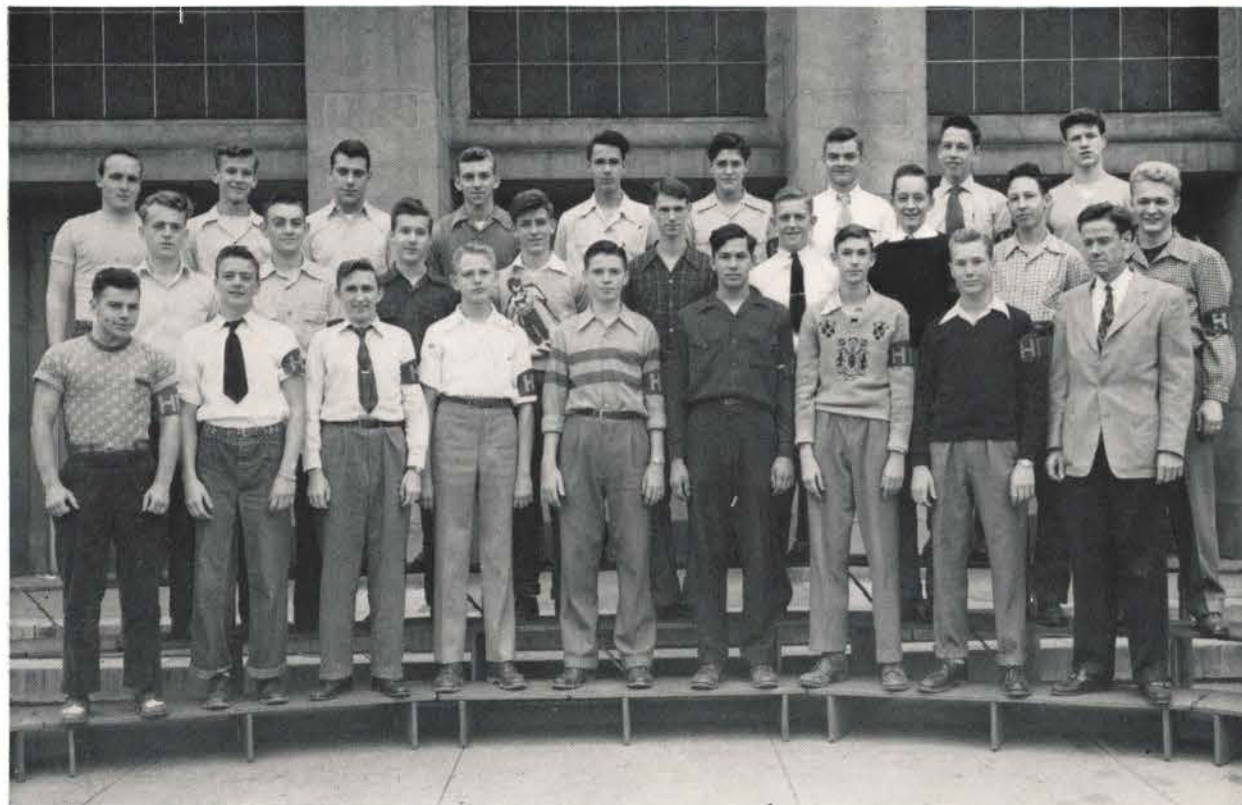

rapidly diminished, and order prevailed.

During classes, there were always hall patrol members in the hall, checking on students out of class to see if they had a hall pass. Another one of their duties was the guarding of the doors before assemblies at the end of the day to prevent anyone from leaving. During the assemblies, they also helped the faculty keep order.

Their brilliant red and gold arm bands, always worn on their left arms gave them permission to leave their classes early so that they could get to their posts in time for the between period rush.

These many duties really kept the boys busy, but they proved themselves to be more than capable in handling their job. The student body should thank the hall patrol for a job well done!

Future Homemakers of America

Do we smell something burning? No, something may be cooking, but it's not burning . . . not if it's the Future Homemakers of America. The Future Homemakers of America Club is a group of Home-Economics-minded girls. These girls have organized to help others as well as themselves. Every year F. H. A. clubs all over the nation participate in the World Christmas Festival by making, buying, wrapping, and sending gifts for the unfortunate children overseas. Throughout the year these girls take it upon themselves to help new students in school, work with Red Cross, visit hospitals, make toys and favors for orphanages, and learn about homemaking.

The F. H. A. gives girls a chance to write articles, stories, skits, demonstrations, and radio programs. Articles and stories are always needed for the State and National Maga-

zines. In January of every year when the state holds its Farm Show, F. H. A. girls display exhibits of things they have made, write, present demonstrations, and meet to plan for better clubs. The exhibits are eligible for prizes.

State and national conventions give girls opportunities to travel and see things, and a chance to gain experience in being on their own.

In view of all these opportunities we can clearly see that such a club is needed in every school. Miss Williams is the capable sponsor.

The Latin Club, under the guidance of Miss Vance, has been in existence for three years. It was organized to provide a greater interest and promote a better understanding of Latin.

Each Latin I and II class had individual meetings. The meetings were held twice monthly during class session, but if urgent business arose an extra meeting was called. Every class elected their own consuls and scribes, which correspond to the president and secretary in other organizations. The consuls called the meetings to order while the scribes read minutes of the previous meeting. Each meeting began with a scripture reading, the Lord's Prayer, and the flag salute, which were all done in Latin. New and old business was then discussed by the members and group singing or some entertainment was held after

the meeting. One of the most important club activities, the Roman Banquet, was given in the spring. All the members who attended the banquet were attired in togas, the costume worn by the ancient Romans. After the meal, which followed the traditional Roman lines, several of the club members entertained the remainder of the club. A very humorous portrayal of the life of Julius Caesar was presented by Ed Drum and Al Hilger. Patty Spatz honored the club with her vocal rendition of "Can't Help Lovin' That Man." Each member was presented with a wreath of artificial flowers and leaves.

This banquet is held every year under the sponsorship of Miss Vance. Miss Vance is well known throughout Pennsylvania for the work she has done and the offices she has held in various Latin organizations.

Other activities were Latin Week, at the Planetarium, in March, and quite a number of field trips taken throughout the year.

The club has fulfilled its purpose and we are proud of all our Latin students.

GIRL'S BOWLING CLUB

The Girls Bowling Club got off to a rather late start this year, but the old saying, "You can't hold a good thing down!" really proved to be true. Credit for bringing this organization back to life belongs to Lewetta Miller and Nedra Thomson who appointed themselves a committee of two to start a petition among the girls in order to create active interest in such an activity.

