

Semi-Automated Trash and Recycling Collection Coming Soon

Dear Borough of West View Resident,

During the week of December 4, each residence will be provided a 96-gallon cart for trash and a 64-gallon cart for recycling. Your current unlimited collection service will remain through January 2024.

Once semi-automated collection begins, all materials must fit inside the WM trash or recycling cart with the lid firmly closed - no extra bags, materials outside the cart, or resident-owned containers will be collected.

WM is excited to provide the residents in the Borough of West View with semi-automated collection.

See the back side for more information.

Important Cart Placement Information

Cart delivery will take place the week of December 4. Once delivered, use only the WM provided carts for trash and recycling. Beginning in February, no materials outside the carts or resident-owned containers will be collected. Your trash and recycling will continue to be picked up on your regular service day.

Residents should place their new trash and recycling carts where they currently place their materials for collection. Our teams will provide service with semi-automated collection.

Cart Information:

Recycling cart with blue lid - use only the 64-gallon cart with the blue lid for recycling. Please break down cardboard and place it inside the recycling cart. No materials outside the cart will be collected. Materials should not be bagged.

Trash cart with black lid - bag and tie trash inside your trash cart. No materials outside the cart will be collected.

Have your carts at the curb after 6:00p.m. the night before or **no later than 6:00 a.m.** on your collection day.

Want to see the carts?

A sample of the new trash and recycling carts will be on display at the Borough Building for residents.