Every other Wednesday, under the guidance of Miss Rucker, the members trooped down to the Bellevue Alleys where they spent a fun-filled afternoon. Every girl was secretly determined to gain for herself the prize which was to be awarded at the annual banquet to the bowler with the highest average. The individual members of each team were desperately striving to put their team ahead of all the others, since a prize was also to be awarded to the team which obtained the highest average. The banquet was held April 26th at the Plantation House. With fried chicken as the main course on the menu, it's no wonder the banquet turned out to be such a huge success.

Through a very interesting and effective method, the club created a good-sized treasury.

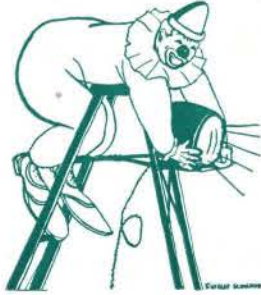

The cost of bowling amounted to only forty-two cents, but the girls decided they would all pay fifty cents each time they bowled, and save the remaining eight cents. With the money contained in this kitty, the club bought the prizes which were awarded at the banquet. Favors were also awarded to all the girls who attended the banquet. These favors were appreciated because they represented the spirit of bowling.

The girls at West View High School lack the excellent opportunity that the boys have to excel in athletics. They are prohibited from participating in inter-scholastic athletics because, it is said, they are too strenuous for girls. For this reason the girls themselves decided to engage in some activity which would satisfy their need for exercise and play experience.

The response this year was great and it is hoped by all that this interest will be kept alive.

Projection and Stage Crew

The lights in the auditorium are dimmed and up goes the curtain. You can relax and enjoy a class play or another form of entertainment. No matter what the event is, the stage crew has been a great help in making it a success.

The boys of the crew work hard and gain valuable experience in the behind-the-scene stage work so necessary to any program. Not only do they set the scene, but must serve double duty by cleaning up afterwards, since the stage is also the gym floor. Another difficult task of the stage crew is setting up the numerous extra chairs that line the aisles and fill the front of the auditorium in an assembly. Many benches are also set up on the balcony

to accommodate the large overflow of students in West View.

One factor that no doubt attracts many fellows to joining the Stage Crew is that very often members are called out of classes to perform some essential duty. But these boys really deserve a lot of credit and much gratitude for being so unselfish with their time and for exerting so much effort to make our assemblies a success.

Another hardworking group was the projection crew who were responsible for many entertaining movies during assemblies or at lunch time. The boys were taught how to operate and repair the projector at their meetings.

These boys of the stage and projection crew are responsible for many of the nice things we get, so let's not forget to thank them for a job well done. Miss Alcott and Mr. Metz are their very capable sponsors.

THE RADIO CLUB

Radio! Can you imagine what your life would be without it? — no correct time by Bulova, and no fifty yard seat at that thrilling Army-Navy game.

Imagine, also, the present era and your future with the development of radar and television and the many new ways of living that they are bringing to our world.

This year the radio club at West View has proved to be even more interesting and active than it had been in the past. The main activity of the club this year was the educational assembly it sponsored. Anyone who attended couldn't help but learn something about radio that he hadn't known before. Through an extremely amusing demonstration, the student body learned how a disc jockey operates. Two members of West View's Radio Club had traveled by bus to Cleveland where they visited a Cleveland television station. They related a very interesting account of this adventure in the assembly. Another demonstration presented in the assembly was on a modern method of raising plants. A number of skits not per-

taining to radio club were presented. Several sophomore girls entertained us with their puppet show and a sophomore boy put on an amazing magic act. The assembly was concluded with Bob Richardson showing air-view photos of Butler Airport and West View.

Its members under the sponsorship of Miss Alcott have widened and developed more thoroughly their scope of study by dividing themselves into two groups. One of these groups deals with Radio Broadcasting which includes radio speech for those interested in radio announcing. The other section is concerned mainly with the Technical Study of Radio which includes mostly theory.

The capable officers were Christian Mueller, president; Tom Ednie, vice-president; and Mildred Fishinger, secretary-treasurer.

"I want to take this book out." "Do you have the Readers Guide?" "Where's the sports section of the newspaper?" These and many similar queries confront the student librarian, but even with these difficulties they have done their best to please us. The leaders this year are: Beverly Chase, president; Sue Beall, vice president; Charlene Ehrenfried, treasurer and their sponsor, Miss Rea.

There is a total of fifty-six girls in the club this year, and twenty-one of these are new members. After a probationary period, the girls were initiated into the club in November. The highlight of the year is the annual Christmas dinner when the traditional Christmas tree is trimmed by library club members.

This year the Mothers' Club of Ridgewood asked the club to present a skit dealing with the library for their November meeting. Members participating were: Gayle Phillips, Mary Jane Madden, Sue Beall, Beverly Chase, Nancy Jellison, Charlotte Kegg, and Carol Gallwits.

A new activity point system was started this year to give any club member the chance to receive eight points whether she is an officer or not. The highest points are given to the girls that are efficient, reliable workers, and those that are always willing to please.

On May 11th the Library Club held a banquet in honor of all the girls who so unselfishly devoted their time attempting to fulfill our many desires. They were finally given a chance to relax at the banquet since the meal was expertly prepared for them by others.

These girls and their leaders have done a miraculous job and we thank them and their leaders.

On the feminine side of sports lovers we have the well known G. A. A. The girls see the need for sports and games that build healthy bodies and are doing something about it.

Volleyball and basketball ranked high on the girls list of favorite sports. Everytime they could get the gym the "fairer" sex demonstrated their love for good rousing games. When spring came, if the weather permitted, a fast game of mushball was held on the back lot.

The senior girls were especially overjoyed this year because they were able to defeat the women faculty members by a very decided victory of 54-27 at the Benefit Game, December third.

The secret aim of every member is to earn a G. A. A. letter by accumulating fifty points. These points are received for attendance and also another for being on the winning team.

Two days each week the gym was reserved after school by the G. A. A. The senior high

girls played one time and the junior high girls played the other. The junior high G. A. A. plays the same games as the older girls do, but they have their own separate meeting.

Everyone who belonged to the Girls' Athletic Association was in it for the simple purpose of playing together with other girls who believe in good sportsmanship and fair play.

Other sports interest the girls a great deal, so they have asked to learn more about them.

Miss Aiken, our capable sponsor, is planning to instruct the girls on rules of tennis and golf, if they are interested. This is new to the G. A. A. and it will be interesting to note how it works out.

It is at G. A. A. that excellent sportsmanship and good fellowship as well as fun can be found in abundant quantities.

THE ART CLUB

This year's Art Club got off to a good start with forty or so members. Art talent among the boys is quite in evidence this year. Odd as it may seem some of our best football men are also ardent art fans. In painting the cafeteria murals their skill was much in demand.

Besides completing unfinished projects of last year the Art Club this year was responsible for decorating the new music room for Mr. Caruso. They really added a lot to the appearance of the band room. Before the Art Club redecorated it, it was just an ordinary room, but now it's quite unusual and very striking. Next, the club members worked on making plaster casts and bas-reliefs. After completing that section of their activities, they started to assemble a kickwheel for the ceramic

workshop nook. Since the building of this was of some expense the members even raised money for its furnishings. This ceramic workshop provided an incentive for their hard work. In the spring, when the weather was inviting, the Art Club made an excursion to North Park. After sketching on the water-front, they had a picnic and a dance. Near the end of the school year, the members of the club put on an exhibit of their accomplishments. In this way, the rest of the student body was able to appreciate the fine work that this club stands for.

Officers were: George Campbell, president; Teresa Fusca, first vice president; Shirley Schultheis, second vice president; Claire Aikenhead, third vice president; Mimi Snyder, secretary; Al Mazer, manager; Claire Aikenhead, treasurer; Dave Lebo, program chairman; Bob Paynter, membership chairman; Christian & Stierheim, publicity chairman; "Ron" Schomberger, ways and means; Ernie Hauer, monitor.

THE CHORUS

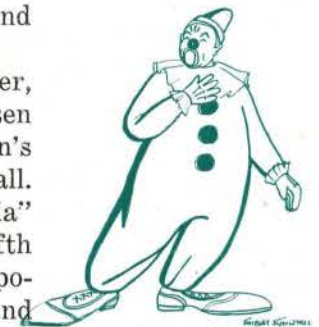

The lights are dimmed, a sudden hush falls over the auditorium and a feeling of suspense and waiting is felt as the curtain slowly opens. A thundering of applause zooms up from the crowd in the auditorium and the shrill of whistling rings in one's ear. Yes, on stage we see the potential state championship chorus garbed in their beautiful maroon and white robes and directed by our popular director, Miss Conner. With hard work and co-operation from every member, Miss Conner has made the chorus of state championship calibre and one of which everyone of us can be proud and happy to say is our high school chorus.

Every Thursday and Friday morning they practice for their many performances. They work hard and long but Miss Conner with her vibrant personality and pep has made chorus rehearsals something to look forward to and anticipate. Along with their hard work they

have a lot of fun and enjoy their practices.

Early in November, the chorus was chosen to sing at the Veteran's Hospital at Aspinwall. They sang "Gloria" from Mozart's Twelfth Mass and "Omnipotence" by Shubert, and other beautiful religious numbers.

The mixed chorus, girls' and boys' choruses, singing sixteen, quartet, and trio, and many other groups sang for all of the assemblies and activities taking place at school and in the borough. Without the singing of one of these groups, the activities and assemblies would not have been complete. They added the final touch.

Take seventy-five superb musicians, add twelve majorettes and one drum major, stir them together and out pops a band. In this case, the finest band West View has ever seen.

Perhaps it all started with the week at band camp, seven days of hard work mingled with a full program of recreation. Mr. Caruso had two able and dashing assistants in Mr. Paine and Mr. Henderson.

When the first football game rolled around, the band was in fine shape. The band's schedule didn't vary much. Every activity period and after-school practice continued rain or shine.

A few highlights of the season were: formation of the piano, with the majorettes playing "Chop Sticks" on the keys; the pumpkin with the blinking eyes; and the cute Indian marches

and songs played. The cross of white lights moving down the field to the hymn of "Onward Christian Soldiers" closed the season leaving an inspiring message for all.

Certainly this article would not be complete without mentioning the majorettes. Looking from the front to back as they strut down the field with batons flashing you spy pert Daphne Wolf, head majorette, who deserves much credit for the clever dances performed by the other girls. Behind her prance three equally attractive girls, Mercedes Cipko, Jean Lanicker, and Audrey DeMaria. At the Avalon game Audrey and Mercedes thrilled the crowd by spinning two batons. Several times Jean Lanicker twirled two flaming batons, throwing them high in the air, and catching them with ease. Next comes a bevy of beautiful girls sporting new uniforms of white trimmed with gold. This group consists of Meda Kaesmeier, Phyllis Hartman, Barbara Hamburg, Joan Helfrich, Beverly Chase, Carolyn Rodgers, Joan Espe, and Doris Ford. They practiced

THE MAJORETTES

long hours to perfect the routines which they cleverly executed.

Leading the band is tall, handsome Don Zaremski. "Czar" set all female hearts aflutter when he pranced from the band, high stepping to the strains of "Military Escort."

After Don, come the band members themselves with their perfect marching and precise formation. The music played by the band during the pep assemblies, the games, and at the halves, was a wonderful help in boasting the school spirit. Last but not least we should think of Mr. James Caruso, without whose clever direction and guidance our band could never have achieved such greatness. It was his hard work and clever mind that brought us the original skits. We salute him and his band of which all West View is proud.

As we walk through the halls during first period, the strains of Bach, Beethoven, and Brahms can be heard. The melodious tones come from our fine high school orchestra. These instrumentalists are selected from the band and must be skilled in classic as well as popular music.

These musicians have played many times during the year for most of the important events of the school. The music they provided between the acts of the junior and senior plays was a big help toward the success of the plays.

The sound effects in the senior class play were especially effective and startling.

In the spring, when the choral department put on an operetta called the "Mikado," the orchestra provided the accompaniment for the entire show.

Thru the course of the school year, these versatile musicians gave several concerts. One of these concerts proved to be a memorable occasion, because Mr. Caruso invited Gildo Ferrando, famous opera singer, to come out to West View and sing for us. We were certainly proud that Mr. Ferrando would come and sing for us, and those who heard him will never forget the thrill they received as they listened to him.

The smaller groups are the ones that are entered in the National Forensic League Music contest, besides the soloists. These groups are also the ones that participate in the exchange assemblies with other schools. The swing band especially made a hit, with its "modern jazz" arrangements.

The members of this fine orchestra can well be proud of their accomplishments during the past year. The fine music they played was a product of the hard work connected with belonging to this organization.

West View is proud of its orchestra and extends congratulations to its members.

The National Honor Society is the organization to which each and every student would be greatly honored to belong. Although this society is offered to everyone who performs outstanding qualities in scholarship, character, service, and leadership, only those students ranking in the upper fourth of their class are eligible.

Despite the fact that this organization only began nine years ago at West View, the competition has increased, and a greater spirit to do better has been established.

New members were invited to join the National Honor Society in the spring, when the seniors already belonging walked among the audience and personally informed the selected students of their good fortune. The new members were then invited to come to the stage of the auditorium. There they received yellow ribbon bows to be worn that day to show that they

belonged to the society. They also received formal invitations inviting them to join the organization.

Membership in the National Honor Society is a coveted honor, and almost every boy and girl in the high school would like to belong. However, the members represent only three per cent of the junior class and ten per cent of the senior class.

In May, these new members were officially initiated into the society at a beautiful candlelight ceremony. During the program the old members explained the high standards of the society, and then invited the incoming members to light their candles at the flame of knowledge.

ATHLETICS

FOOTBALL - 1948

Football has triumphed at West View this year. The Indians were co-champions of the Ohio Valley Football Conference along with Avonworth High School. Both teams had a conference record of four wins and one tie. At the annual Ohio Valley Conference banquet the two teams were presented the trophy, each team to have it for a period of six months.

Another first for this year's squad was a week of training spent at Camp Linwood near Point Marion, Pennsylvania. The squad left on August 28, and returned on September 4. They were accompanied by Coaches Martorelli, Guadagnino, and Hare, our new J. V. coach. Because of the intense heat, practice was limited to the morning and the evening when the weather was a little cooler. The afternoons were spent in swimming and other outdoor recreation.

Sharing the captaincy this year were two veteran seniors, fullback Ed Fullerton and halfback Tuggy Heintz. Ed has been on the squad four years and Tuggy has been on it three years. Ed played exceptionally well both on offense and on defense. He was just the right man to take those short line plunges when a few yards were needed. Tuggy was the slippery-hipped halfback who frequently got away for long gains. Ed and Tuggy shared the burden of doing most of the West View passing.

Ron Schomburger, another senior, held down a regular end position, and he was the target for many West View passes. Lip's early season punting was also a great help. Don Fisher held down a guard position. Don was used mainly on offense. Howard Potter was another outstanding guard on the West View line. He played the first half of the season, but an injury prevented him from playing in the second half. Husky Bob Anderson was a fine tackle who really upheld his side of the line. When our opponents had the ball, Mike O'Keefe took over an end position. In the backfield Tim Howe was an excellent offensive

halfback. He put a thrill in the hearts of many a West View rooter with his several long runs. Dick Vierthaler was a capable quarterback when he was called upon. Other seniors on the squad who deserve mention are: center Ed Owen, guard Howard Smith, tackles Dave Carbaugh and Dan Egnacheski, ends Mike Foster and Don Monper, and halfbacks Harry Stack, Julian Boffo, and Don Hirth. These boys may not have played regularly, but they were always ready when called upon.

Al Mazur, a junior, was the end that Ed Fullerton liked to hit best with his passes. Al's punting kept the Indians out of possible tough spots. Dave Roy, another junior, was the regular offensive center. Dave's accurate snap backs of the pigskin kept West View fumbles to a minimum. Ken Rall, also a junior, was a regular guard. Chuck Gressang again held down the regular quarterbacking spot despite a broken finger sustained in the middle of the season. Chuck was a junior as was Ron Cully, a capable guard on defense.

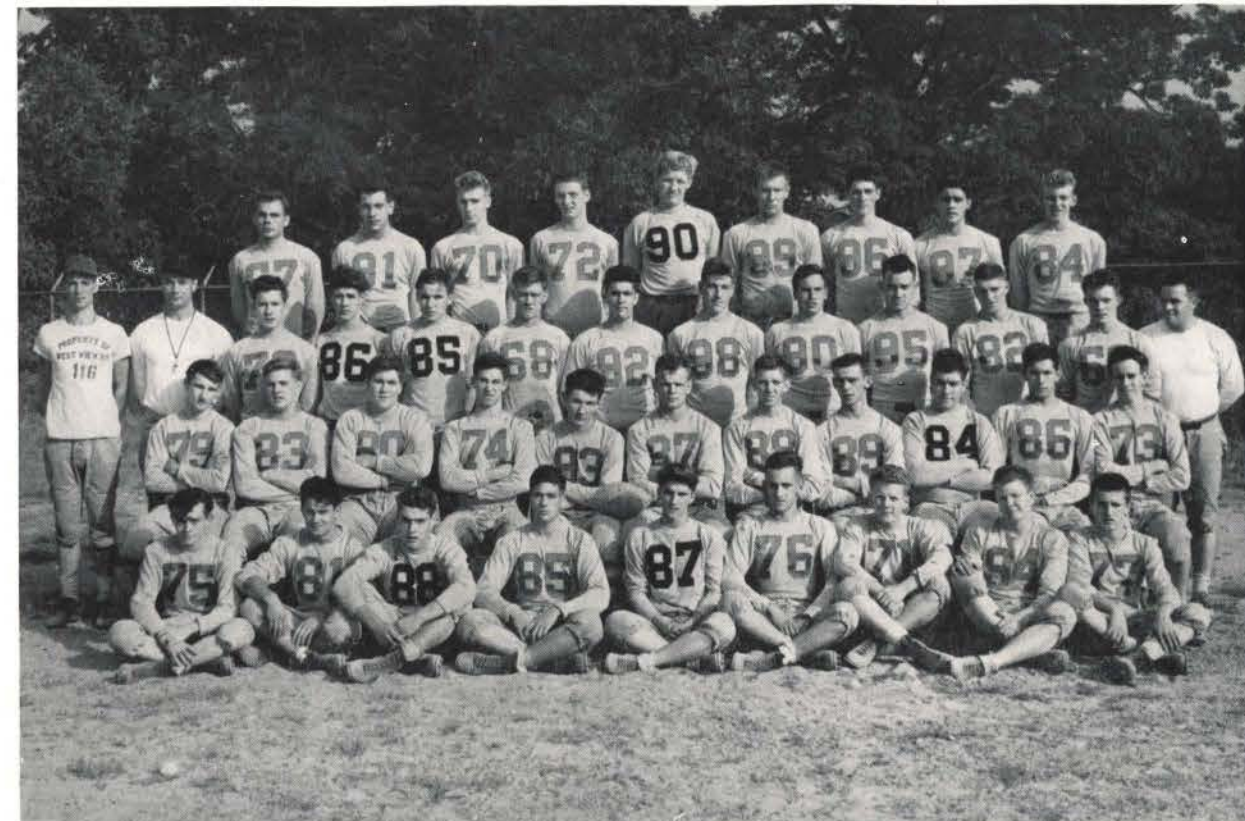

There were two sophomores on this year's varsity. They were stocky Dave Boffo and Frank "Red" Morris. Dave was a tackle, and "Red" was a guard.

The season's lid lifter for the Indians was a night game at Avonworth. The opposing Red and Gray started early by scoring two quick touchdowns, but West View soon warmed up and tied the score early in the third period. The game ended in a 13-13 tie.

The "Viewers" then traveled to Millvale for another after dark affair. The Indians really put their offense in high gear, and they trampled Millvale under a 25-0 score.

The Indians first home game was another arc light tilt. Mars provided the opposition this time. The men from Mars were no match for the vaunted West View power, however, and the Indians sent them spinning with a 29-6 defeat.

The following week our traditional rival, Bellevue, appeared on the West View field. Whatever thoughts of revenge that may have been in Bellevue hearts were soon suppressed as the Viewers scored the first time they handled the ball. West View went on from there to win, 12-0.

The Indians brought their heads out into the daylight for the first and only time when they traveled to Leetsdale. But, sunlight or arc light, the results were the same as the "Viewers" carried off a 26-7 victory. The sore-spot of this game was an injury to Howard Potter. Howard dislocated his elbow, and he was not able to play during the remainder of the season.

West View next met a powerful Shaler eleven at the latter's field, back under the lights again. The Indians struck a snag in this game, however, and the Huskies walked off with a 13-0 victory.

Returning home the "Viewers" prepared their field for a contest under the "Mazdas" with Sewickley. West View began anew its winning ways by dumping the Indians from Sewickley, 14-0. Frank Morris broke his leg in this game.

Hampton raced onto our field with a much improved team that had high hopes of defeat-

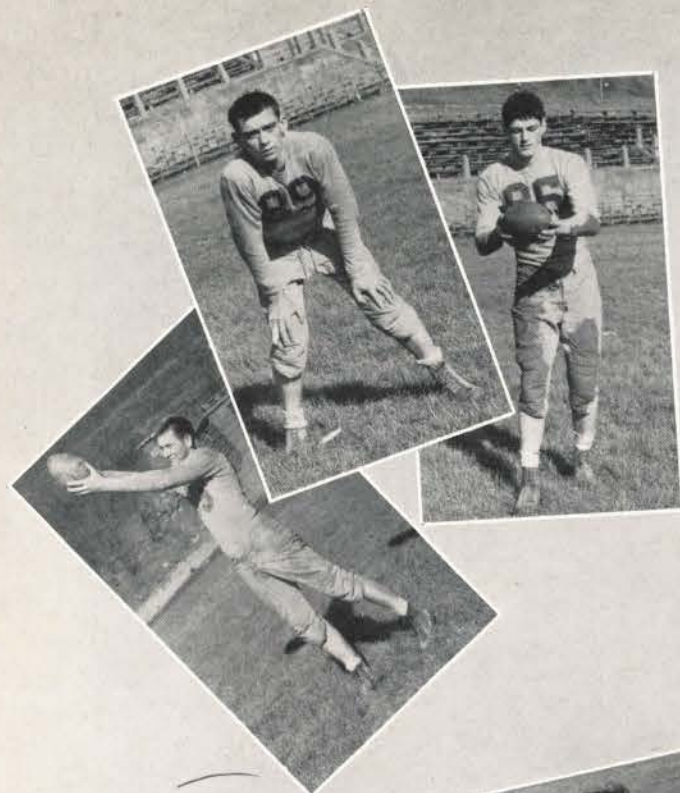

ing the Viewers. It didn't look as if they would do it, though, when the Indians scored in the second quarter. Hampton fought back and tied the score late in the game. Both teams fought hard for a victory, but they had to be satisfied with a 7-7 deadlock.

An artificial daylight affair with Avalon was the finale to this very successful season. An injury-riddled Avalon team was no match for the West View juggernaut, and the Indians carried off another lopsided victory 26-0.

Many a West View rooter has long-awaited the completion of just such a successful football season as this. A team with only one check in the lost column is to be commended highly for such fine work. This victorious season was accomplished through excellent team spirit, good clean sportsmanship, and great spirit among the fellows. The 1948 football season will always be remembered for bringing the first championship football team to West View High School.

VARSITY BASKETBALL

Because of the late closing of the football season this year, the call for basketball players went out almost immediately after the last football game.

This year's squad had only two varsity hold-overs from last year, but members of last season's junior varsity capably filled the vacant positions on the varsity.

Six boys put in their last year on the basketball court for West View. Ed Fullerton, veteran senior, could really keep the ball moving, and he had the knack of dribbling right down the middle through all the opposition and laying the ball up for a field goal. Ed and Ron Schomburger were the co-captains of the squad. "Lip" was the Indians' rebound specialist. He could put them in our basket and keep

them out of the opponents' basket.

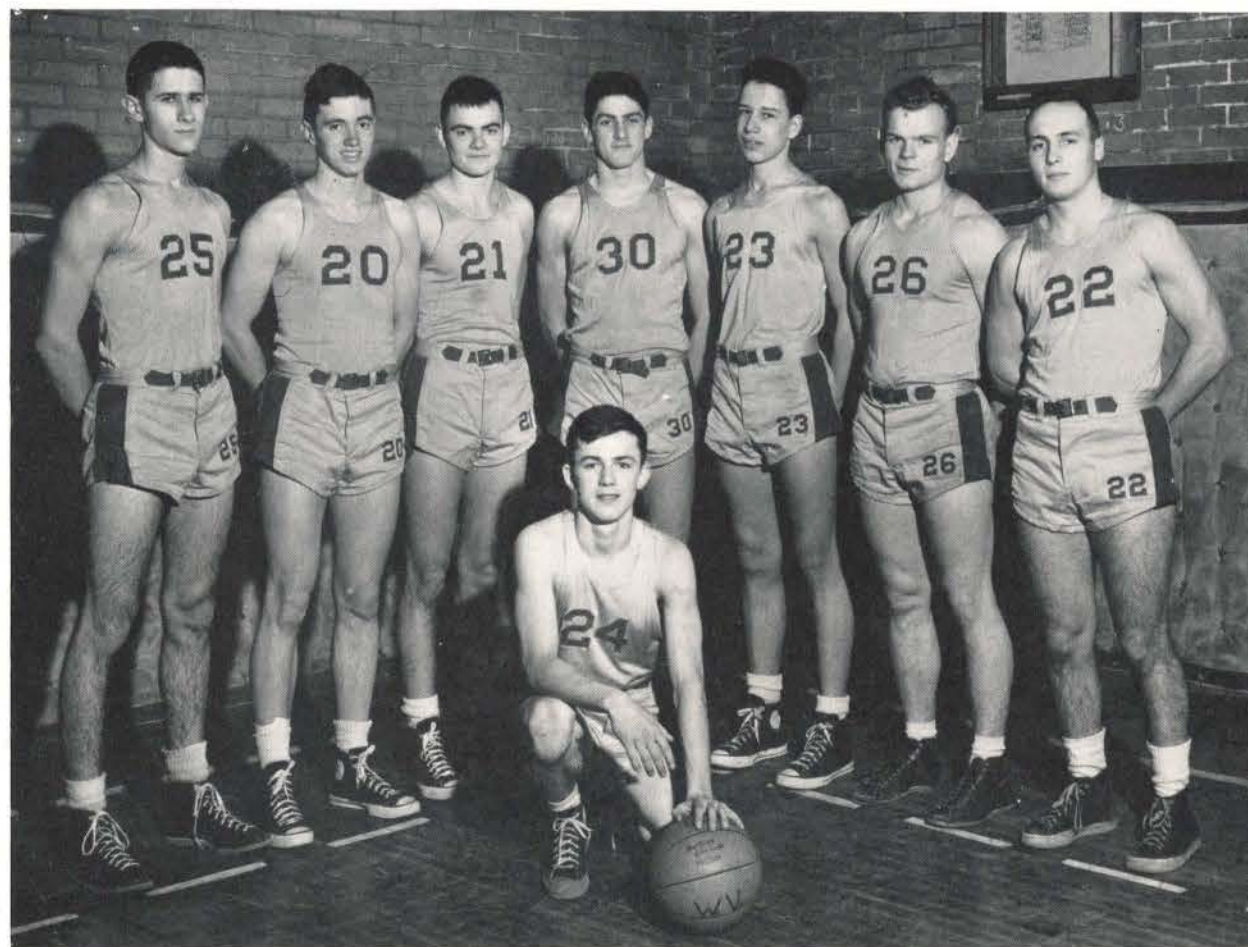

Smooth-working Chuck Gates played in the left corner near the basket when he was not bringing the ball down the floor. Jack Penney was a very capable first string guard. Who can forget the night when he scored 34 points against Mars? Ron Watkins was the Braves' first string replacement. He would alternate with either Chuck Gates or Jack Penney.

Chuck McKain, a junior, was an excellent playmaker and harasser of opponents until he broke his collarbone soon after the start of the

league season. Tall, rangy Stan Fischer, a sophomore, took his place on the starting five. Stan was really sharp on set shots from the right.

The second string was composed of Homer Cornell, Al Hilger, and Al Mazur. These fellows were always ready and willing whenever they were called upon.

The Indians started off the season in grand style by knocking off the "old men" from the faculty. After losing a close battle to North Catholic, the boys decisively set down one of last year's conquerors, Robinson Township, by the score of 39-26. Right before the holidays, the team polished off Bellevue on the Bellevue floor in a tight finish, 31-30.

The New Year found the beginning of league competition. The league was composed of the same teams as last year, with the addition of Freeport.

After beating Freeport in the league opener, the "Viewers" ran into some tough luck when they lost Chuck McKain. Tarentum and Springdale were able to insert check marks in the West View lost column, but the team soon got back on the right track when they beat Shaler and followed by beating Mars by the largest score in the history of West View, 84-36.

Between halves of the league schedule, the team took time out to vanquish the alumni for another year by the score of 55-46.

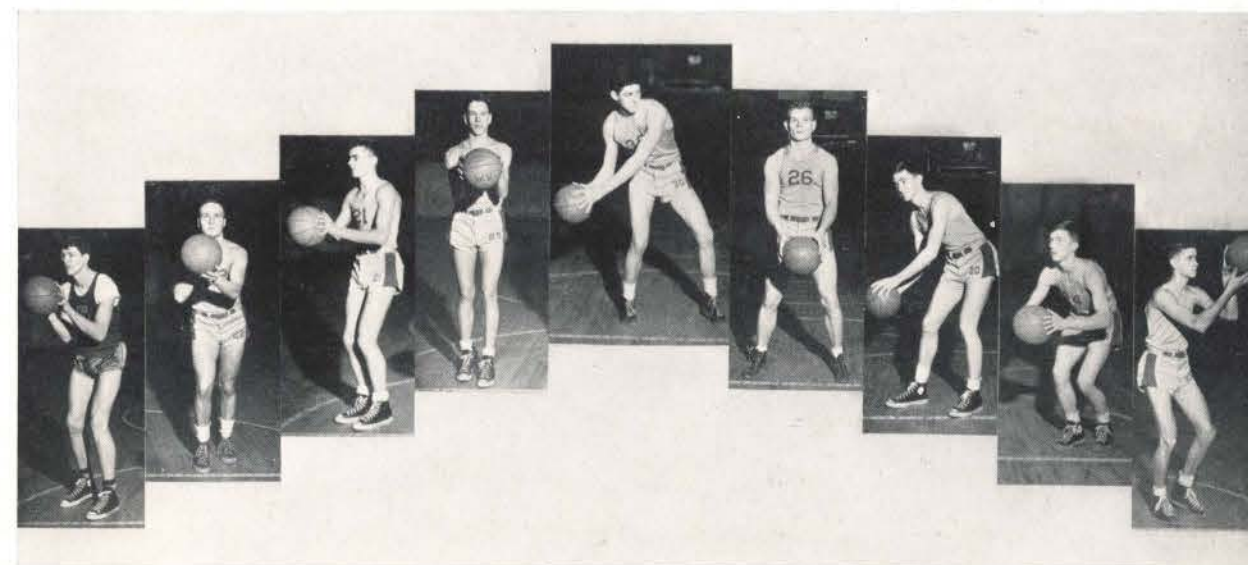

West View again had trouble with last year's

nemesis, Leechburg, and lost two tough games to them. Springdale was another two time victor over the Viewers, but they had no easy time of it.

When at last the basketball season drew to a close for another year, it was found that the Indians had left behind a record of thirteen wins and eight losses, a record identical to that of last year. A highly commendable accomplishment of this year's squad was the fact that the team as a whole topped the 1000 point mark in scoring for the first time.

JUNIOR VARSITY FOOTBALL

This year West View also had a hard-fighting junior varsity football team. Their coach, Mr. Hare, deserves a great deal of credit for the wonderful work he has done with the squad.

Like the varsity, the JVs had long sessions of practice at the high school field. By being near the varsity players they were able to acquire pointers on how to play their positions. The JVs also participated in the same calisthenics as the varsity squad. This helped very much toward their conditioning and playing strength. These are some of the many things a younger player must learn before he is ready for varsity competition.

The first game of the season was played against Avonworth on their field. In this game the JVs put up a gallant fight, but the game ended in favor of a hard-fighting Avonworth

squad 15-7. West View's lone tally was made on a pass to Henry.

The following week West View's JVs traveled to Troy Hill where they played the North Catholic Trojans. Here the JVs were handed their worst rout of the year, 18-0, but the spirit and fight which they displayed throughout the game was to be commended. The next week they invaded their old rivals, Bellevue, and played a superb game. Fischer, Barnhart, Turjack, and Alexander scored for the West View gridders in the complete subduing of Bellevue, 31-0. For the last game of the season the JVs played Shaler on the latter's field. The JVs fought savagely but lost a heart-breaker to their opponents. The final score was Shaler 7, West View 0.

Although the team did not have as good a season in the win and loss percentages as the varsity, they gained a great amount of experience through their games and practice. Watch these boys, because they will be the future stars of West View's varsities.

JUNIOR VARSITY BASKETBALL

West View's Junior Varsity had a winning combination this year, for the JVs produced a record of 17 wins against 2 losses, the best record a junior varsity has yet compiled at West View.

The main purpose of the JV is to help improve and gain needed experience for their future years when they will become varsity players. Mr. Martorelli gave much time and effort toward their improvement.

Speedy Carl Barnhardt played a guard position and dazzled the crowd with his set shots. His running mate at the other guard position was Lyle Bergman, the play-maker of the team. Stan Fischer played during the first of the season, but showed such improvement that

he was moved up to a varsity regular. Bob Stoyer proved to be a capable forward. Norbert Kaylor played at center and was the best jumper on the squad. The other first stringer was tall Tom Gregg, who showed his improvement

by playing brilliantly during the latter part of the season. Other members of the squad were Charles Gorman, Kirk Mitchell, Joe George, Joe Gullo, Wilson Dietrich, and Ed Stockhausen.

With such up and coming stars, our varsity should show much promise in the future.

THE GOLF CHAMPS

D. Fisher, R. Reilly, D. Black, R. McCarthy, D. Howell, Mr. Tiffany

March came! The brisk wind and clear skies were an inviting sight to West View's ambitious golfers who had already shined their slightly rusted clubs. Then swish! A powerful swing. Crack! A little white pellet zipped down the middle of the fairway. This helped West View's mashie wielders battle their way to the section and W. P. I. A. L. Championships. They drove, putt, and sand blasted their way through thirteen straight matches without a defeat. The great feature of West View's success was the ability of a team member to come through with a timely victory when one of his team-mates had an off day.

To make up the team Mr. Tiffany had four holdovers from last year's sectional championship team. The players were: Bob Reilly, Don Black, Don Fisher, and Dick McCarthy. A new-

comer to the squad, Dave Howell, played an important part in West View's triumphs.

Bob Reilly the best golfer ever to attend West View, led the attack. It was his fourth straight year as captain and first man on the squad. Bob also qualified for the state individual tournament, in which he finished in third place. After Bob, Don Black, Dave Howell, Don Fisher, and Rich McCarthy teed off in that order.

The first match of the year the Indians played Baldwin Township at Highland Country Club, the "Viewer's" home course. West View emerged with an overwhelming victory. This was sweet revenge for last year's defeat by Baldwin, which eliminated West View from the championship play-offs. Although hampered by rain and windy weather the Indians continued

their fine playing. The "Viewers" glided to the section championship by two victories, each over Ambridge, Avonworth, Moon, and Sewickley High Schools.

After these victories they traveled to South Hills Country Club to meet Harbrac Union High School in the quarter-finals. Har-Brac had been champs the previous year. The Indians showed the great form that had carried them to the playoffs by trouncing the defending champs. In the semi-final round the "linkers" drew a bye. They were to play the winner of the Greensburg-Baldwin match for the W. P. I. A. L. trophy. Greensburg emerged victorious and were met the following day at Alcoma Country Club by the Indians.

It was a crisp sunny day and the four nerv-

ous Indians stood on a tee while Bob Reilly led off. Then it was a battle for every chip and putt. The match wasn't decided until the final player was on the last green. The score was tied when our reliable Dick McCarthy rang down the curtain on a successful season, with two and one-half points to assure the Viewers victory.

Congratulations to the finest golf team in the annals of West View High School. Let's keep up the good work and add another trophy this year. Good luck to a really great team.

WRESTLING

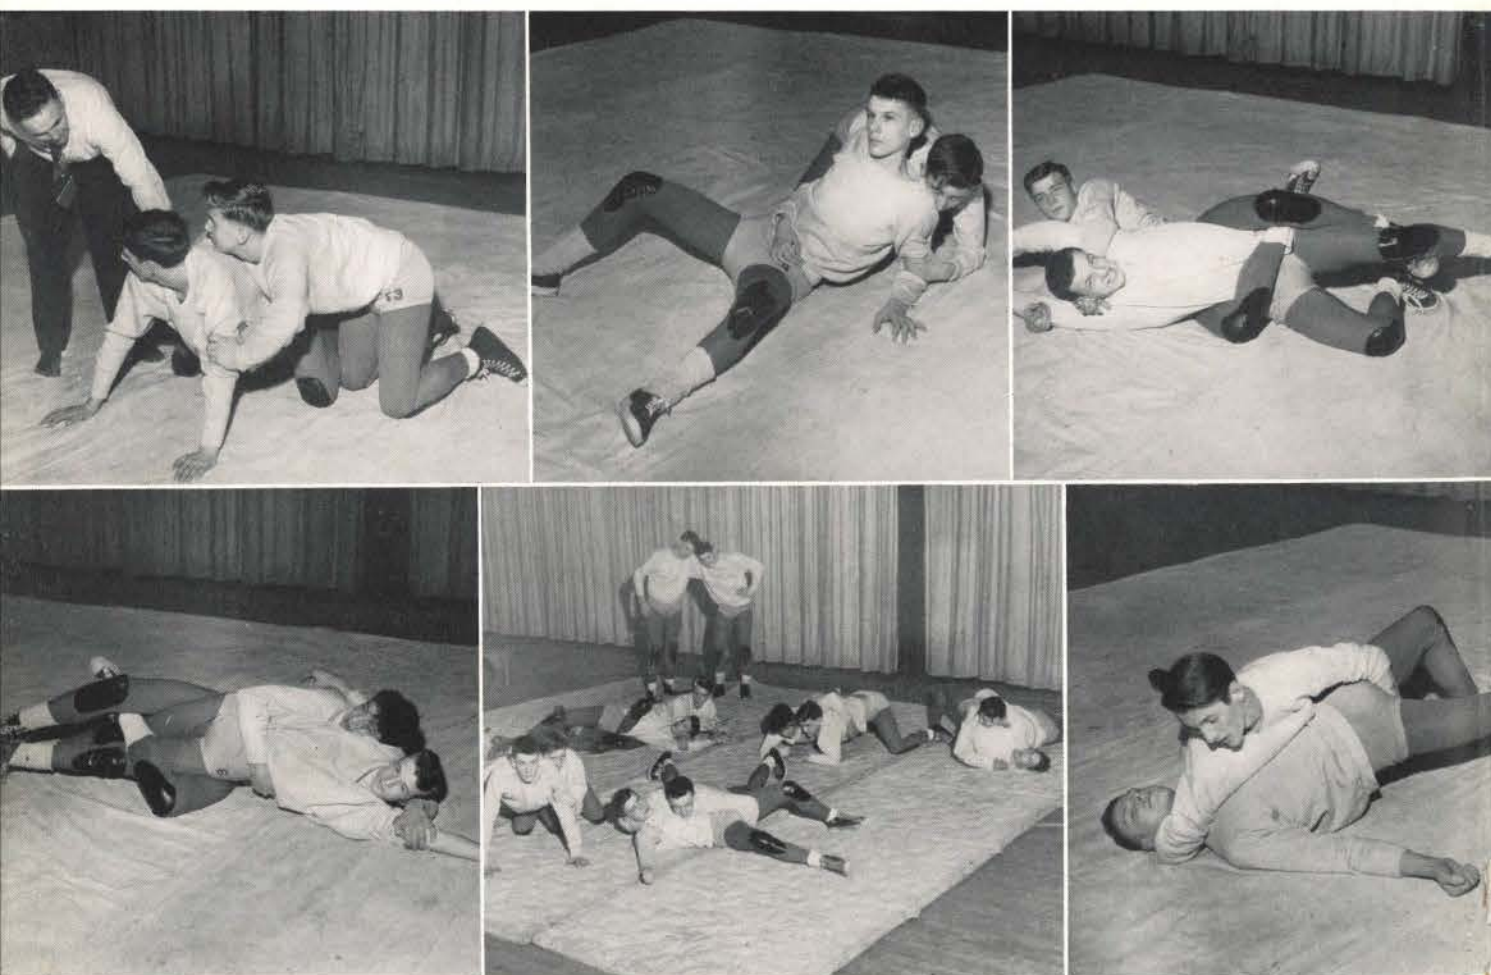

Early in December, Coach Ivor Smith gave his call for recruits. This call was answered by many boys who were ready and waiting to go to work. They underwent weeks of strenuous workouts. Every day you could see the faithful members of the team walking up the hill to the Highland School. They used the Highland gym for their practice sessions. During these sessions coach Ivor Smith taught them many holds and tricks of the wrestling game. His coaching was invaluable to many of the newcomers of the squad. He also gave advanced instruction to the holdovers from the previous years' team. While these practice sessions were being held, many of the wrestlers were keeping in trim by taking their mile run for the day. This also helped some of the grapplers to regulate their weight so that they could comply with the weight standards required to wrestle in a W. P. I. A. L. match.

In the very first match, Waynesburg proved themselves superior with their fast and tricky movements. The boys did not seem to recover from this defeat until they met the McKeesport grapplers on the West View mat. In this match, the West View boys showed the improvement gained in their previous matches by completely outclassing the "Porters" by a lopsided 41 to 9 score. Their next win was over our next door neighbor, Shaler. Having been previously beaten by Shaler, our boys were out for revenge. A close battle was fought with West View coming out on the long end of a 22 to 21 score.

This year, as in previous years, the W. P. I. A. L. held its annual tournament at Waynesburg. Three representatives from West View were entered in the tournament. They were Dale Hauser, our one hundred and three pound grappler, Walt Novak, a capable senior wrestler at one hundred and sixty-five pounds, and

Tony Furgiuele, wrestling at one hundred and twelve pounds. All three won their first match. Then both Dale and Tony were eliminated from the tournament in their second match. Walt Novak continued on to the semi-finals, but he received an injury which forced him to withdraw from the competition. West View is certainly proud of the fellows that competed in this tournament.

Although the season was not a complete success, the boys gained valuable experience and they deserve high acclaim for their fighting spirit. The many senior boys, who will be lost to next year's squad, wish Mr. Smith and the remainder of the team the best of luck in 1950.

BASEBALL - 1948

This year West View had a fine baseball team. Of their thirteen games they were victorious in nine encounters, and in the W. P. I. A. L. league the "Indians" emerged with a slate of seven victories and two defeats.

There were many outstanding players on the squad. Bob Anderson, Tuggy Heintz, and Warren Schomburger showed fine form on the mound with their blinding speed balls and fast breaking curves. Behind the plate receiving these pitches was capable Ed Fullerton. Glenn Beynon held down the first base slot and proved very dangerous at the plate for competing squads. Bill Kuss and Lloyd Murray held down the double play combination at sec-

ond base and shortstop respectively with Bob Fleming alternating. Two of the best fielders on the squad, Tuggy Heintz and John Bruggeman, battled for the "hot corner" and throughout the season they alternated at this position. Ronnie and Warren Schomburger, Roy Tait, Dave Roy and Dick Horst roamed the outfield for the Indians. Dave performed commendably in right field and proved to be one of the most consistent hitters on the squad. Roy Tait, Dave Roy and Dick Horst roamed catches in the outfield and his work greatly helped the Indians. Ronnie Schomburger, the power hitter of the squad, sent many a screaming drive to the deep corners of the park. His speed and long reach proved helpful in center field.

This year, West View is looking forward to another fine season with many of last year's players returning.

"Our Hearts Were Young and Gay"

Ship Ahoy! With the tooting of boat whistles and the waving of hands, as Juniors we shoved off into one of the most enjoyable comedies ever written.

Cornelia Otis Skinner and Emily Kimbrough are aboard a ship bound for Paris. The last warning that Mr. and Mrs. Skinner gave them was not to talk to any strange men. Of course they disregard this and immediately become acquainted with two fellow passengers, Dick Winters and Leo McEvoy. Aboard ship Cornelia demonstrates her dramatic talents to everyone who ventures near their cabin, while Emily spends her time getting into one mix-up after another. The fun continues during their summer in Paris. Here Cornelia studies drama while Emily finds what it is like to be "engulfed" by a kiss.

Under the able supervision of Miss Delp, the entire cast worked hard and the play was an overwhelming success.

"Night Must Fall"

Eeek! Murder!!

On March 23 and 25, the Senior Class stepped aside from the usual path of the light-hearted comedy and took a journey into suspense. Everyone's spine tingled as they watched "Night Must Fall" in which,

Dan, a bellboy in a resort hotel remotely located in Essex, England, pretending to be in love with Dora Parkoe, maid of Mrs. Bramson, is summoned to the Bransom Cottage. Such is his charm that Mrs. Bransom is immediately taken with him and adds him to her household servants. The murder of a guest at the hotel is traced to Dan by Olivia, an unhappy niece of Mrs. Bramson's, who elects to shield the boy. Dan, powerless in the grip of his homicidal instincts, plots the murder of Mrs. Bramson for her money. The police arrive in the nick of time and prevent him from killing Olivia also.

The play, unusual for the fact that it required English accents of all the characters, was beautifully presented by the cast. Under the skilled direction of Mr. Craig the cast wove it into a web of intrigue and suspense.

The play was well received by the audience on both evenings, and Friday night's performance played to a capacity house. A student matinee was given on Thursday afternoon, March 24.
